Rise Up, Women! Jun 22 2019 The suffragette movement shattered the domestic tranquillity of Edwardian England. This book is an original and searching study of the formidable organization which led this campaign: the Women's Social and Political Union. With the use of previously unpublished correspondence of Mrs Emmeline Pankhurst, her colleagues and such political leaders as Asquith, Balfour and Lloyd George, the author views the development of ever more extreme and violent forms of militancy not as a series of amusing exploits and incidents but as the carefully calculated political strategy the suffragettes intended it to be. He examines the reasons for the remarkable effectiveness of militant tactics in making women's enfranchisement a political issue of central importance, and shows why militancy failed to secure this right prior to the outbreak of war in August 1914. He assesses, too, the influence of the vast social and political changes wrought by the war on the ultimate success of the campaign in 1918.

The Complete Book Of Running For Women Aug 17 2021 More women than ever are discovering the unique benefits of running -- for stress relief, weight management, endurance, and self-esteem. Women's bodies are not the same as men's, and though we can train just as hard and with the same passion for excellence, we have certain special concerns. Finally, there is a comprehensive guide exclusively for women who experience the pure joy of running, or want to. It's the simplest, fastest, most accessible way to fitness and good health known to woman. You don't need a partner, equipment, or even much time. Now, Claire Kowalchik, former managing editor of Runner's World magazine, answers every question about the overwhelmingly popular activity that builds endurance, melts fat, and even prevents illness. In this total running book for women, you'll learn: How to get started and stay motivated What to eat for optimal nutrition How to run during pregnancy and after menopause Why running is the most effective form of exercise How to prevent and treat injury What to wear -- from sports bras to running shoes How to prepare for everything from a 5K to a marathon Authoritative and friendly, *The Complete Book of Running for Women* is a sourcebook for both beginners and long-time runners. Along with wisdom drawn from the author's personal experience, you'll find advice from the experts: coaches, exercise physiologists, nutritionists, doctors, and other women runners. Including question-and-answer sections and a complete list of resources, *The Complete Book of Running for Women* tells you everything you need to know to be off and running toward better health and richer living.

The Education of a Christian Woman Sep 29 2022 "From meetings and conversation with men, love affairs arise. In the midst of pleasures, banquets, dances, laughter, and self-indulgence, Venus and her son Cupid reign supreme. . . . Poor young girl, if you emerge from these encounters a captive prey! How much better it would have been to remain at home or to have broken a leg of the body rather than of the mind!" So wrote the sixteenth-century Spanish humanist Juan Luis Vives in a famous work dedicated to Henry VIII's daughter, Princess Mary, but intended for a wider audience interested in the education of women. Praised by Erasmus and Thomas More, Vives advocated education for all women, regardless of social class and ability. From childhood through adolescence to marriage and widowhood, this manual offers practical advice as well as philosophical meditation and was recognized soon after publication in 1524 as the most authoritative pronouncement on the universal education of women. Arguing that women were intellectually equal if not superior to men, Vives stressed intellectual companionship in marriage over procreation, and moved beyond the private sphere to show how women's progress was essential for the good of society and state.

Free Women, Free Men May 14 2021 Ever since the release of her seminal first book, *Sexual Personae*, Camille Paglia has remained one of feminism's most outspoken, independent, and searingly intelligent voices. Now, for the first time, her

best essays on the subject are gathered together in one concise volume. Whether she's calling for equal opportunity for American women (years before the founding of the National Organization for Women), championing a more discerning standard of beauty that goes beyond plastic surgery's quest for eternal youth, lauding the liberating force of rock and roll, or demanding free and unfettered speech on university campuses and beyond, Paglia can always be counted on to get to the heart of matters large and small. At once illuminating, witty, and inspiring, these essays are essential reading that affirm the power of men and women and what we can accomplish together.

Women & the Nation's Narrative Dec 29 2019 This book explores the development of nationalism in Sri Lanka during the past century, particularly within the dominant Sinhala Buddhist and militant Tamil movements. Tracing the ways women from diverse backgrounds have engaged with nationalism, Neloufer de Mel argues that gender is crucial to an understanding of nationalism and vice versa. Traversing both the colonial and postcolonial periods in Sri Lanka's history, the author assesses a range of writers, activists, political figures, and movements almost completely unknown in the West. The breadth of topics examined here will make this work a valuable resource for South Asianists as well as for scholars in a wide range of fields who want to consider the ways in which gender inflects their areas of research and teaching.

Redressing the Past Aug 05 2020 Redressing the Past argues that early English-Canadian women's drama expresses the conflict between equality feminism and maternal feminism: on the one hand these works represent women's social and political emancipation; on the other, they affirm patriarchal structures and the status quo. This study calls into question what traditionally constitutes drama by treating plays written in non-canonical forms, mounted in non-professional venues, and published by marginal presses - or not at all - as important literary, theatrical, and historical documents.

Women, Peace and Security in Myanmar Jun 14 2021 This book describes women's efforts as agents for change in Myanmar and examines the potential of the peace process as an opportunity for women's empowerment. Following decades of political turbulence, the volume describes the contributions of women in Myanmar in the midst of a difficult peace process and reflects on the significance of the Women, Peace and Security agenda in this context. The book examines how women have mobilized for peace, while also addressing women's participation in the conflict, and investigates the perspectives and aims of women's organizations and the challenges and aspirations of women activists in Myanmar's ethnic areas. Contributions in the volume discuss and critically assess the argument that war and peacebuilding add momentum to the transformation of gender roles. By presenting new knowledge on women's disempowerment and empowerment in conflict, and their participation in peacebuilding, this book adds important insights into the debate on gender and political change in societies affected by conflict. This book will be of interest to students of peace and conflict studies, gender studies and security studies in general.

The Awakened Woman Nov 07 2020 Winner of a 2017 NAACP Image Award for Outstanding Literary Work, this moving manifesto “empowers women to access a fearlessness that will enable community progress” (Essence). Through one incredible woman’s journey from a small Zimbabwe village to becoming one of the world’s most recognizable voices in women’s empowerment and education, this book “can help any woman achieve her full potential” (Kirkus Reviews). Before Tererai Trent landed on Oprah’s stage as her “favorite guest of all time,” she was a woman with a forgotten dream. As a young girl in a cattle-herding village in Zimbabwe, she dreamed of receiving an education but instead was married young and by eighteen, without a high school graduation, she was already a mother of three. Tererai encountered a visiting American woman who assured her that anything was possible, reawakening her sacred dream. Tererai planted her dreams deep in the earth and prayed they would grow. They did, and now not only has she earned her PhD but she has also built schools for girls in Zimbabwe, with funding from Oprah. *The Awakened Woman: A Guide for Remembering & Igniting Your Sacred Dreams* is her accessible, intimate, and evocative guide that teaches nine essential lessons to encourage all women to reexamine their dreams and uncover the power hidden within them—power that can recreate our world for the better. Tererai points out that there is a massive, untapped, global resource in women who have, for one reason or another, set aside their wisdom, their skills, and their dreams in order to take care of the personal business of their lives. Not only is this a type of invisible suffering experienced by countless women, this rich resource is a secret weapon for improving our world. Women have the capacity to inspire, to create, to transform—and Tererai’s call to action “shines as a beacon of hope to women everywhere” (Danica McKellar, actress and New York Times bestselling author).

Independent Women Oct 07 2020 Martha Vicinus's subject is the middle-class English woman, the first of her sex who could afford to live on her own earnings 'outside heterosexual domesticity or church governance.' She wanted and needed to work. Meticulous, resonant, original, triumphant, *Independent Women* tells of the efforts and endurance of this Victorian woman; of her courage and the constraints that she rejected, accepted, and created. . . . The independent women are the 'foremothers' of any women today who seeks significant work, emotionally satisfying friendships, and a morally charged freedom."—from the Foreword by Catharine R. Stimpson "Feminist insight combines with vast research to produce a dramatic narrative. *Independent Women* chronicles the energetic lives and imaginative communal structures invented by women who 'pioneered new occupations, new living conditions, and new public roles.'"—Lee R. Edwards, Ms. "Vicinus is to be congratulated for her brave and unflinching portraits of twisted spinsters as well as stolid saints. That she stretches her net up into the '20s and covers the women's suffrage movement is a brilliant stroke, for one may see clearly how it was possible for women to mount such an enormous and successful political campaign."—Jane Marcus, *Chicago Tribune*

Book World "Vicinus' beautifully written book abounds in rich historical detail and in subtle psychological insights in the character of its protagonists. The author understands the complexities of the interplay between economic and social conditions, cultural values, and the aims and aspirations of individual personalities who act in history. . . . A superb achievement."—Gerda Lerner, *Reviews in American History* "Martha Vicinus has with intelligence and energy paved and landscaped the road on which scholars and students of activist women all travel for many years."—Blanche Wiesen Cook, *Women's Review of Books* "Independent Women can be read by anyone with an interest in women's history. But for all contemporary women, unconsciously enjoying privileges and freedoms once bought so dearly, this book should be required reading."—Catharine E. Boyd, *History*

Making Women's Medicine Masculine Mar 31 2020 Using sources ranging from the famous 12th-century female practitioner, Trotta of Salerno, through to the great tomes of Renaissance male physicians, this is a pioneering study challenging the common belief that, prior to the 18th century, men were never involved in any aspect of women's healthcare in Europe.

No Nation for Women Mar 12 2021 *No Nation for Women* takes a hard, close look at what makes India unsafe for its women — from custodial rapes and honour killings to rapes of minors and trafficking — the author uncovers many unpalatable truths behind what we are familiar with as newspaper headlines only... Numbers convey, in part, why India is referred to as one of the world's rape capitals — one woman is raped every 15 minutes; and, in 50 years, there has been a staggering rise of 873 per cent in sexual crimes against girls. And beyond the numbers and statistics, there are stories, often unreported — of women in Damoh, Madhya Pradesh, who are routinely raped if they spurn the advances of men; of girls from de-notified tribes in central India who have no recourse to justice if sexually violated; of victimized lower-caste girls in small-town Baduan, Uttar Pradesh; of frequent dislocation faced by survivor families in West Bengal; of political wrath turning into rape in Tripura. Priyanka Dubey travels through large swathes of India, over a period of six years, to uncover the accounts of disenfranchised women who are caught in the grip of patriarchy and violence. She asks if, after the globally reported December 2012 gang-rape of 'Nirbhaya' in New Delhi, India's gender narrative has shifted — and, if it hasn't, what needs to be done to make this a nation worthy of its women.

The Art of War for Women Oct 19 2021 Forget everything you think you know about strength, strategy and success. This brilliant adaptation of the ancient masterpiece *The Art of War* shows women how to use Sun Tzu's philosophy to win in every aspect of life. Would you like to transform your weaknesses into strengths? Succeed at work without compromising your ethics? Integrate your style and personal philosophy into every action you take? If so, this book is for you. In *The Art of War for Women*, bestselling author Chin-Ning Chu brings the eternal wisdom of philosopher-general Sun Tzu to women

looking to gain a better understanding of who they are--and, more importantly, who they want to be. Although Sun Tzu's book is about the application of strategies and determining the most efficient way of gaining victory with the least amount of conflict, every one of those strategies begins with having a deep understanding of the people and the world around us. They also require us to understand ourselves--our strengths and weaknesses, our goals and fears. In other words, the aim is not to apply a series of rules coldly and dispassionately, but rather to integrate ourselves and our unique talents into the strategies we will employ. This is not a feel-good book. (But you will feel good after reading it.) It is not a motivational book. (But you will be motivated to achieve what you want, once you are done.) Ultimately, its purpose is to provide women with the strategies we all need to overcome the obstacles that stand in the way of our goals and dreams. Sun Tzu's Art of War is the most influential book on strategy ever published, selling tens of millions of copies worldwide in several editions. Written by one of today's foremost authorities on Sun Tzu, *The Art of War for Women* is sure to become a classic in its own right.

The Origins of Modern Feminism Jul 24 2019 This comparative study analyses the emergence of feminist movements and their differing characters in Britain, France and the United States. Jane Rendall examines the social, economic and cultural

factors which affected women's status in society, and led some women to act, individually and collectively, to seek to change it. The Enlightenment emphasis on women's 'nature' and the evangelical stress on the moral potential of women contributed to a framework of ideas which could be used by conservatives and by feminists. Among the middle classes, discussion focused on the need to improve women's education and on the strengths and limitations of domesticity. Patterns of paid employment for women were shifting, and Jane Rendall suggests that the weak position of women in the labor market during the early stages of industrialisation restricted their ability to associate together. Yet involvement in religious, political and philanthropic movements could provide a means by which women might come together to identify their common concerns and learn the necessary political skills. Jane Rendall places the origins of feminism in the broader context of social and political change in the nineteenth century, looking both at the changing relationship between paid work and domestic life and at the links between feminism and class and political conflict in three different societies.

Fit Work for Women Jun 02 2020 This book presents a collection of papers which discuss the origins of the domestic ideal and its effects on activities usually undertaken by women: not only on women's wage work, but also on activities either not defined as work or accorded an ambiguous status. It discusses the formation of the ideology of domesticity, philanthropy and its effects on official policy and on women, landladies in the nineteenth and twentieth centuries, working-class radical suffragists, and Labour Party and trade union attitudes to feminists. Modern society of 1979, when the book was first published, is analysed in a discussion of militancy and acquiescence among women wage workers, a look at how and why the legal system reinforces activity specialisation according to gender, and an examination of why both pre-pre-war capitalism and the modern Welfare State have been unable to meet the needs of dependents. This collection reflects the increasing recognition that in order to understand women's roles today, it is necessary to examine not only their current manifestations, but also their origins and early development.

From Women to the World Jan 10 2021 Acclaimed writer Elif Shafak writes a letter to Jacinda Ardern, Prime Minister of New Zealand after the Christchurch attack. Actress Yasmine AlMassri pens a poem about war for her mother. Activist and TV presenter June Sarpong addresses designer Diane Von Furstenberg. These are a few of the moving and insightful letters that make up *From Women to the World*, a book by journalist, author and executive Elizabeth Filippouli, which brings together letters from a global group of accomplished women - politicians, royalty, actors, writers, activists and more – every one addressed to a woman who means something to each of them. The results are extraordinary, heartfelt letters to historical figures, mentors, family members or inspiring ordinary people. Each is based on these women's personal histories and experiences, drawing attention to social issues such as homelessness, war, LGBT activism, mental health care or the plight of international refugees. *From Women to the World* is more than a simple collection of letters - it is a

book that shows a new model of leadership based on emotional intelligence and demonstrates how we have the wisdom to inspire, motivate and reinvent our world.

Medicines For Women Sep 25 2019 In this definitive new text, the major medicines, devices and vaccines used by women worldwide are brought together for the first time in a single volume. Written and edited by international experts with an evidence-based approach, the book offers a comprehensive summary of all the key areas of women's medicines. In the first part, issues relating to female drug exposure and considerations for prescribing for subgroups of women - for example during pregnancy and lactation - are presented in the context of contemporary clinical practice. In the second part, specific groups of pharmaceutical products are reviewed, including oral contraceptives, emergency contraception, treatment of chronic pelvic pain, hormone replacement therapy, bisphosphonates, herbal medicines for women, contraceptive devices and human papilloma virus (HPV) vaccines. Every chapter reviews and summarises the efficacy and safety of each group of products and concludes with a useful set of clinical take home messages. In the third part, broader perspectives are presented - from a primary care overview of prescribing for women, through to regulatory, political and religious aspects, including issues with women's medicines in developing countries. The final two chapters focus on risk communication and conclude that women themselves should be placed at the centre of all discussions about their medicines. The book is aimed at prescribers, other healthcare professionals and students in the field of women's health throughout the world. It is an extremely valuable resource for all in clinical practice, for students of medicine, nursing, pharmacy and related sciences, and also for those in medicines regulation, pharmacovigilance and the pharmaceutical industry.

A Vindication of the Rights of Woman May 26 2022 Published in the year 1792, 'A Vindication of the Rights of Woman' is a long feminist essay by the renowned writer Mary Wollstonecraft. Written with a very strong take on women's rights, this essay has till date been read, appreciated by students teachers and scholars. It has been creating strong roots for feminism world wide.

The Subjection of Women Feb 29 2020 "The object of this essay is to explain as clearly as I am able, the grounds of an opinion which I have held from the very earliest period when I had formed any opinions at all on social or political matters, and which, instead of being weakened or modified, has been constantly growing stronger by the progress of reflection and the experience of life: That the principle which regulates the existing social relations between the two sexes- the legal subordination of one sex to the other- is wrong in itself, and now one of the chief hindrances to human improvement ; and that is ought to be replaced by a principle of perfect equality, admitting no power or privilege on the one side, nor disability on the other."--Page 1.

Not Done Yet! May 02 2020 For women over fifty, this invaluable guide combines practical advice, and exercises, and no shortage of sass that will inspire readers to beat ageist limitations and own their careers. Despite advances made by women in the workplace, pay inequity and underrepresentation in top positions are still a reality. And, unfortunately, the situation looks worse for older women, who face what acclaimed author, podcast host, and sought-after coach Bonnie Marcus calls "the double whammy of gendered ageism." As a woman over fifty, you may be wondering if there is anything you can do as you face down diminished responsibilities, decreasing visibility, and the looming specter of being "aged out." In this revelatory, inspiring, and savvy new book, Marcus is out to convince you that, in fact, you can do a whole lot. You can keep your job, advance your career, do the work you love and need to do--and defy all the ageist assumptions that suggest otherwise. In *Not Done Yet!* the realities of ageing in the workplace are not sugar-coated. Straight-talking and savvy, Marcus tells it like it is, and doing so, empowers you to navigate the challenges. She begins by laying out the fears and assumptions that hold women back. Then she shares tips and exercises to stop staying small and stay in the game. Finally, she teaches you how to move from being a sadass to a badass, with practical advice about caring for yourself and fueling your confidence to flourish at work. You are a woman over fifty, and you deserve a seat at the table. You have a wealth of wisdom and experience to offer your workplace. It may feel like the odds are stacked against you, but Bonnie Marcus is here to show you how you can overcome the challenges of gendered ageism. You are not done yet! It is up to you to prove it.

International Women's Rights Law and Gender Equality Oct 26 2019 The law is a well-known tool in fighting gender

inequality, but which laws actually advance women's rights? This book unpacks the complex nuances behind gender-responsive domestic legislation, from several of the world's leading experts on gender equality. Drawing on domestic examples and international law, it provides a primer of theory alongside tangible and practical solutions to fulfil the promise of the law to deliver equality between men and women. Part I outlines what progress has been made to date on eradicating gender inequality, and insights into the law's potential as one lever in the global struggle for equality. Parts II and III go on to explore concrete areas of law, with case studies from multiple jurisdictions that examine how well domestic legislation is working for women. The authors bring their critical lens to areas of law often considered from a gender perspective - gender-based violence, women's reproductive health, labour and gender equality quotas - while bringing much-needed analysis to issues often ignored in gender debates, such as taxation, environmental justice and good governance. Part IV seeks to move from a theoretical goal of greater accountability to a practical one. It explores both accountability for international women's rights norms at the domestic level and the potential of feminist approaches to legislation to deliver laws that work for women. Written for students, academics, legislators and policymakers engaged in international women's rights law, gender equality, government accountability and feminist legal theory, this book has tremendous transformative potential to drive forward legal change towards the eradication of gender inequality.

Outspoken Apr 12 2021 A big think, conversation-changing book, full of practical advice, about how women can learn to claim the power of their voices in the workplace and at home, and what needs to change so they can finally be heard. From the Supreme Court to the conference room to the classroom, women find themselves interrupted much more often than their male counterparts. Worse, a 2015 Yale University study revealed that women executives who spoke more often than their peers were rated 14% less competent, while male executives who did the same thing did enjoyed a 10% competency bump. And a 2016 study from USC found women account for only a third of speaking roles in top U.S. movies. It's undeniable: women's voices aren't being heard—at work, at home, in every facet of their lives. The fault lies not with women, but in a culture that seeks to silence women's voices. However, there are skills every woman can harness to understand her own voice and learn how to use it with confidence. With *Outspoken*, Veronica Rueckert—a Peabody Award-winning former host at Wisconsin Public Radio, trained opera singer, and communications expert—teaches women to speak with the confidence, clarity, and authority that will get them heard. *Outspoken* provides readers with the insight, guidance, and encouragement they need to use their voice to successfully communicate in meetings, around the dinner table, and during future political debates. Written with a warm and engaging tone, brimming with practical advice and accessible stories, *Outspoken* is a substantive yet entertaining analysis of why most males—and many females—don't grant women the power to speak. Most importantly, it includes solutions for change. Positive, confident and supportive, this

welcome and much need guide will help reshape the world and make it better for women—and for everyone.

What Works for Women at Work Sep 05 2020 "Based on interviews with 127 successful working women, over half of them women of color, *What Works for Women at Work* presents a toolkit for getting ahead in today's workplace. Distilling over 35 years of research, Williams and Dempsey offer four crisp patterns that affect working women: Prove-It-Again!, the Tightrope, the Maternal Wall, and the Tug of War. Each represents different challenges and requires different strategies-- which is why women need to be savvier than men to survive and thrive in high-powered careers." --Publisher information.

Lean In Jul 04 2020 Sheryl Sandberg's *Lean In* is a massive cultural phenomenon and its title has become an instant catchphrase for empowering women. The book soared to the top of bestseller lists internationally, igniting global conversations about women and ambition. Sandberg packed theatres, dominated opinion pages, appeared on every major television show and on the cover of *Time* magazine, and sparked ferocious debate about women and leadership. Ask most women whether they have the right to equality at work and the answer will be a resounding yes, but ask the same women whether they'd feel confident asking for a raise, a promotion, or equal pay, and some reticence creeps in. The statistics, although an improvement on previous decades, are certainly not in women's favour – of 197 heads of state, only twenty-two are women. Women hold just 20 percent of seats in parliaments globally, and in the world of big business, a meagre

eighteen of the Fortune 500 CEOs are women. In *Lean In*, Sheryl Sandberg – Facebook COO and one of Fortune magazine's Most Powerful Women in Business – draws on her own experience of working in some of the world's most successful businesses and looks at what women can do to help themselves, and make the small changes in their life that can effect change on a more universal scale.

How To Say It for Women Oct 31 2022 An expert on professional communications teaches women how to transform themselves by shedding weak phrases, gestures and words, in order to command respect, motivate, establish authority, and make a difference.

Marathon Woman Dec 21 2021 In 1967, Kathrine Switzer was the first woman to officially run what was then the all-male Boston Marathon, infuriating one of the event's directors who attempted to violently eject her. In one of the most iconic sports moments, Switzer escaped and finished the race. She made history—and is poised to do it again on the fiftieth anniversary of that initial race, when she will run the 2017 Boston Marathon at age 70. Now a spokesperson for Reebok, Switzer is also the founder of 261 Fearless, a foundation dedicated to creating opportunities for women on all fronts, as this groundbreaking sports hero has done throughout her life. “Kathrine Switzer is the Susan B. Anthony of women's marathoning.”—Joan Benoit Samuelson, first Olympic gold medalist in the women's marathon

100 Questions about Women and Politics Jul 28 2022 Both yesterday's suffragists and today's feminists have battled for women to vote and hold office, and their successes have made it possible for countries such as Argentina, Brazil, Germany, Iceland, Liberia, and the United Kingdom to have female heads of state. Despite these notable advances, women are still largely underrepresented in parliaments and governments around the world. Why, after so many years of

feminist struggle, are women still obstructed from full political citizenship by a glass ceiling? Manon Tremblay's *100 Questions about Women and Politics* discusses electoral politics in Canada and abroad, focusing on women's rights to vote and run for office in legislative elections, political parties, voting systems, electoral quotas for women, and participation in parliaments and governments. Against a background of observations taken from academic research, Tremblay uses an innovative approach by dividing her book into 100 questions and answers to address a range of important issues. Are electorates sexist or lesbophobic? Are family responsibilities a real obstacle to women's engagement in politics? What strategies are available to increase the number of female politicians? Are gender quotas democratic? Once elected to office, do women represent women? How does women's political citizenship in Canada compare to that in other countries? A timely book on the unfinished work of representative democracy, *100 Questions about Women and Politics* takes a comprehensive yet concise approach to demystifying the major issues dominating the study of gender and government.

Women's Political Participation and Representation in Asia Jan 22 2022 The ability of a small elite of highly educated, upper-class Asian women to obtain the highest political positions in their country is unmatched elsewhere in the world and deserves study. But there is a marked lack of relevant research as well as of comprehensive and user-friendly texts. Aiming to fill the gap is this timely and important study of the various obstacles and opportunities for women's political participation and representation in Asia.
