**Modern Genocide: The Definitive Resource and Document Collection [4 volumes]**  
Jun 25 2022 This massive, four-volume work provides students with a close

examination of 10 modern genocides enhanced by documents and introductions that provide additional historical and contemporary context for learning about and understanding these tragic events. • Provides a comprehensive examination of 10 modern genocides together in a single reference work, written by experts to be easily readable by advanced high school, undergraduate, and graduate students • Includes a collection of documents with each genocide section that also contains appropriate introductions to set the historical and contemporary context • Addresses not only the sobering reality of these different modern genocides but the pervasive, long-term consequences and impact on the communities affected by them • Supplies Analyze sections that allow for critical thinking while providing readers with insight into some of the most controversial and significant issues involving genocide • Serves as a gateway to further explorations regarding questions on genocide prevention, intervention, and the delivery of humanitarian aid

*The French Revolution* Feb 21 2022 presented alongside those of sans-culottes; the histories of women, peasants, and the free blacks and slaves of Saint Domingue are represented, as are the testimonies of revolutionaries and counter-revolutionaries alike. Documents range from political pamphlets, decrees by legislative bodies, and police reports to popular petitions from the countryside and popular literature from the period.

Short narrative histories ... provid[e] students with a context in which to evaluate the documents. [This book is

**Learning Technologies and Systems** Dec 07 2020 This book constitutes the refereed conference proceedings of the 19th International Conference on Web-Based Learning, ICWL 2020, and 5th International Symposium on Emerging Technologies for Education, SETE 2020, held in Ningbo, China in October 2020. Together for the ICWL 2020 Conference and SETE 2020 Symposium 39 full papers were accepted together with 31 short papers out of 233 submissions. The papers focus on the following subjects: Semantic Web for E-Learning, through Learning Analytics, Computer-Supported Collaborative Learning, Assessment, Pedagogical Issues, E-learning Platforms, and Tools, to Mobile Learning and much more.

Rolf Ricke collection Feb 27 2020 Berlin gallerist Rolf Ricke has been unleashing influential American artists like Richard Artschwager, Jo Baer, Donald Judd, Lee Lozano, Steven Parrino, Richard Serra, Jessica Stockholder and Barry Le Va on Europe since the 1960s. A 1965 trip to New York opened his eyes to the creative ferment happening there, and inspired him to import the artists themselves, to create new work for his Berlin-based gallery, rather than simply borrowing existing pieces. It was a savvy move. Through the decades, he formed relationships with these artists and

acquired a stellar collection of works. The Rolf Ricke Collection, which is being exhibited at three major European museums in 2008, represents four decades of work by predominantly American artists. This accompanying publication is a trove, showcasing Ricke's 150-piece collection and putting it in context with an illustrated timeline of 40 of the richest years of art history.

Best Practices in Social Studies Assessment Nov 18 2021 The importance of social studies assessment is beyond question. The National Council of the Social Studies' C3 Framework recognizes the importance of high-quality assessments—its major objective, a “deep understanding of the sociocultural world,” has as its underpinning the idea that students must be able to investigate the world, and that teachers much be able to assess their understanding of it. However, there is a comparative dearth of research that focuses on effective social studies assessment, particularly with regard to the impact of teacher practice on the development of best practices. Such research is vital to moving social studies away from an emphasis on testing and more towards using assessment as a means of educating our students. In *Best Practices of Social Studies Assessment*, we focus on an essential question: what is an "effective" assessment? Helping teachers develop practical, creative, curriculum-appropriate strategies is essential, especially in an era in which teachers are faced with the dilemma of creating inquiry-based assessments in the midst of preexisting regimes of standardized summative assessments. In this volume, research conducted between university professors and working teachers is described, focusing on innovative assessment practices. These practices include role-playing activities depicting historical events; Socratic seminars revolving around public policy issues; collaborative

student projects on a wide range of social inquiries, including the implementation of UN programs; and the promotion of critical thinking and writing skills, on subjects as diverse as school violence and the impact of imperialism. These adaptive assessments highlight the essential role of the teacher in creating assessments that blend higher-order critical thinking, complex content knowledge, and an understanding of their own students. The strategies described in this volume focus on the ability of expert educators to “[acknowledge] the structures, power, and consequences of high-stakes testing regimes while simultaneously designing and sustaining classroom assessment methods that embody the social-participatory nature of learning and reflect research on effective practice” (p. 289). The volume also describes the shared characteristics of the teachers who created these assessments, especially their emphasis on self-reflection and student autonomy, as well as their professional willingness to take on challenges associated with performance-based assessments, even in the face of institutional pressures and external demands.

Constructing the Persuasive Portfolio Aug 23 2019 Constructing the Persuasive Portfolio helps you learn the art of designing a compelling and effective architectural portfolio. Margaret Fletcher categorizes the architectural portfolio design process into a step-by-step method that you can manage and understand. The full-color book includes

400 portfolio examples from 55 designers, along with more than 50 diagrams, and a set of 48 design actions that are marked throughout. You will learn how to: -Identify your readership -Collect, document, and catalog your work -Organize your portfolio - Visually structure your portfolio -Design your layout -Manage both printed and digital portfolio formats As your ultimate persuasive tool, your portfolio is the single most important design exercise of your academic and professional career. Constructing the Persuasive Portfolio shows you everything you need to know to create your portfolio and is the only portfolio design book you will ever need!

Document Analysis and Recognition – ICDAR 2021 Workshops Apr 11 2021 This book constitutes the proceedings of the international workshops co-located with the 16th International Conference on Document Analysis and Recognition, ICDAR 2021, held in Lausanne, Switzerland, in September 2021. The total of 59 full and 12 short papers presented in this book were carefully selected from 96 submissions and divided into two volumes. Part II contains 30 full and 8 short papers that stem from the following meetings: Workshop on Machine Learning (WML); Workshop on Open Services and Tools for Document Analysis (OST); Workshop on Industrial

Applications of Document Analysis and Recognition (WIADAR); Workshop on Computational Paleography (IWCP); Workshop on Document Images and Language (DIL); Workshop on Graph Representation Learning for Scanned Document Analysis (GLESDO).

*Data Warehousing and Knowledge Discovery* Sep 23 2019 This book constitutes the refereed proceedings of the 8th International Conference on Data Warehousing and Knowledge Discovery, DaWak 2007, held in Regensburg, Germany, September 2007. Coverage includes ETL processing, multidimensional design, OLAP and multidimensional model, cubes processing, data warehouse applications, frequent itemsets, ontology-based mining, clustering, association rules, miscellaneous applications, and classification.

**Introduction to Research in Education** Nov 25 2019 Become a more competent consumer and producer of research with INTRODUCTION TO RESEARCH IN EDUCATION, 9th Edition! Known for its exceptionally clear writing style and comprehensive coverage, this research methods guide helps you master the basic competencies necessary to understand and evaluate the research of others. The authors familiarize you with common research problems in a step-by-step manner through examples that clarify complex concepts, supported by strong end-of-chapter exercises.

This book is a must-read for anyone planning to conduct research or interpret the research of others. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Fast And Furious: A Comprehensive Collection Of U.S. Government Documents To 2017 Jun 13 2021 Over 26,000 total pages .... Background: The Fast and Furious operation was responsible for allowing approximately 2,000 firearms to illegally flow into the hands of criminals, including Mexican drug cartel associates. On December 14, 2010, Customs and Border Patrol Agent Brian Terry, a United States Marine, was killed while on patrol just miles from the Mexican border. The firearms found at the scene were semi-automatic rifles that were allowed to walk as part of Operation Fast and Furious. Congressional Republicans have investigated Fast and Furious since January 2011. Over the course of the investigation, the Justice Department has provided false information, stonewalled document requests, produced scores of blacked-out pages and duplicate documents, and refused to comply with two congressional subpoenas. In August 2012, the U.S. House of Representatives Office of General Counsel filed suit against the Justice Department. On January 19, 2016, United States District Judge Amy Berman Jackson issued her opinion and ordered DOJ release

documents previously withheld under the President's executive privilege claim. On April 8, 2016, DOJ complied with the Judge's order, delivering more than 20,500 pages of documents to the Committee. CONTENTS: Statement of Michael E. Horowitz, Inspector General - Report by the Office of the Inspector General on the Review of ATF's Operation Fast and Furious and Related Matters. September 20, 2012 FACT SHEET: Oversight Committee Schedules June 20 Contempt Vote over Operation Fast and Furious Documents Flash Memorandum: April 14, 2016 To: Republican Members Committee on Oversight and Government Reform From: Chairman Jason Chaffetz Re: Preliminary Update—The Fast and Furious Papers A Review of ATF's Operation Fast and Furious and Related Matters (REDACTED): September 2012 Re-issued November 2012 (Some previously redacted material unredacted) Part I of III Fast and Furious: The Anatomy of a Failed Operation Part I Appendix 1 Part 1/3 - Report "Part I of III: Fast and Furious: The Anatomy of a Failed Operation" Part I Appendix 1 Part 2/3 - Report "Part I of III: Fast and Furious: The Anatomy of a Failed Operation" Part I Appendix 1 Part 3/3 - Report "Part I of III: Fast and Furious: The Anatomy of a Failed Operation" Part I Appendix 2 Part 1/3 - Report "Part I of III: Fast and Furious: The Anatomy of a Failed Operation" Part I Appendix 2 Part 2/3 - Report "Part I of III: Fast and Furious: The Anatomy of a Failed Operation"

Part I Appendix 2 Part 3/3 - Report "Part I of III: Fast and Furious: The Anatomy of a Failed Operation" Part I Appendix 3 - Report "Part I of III: Fast and Furious: The Anatomy of a Failed Operation" Part II of III Fast and Furious: The Anatomy of a Failed Operation Part III of III Fast and Furious: Obstruction of Congress by the Department of Justice The Department of Justice's Operation Fast and Furious: Fueling Cartel Violence The Department of Justice's Operation Fast and Furious: Accounts of ATF Agents ATF Documents related to Operation Fast and Furious - Parts 01 through 14 ATF Documents related to Operation Fast and Furious – Responses A through Q Witnesses and testimonies: The Honorable Charles E. The Cold War: The Definitive Encyclopedia and Document Collection [5 volumes]

Mar 22 2022 This sweeping reference work covers every aspect of the Cold War, from its ignition in the ashes of World War II, through the Berlin Wall and the Cuban Missile Crisis, to the collapse of the Soviet Union in 1991. The Cold War superpower face-off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today. This comprehensive and insightful multivolume set provides authoritative entries on all

aspects of this world-changing event, including wars, new military technologies, diplomatic initiatives, espionage activities, important individuals and organizations, economic developments, societal and cultural events, and more. This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict. The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War, which are followed by some 1,500 entries on key individuals, wars, battles, weapons systems, diplomacy, politics, economics, and art and culture. Each entry has cross-references and a list of books for further reading. The text includes more than 100 key primary source documents, a detailed chronology, a glossary, and a selective bibliography. Numerous illustrations and maps are inset throughout to provide additional context to the material. Includes more than 1,500 entries covering all facets of the Cold War from its origins to its aftermath, including all political, diplomatic, military, social, economic, and cultural aspects Incorporates the scholarship of more than 200 internationally recognized contributors from around the world, many writing about events and issues from the perspective of their country of origin Offers more than 100 original documents—a collection that draws heavily on material from archives in China, Eastern Europe, and the former Soviet Union Provides hundreds of powerful

images and dozens of informative maps detailing specific military conflicts and movements of various groups Includes a detailed chronology of important events that occurred before, during, and after the Cold War

*Drowning in Data?* May 12 2021 *Drowning in Data?* outlines best practices for ongoing assessment that help you both plan instruction for your students and determine how much and how well they are learning.

*Investigating the Cyber Breach* Jul 02 2020 Investigating the Cyber Breach The Digital Forensics Guide for the Network Engineer · Understand the realities of cybercrime and today's attacks · Build a digital forensics lab to test tools and methods, and gain expertise · Take the right actions as soon as you discover a breach · Determine the full

scope of an investigation and the role you'll play · Properly collect, document, and preserve evidence and data · Collect and analyze data from PCs, Macs, IoT devices, and other endpoints · Use packet logs, NetFlow, and scanning to build timelines, understand network activity, and collect evidence · Analyze iOS and Android devices, and understand encryption-related obstacles to investigation · Investigate and trace email, and identify fraud or abuse · Use social media to investigate individuals or online identities · Gather, extract, and analyze breach data with Cisco tools and techniques · Walk through common breaches and responses from start to finish · Choose the right tool for each task, and explore alternatives that might also be helpful

The professional's go-to digital forensics resource for countering attacks right now

Today, cybersecurity and networking professionals know they can't possibly prevent every breach, but they can substantially reduce risk by quickly identifying and blocking breaches as they occur. Investigating the Cyber Breach: The Digital Forensics Guide for the Network Engineer is the first comprehensive guide to doing just that. Writing for working professionals, senior cybersecurity experts Joseph Muniz and Aamir Lakhani present up-to-the-minute techniques for hunting attackers, following their movements within networks, halting exfiltration of data and intellectual property, and collecting evidence for investigation and prosecution. You'll learn how to make the

most of today's best open source and Cisco tools for cloning, data analytics, network and endpoint breach detection, case management, monitoring, analysis, and more. Unlike digital forensics books focused primarily on post-attack evidence gathering, this one offers complete coverage of tracking threats, improving intelligence, rooting out dormant malware, and responding effectively to breaches underway right now. This book is part of the Networking Technology: Security Series from Cisco Press®, which offers networking professionals valuable information for constructing efficient networks, understanding new technologies, and building successful careers.

### **Water-resources Investigations Report** Mar 30 2020

*Test!* Jun 01 2020 Scientists conduct experiments to gather information that will prove or disprove their hypotheses. Chapters explain how experiments are set up with controls and variables, how to write up observations, ways to accurately record data for analysis, and the importance of repeating experiments and comparing results. An example experiment illustrates step by step how students can go about running an experiment for their own science project.

### **World War II: The Definitive Encyclopedia and Document Collection [5 volumes]**

Sep 28 2022 With more than 1,700 cross-referenced entries covering every aspect of World War II, the events and developments of the era, and myriad related subjects as

well as a documents volume, this is the most comprehensive reference work available on the war. • Provides a clear understanding of the causes of World War II, reaching back to World War I and the role of the Western democracies in its origin • Examines home front developments in major countries during the war, such as race and gender relations in the United States • Recognizes the important roles played by women in the war and describes how the United States mobilized its economy and citizenry for total war • Discusses the Holocaust and establishes responsibility for this genocide • Details the changing attitudes toward the war as expressed in film and literature

*Mushroom Book to Collect* Oct 29 2022 Collecting mushrooms can be done all year round. Every nature lover knows that! And with this diary it is now even possible to record the most beautiful finds for all eternity. In this journal the mushroom picker finds room for the most important notes: - The date - The route to the collection point - The type of fungus - found - The description of the fungus and its environment - and of course there is also room for a photo or alternatively a sketch of the fungus. - and of course there is also room for a photo or a sketch of the fungus. Therefore no more finds are forgotten! A great gift for anyone who loves to roam the countryside and pick mushrooms.

**Transactions on Computational Collective Intelligence XXI Jun 20 2019** These transactions publish research in computer-based methods of computational collective intelligence (CCI) and their applications in a wide range of fields such as the semantic Web, social networks, and multi-agent systems. TCCI strives to cover new methodological, theoretical and practical aspects of CCI understood as the form of intelligence that emerges from the collaboration and competition of many individuals (artificial and/or natural). The application of multiple computational intelligence technologies, such as fuzzy systems, evolutionary computation, neural systems, consensus theory, etc., aims to support human and other collective intelligence and to

create new forms of CCI in natural and/or artificial systems. This twenty-first issue contains 7 carefully selected and revised contributions.

**QuarkXPress 5 for Macintosh and Windows** Sep 16 2021 Introduces the desktop publishing program, covering startup, text input, formats, typography, graphics, and color.

**American Civil War: The Definitive Encyclopedia and Document Collection [6 volumes]** Jan 20 2022 This expansive, multivolume reference work provides a broad, multidisciplinary examination of the Civil War period ranging from pre-Civil War developments and catalysts such as the Mexican-American War to the rebuilding of the war-torn nation during Reconstruction.

*The Practice of Enterprise Modeling* Jan 28 2020 This volume constitutes the proceedings of the 10th IFIP WG 8.1 Conference on the Practice of Enterprise Modeling held in November 2017 in Leuven, Belgium. The conference was created by the International Federation for Information Processing (IFIP) Working Group 8.1 to offer a forum for knowledge transfer and experience sharing between the academic and practitioner communities. The 20 full papers and 4 short papers accepted were carefully reviewed and selected from 70 submissions. They include research results, practitioner/experience reports and work-in-progress papers and were presented in 8

sessions covering diverse topics related to enterprise modelling and its application in practice.
