Holes Dec 23 2021 Stanley Yelnat's family has a history of bad luck going back generations, so he is not too surprised when a miscarriage of justice sends him to Camp Green Lake Juvenile Detention Centre. Nor is he very surprised when he is told that his daily labour at the camp is to dig a hole, five foot wide by five foot deep, and report anything that he finds in that hole. The warden claims that it is character building, but this is a lie and Stanley must dig up the truth. In this wonderfully inventive, compelling novel that is both serious and funny, Louis Sachar has created a masterpiece that will leave all readers amazed and delighted by the author's narrative flair and brilliantly handled plot.

Speak May 16 2021 The extraordinary, groundbreaking novel from Laurie Halse Anderson, with more than 2.5 million copies sold! The first ten lies they tell you in high school. "Speak up for yourself-we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She

speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. Speak was a 1999 National Book Award Finalist for Young People's Literature.

Not just a list of questions and answers, the skill of question selection and difficulty level has all been done for you.-----

----- Each quiz contains a picture round, 30 questions of increasing difficulty, an additional tie-breaker, if required, a bonus option to link to 10 music round questions on Spotify and a 'Family Fortunes' type Survey Said sheet for use during the break of your quiz. I've even provided the blank answer sheet for your quizzers to write on! I hope my knowledge and expertise can revitalise your quizzes, whether they are for a one off event, or regular use. If you are presenting a quiz I understand how meticulously researched, well phrased questions and answers can help the cause. The answers to the questions are purposely included directly below the corresponding question, as this makes things much easier when reading out the answers to your quiz. A typical example of the quiz structure contained in this book is below.-----

Picture Round: 10-12 questions in each, on most occasions the answers to these should be written on the blank 50 question answer sheet. Teams can compete this to get them settled as they arrive.-----

----- Questions 10 - 20: Easier questions designed to give your teams some confidence and even raise some laughs. Questions 21 - 30: Medium difficulty questions, some of these may include a multiple choice element.-----

----- Questions 31 - 40: Music Round: I have added a direct link to my Spotify playlist with 10 songs for each music round and within your answer sheet, the name of the artist and song (I offer half a point for the artist and half a point

for the name of the song.)----- Questions 41 - 45: Harder questions which teams will find much more challenging.-----

----- Questions 46 - 50: 'The Wipeout Round' or 'Double or Quits'. It is suggested that in this section, you inform teams that each question is worth 2 points, however if one question is answered incorrectly the team 'wipes-out' and scores no points for the round, questions can however be missed out with no penalty (just receiving no points for that particular question.)----- 'Our Survey Said': A little like 'Family Fortunes' it's always a good idea to give these out if you have a break to keep customers busy. Alternatively you can use them as part of your quiz if your wish. We asked 100 people in the UK to name something in 5 different categories. For each of these categories, can you give the 5 most popular answers they came up with?

Hoot Apr 14 2021 Hilarious, touching and thought-provoking, Hoot is a modern classic, now celebrating its fifteenth anniversary. Winner of the Newbery Honor award and a New York Times bestseller, Carl Hiaasen's first novel celebrates the natural world with his trademark wit and warmth. Roy Eberhardt never wanted to move to Florida. In his opinion, Disney World is an armpit. Roy's family moves around a lot so he's used to the new-kid drill - he's also used to bullies like Dana Matherson. And anyway, it's because of Dana that Roy gets to see the mysterious running boy who runs away from the school bus and who has no books, no backpack and, most bizarrely, no shoes. Sensing a mystery, Roy starts to trail the mystery runner - a chase that will introduce him to many weird Floridian creatures: potty-trained alligators, cute burrowing owls, a fake-fart champion, a shoeless eco-warrior, a sinister pancake PR man, new friends and some snakes with sparkly tails. As the plot thickens, Roy and his friends realise it's up to them to save the endangered owls from the evil Mother Paula's pancake company who are planning to build a new restaurant on their home . . .

Factfulness Jan 24 2022 INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." - Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only

he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time

instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.
