Atlas Shrugged May 15 2021 Author and Rand scholar, Mimi Gladstein, brings the novel sharply into focus in this "Twayne Masterworks" volume. She explores Rand's personal history and the development of her unique philosophy, and takes a look at the critical reception of "Atlas Shrugged" and the overall importance of the work. The second half of the study contains an in-depth summary of the plot and a breakdown of how it fits into several different genres (science fiction, mystery story, Arthurian romance), a detailed reading of every character, and a survey of many of Rand's major and minor themes in the book.

**Ayn Rand & the Prophecy of Atlas Shrugged** Jan 23 2022 The movie companion book to Ayn Rand and the Prophecy of Atlas Shrugged, a feature length documentary film that examines the resurgent interest in Ayn Rand's epic and controversial 1957 novel and the validity of its dire prediction for America. This book picks up where the documentary leaves off, featuring in-depth interviews and insights from 16 personalities, CEO's, educators, journalists, authors, biographers, philosophers, Rand associates, et al. All of them bring deep insight and unique perspective to the subject. Set in what Novelist and philosopher Rand called 'the day after tomorrow,' Atlas Shrugged depicts an America in crisis, brought to her knees by a corrupt establishment of government regulators and businessmen with political pull – the 'looters' and the 'moochers' – who prey on individual achievement. Less a conventional work of fiction than a philosophical manifesto in the form of a romantic novel, over the course of a thousand-plus pages, Atlas tackles no less an essential argument than the one debated by philosophers and theologians since time immemorial: altruism vs. self-interest. Am I my brother's keeper - or not? For Ayn Rand, the answer is an emphatic no. To Rand and the disciples of her Objectivist philosophy, self-sacrifice is as heinous an act as murder....murder of the soul. Upon publication, Atlas Shrugged was widely scorned

by critics for its 'preposterous' plot and one-dimensional characters. Intellectuals and academics from across the ideological spectrum roundly dismissed the new and original philosophy called 'Objectivism' that Rand so compellingly illustrated in the novel. Despite this pummeling, Atlas became a best seller and has remained in print ever selling a healthy 75,000 or so copies each year. Then with the new century, sales began to increase dramatically. In 2007, its fiftieth anniversary year, Atlas sold a record 180,000 copies. Since then Atlas Shrugged – published over a half century ago - has sold over a million copies. Why? Because - as evidenced by pointed and frequent references to Rand and Atlas Shrugged in the media – an increasing number of Americans – right or wrong – see their society devolving into a nightmare scenario like the one Rand projected over a half century ago. Ayn Rand and the Prophecy of Atlas Shrugged looks into Rand's background for the ideas and philosophy that inspired and shaped her novel and seeks to determine whether America is indeed headed for the disastrous outcome she predicted. Writer/Director Chris Mortensen is a television producer and documentary filmmaker whose many programs have appeared worldwide. In the U.S. his documentary subjects have ranged from Field Marshall Bernard Montgomery, Hermann Goering and John Paul Jones to American Gangsters, the HIV crisis and the Iraq War. From Professional Wrestling to Halle Berry to the Suez Canal, his programs have appeared on Discovery, A&E, History Channel, ESPN, Fox Sports, BET, TV One, et al.

**I Am John Galt** Jul 25 2019 Inspired by Ayn Rand's characters in Atlas Shrugged and The Fountainhead, penetrating profiles of both the innovators who move our world forward and those who seek to destroy the achievement of others John Galt, the fictional character from Ayn Rand's bestselling novel, Atlas Shrugged, has come to embody the individualist capitalist who acts in his own enlightened self interest, and in doing so lifts the world around him. Some of today's most successful CEOs, journalists, sports figures, actors, and thinkers have led their lives according to Galt's (i.e., Rand's) philosophy. Now, in I Am John Galt, these inspiring stories are gathered with the keen insight and analysis of well-known market commentator Donald Luskin and business writer Andrew Greta. Filled with exclusive interviews, profiles, and analyses of leading financial, business, and artistic stars who have based their lives, and careers, on the philosophy of the perennially popular Ayn Rand, this book both inspires and enlightens. On the other side are Rand's arch villains? the power-seekers, parasites, and lunatics who would destroy that which the creators and builders make. Who are today's anti-heroes, fighting the creativity of the innovators? Contains insightful interviews, profiles, and analyses of the individuals who have lived by a Randian code to achieve greatness for themselves and others. Offers a probing analysis of those who seek to destroy or undo the achievements of others? from academics, pundits, and government bureaucrats to fraudsters who have wreaked havoc on our world. Engaging and entertaining, I Am John Galt examines how the inspiration that is Galt thrives more than 50 years after publication of Atlas Shrugged. It will spark the interest of Ayn Rand fans everywhere, as well as those seeking a way to succeed in today's turbulent and confusing times.

*For the New Intellectual* Jun 03 2020 Here is Ayn Rand's first non-fiction work—a challenge to the prevalent philosophical doctrines of our time and the “atmosphere of guilt, of panic, of despair, of boredom, and of all-pervasive evasion” that they create. As incisive and relevant today as it was sixty years ago, this book presents the essentials of Ayn Rand's philosophy “for those who wish to acquire an integrated view of existence.” In the title essay, she offers an analysis of Western culture, discusses the causes of its progress, its decline, its present bankruptcy, and points the road to an intellectual renaissance. One of the most controversial figures on the intellectual scene, Ayn Rand was the proponent of a moral philosophy—and ethic of rational self-interest—that stands in sharp opposition to the ethics of altruism and self-sacrifice. The fundamentals of

this morality—"a philosophy for living on Earth"—are here vibrantly set forth by the spokesman for a new class, For the New Intellectual. **Ayn Rand and the World She Made** Oct 27 2019 A New York Times Notable Book A Chicago Tribune Favorite Book of the Year A San Francisco Chronicle Best Book of the Year Ayn Rand's books have attracted three generations of readers, shaped the Libertarian movement, influenced White House economic policies throughout the Reagan years and beyond, and inspired the Tea Party movement. Yet twenty-eight years after her death, readers know very little about her life. In this seminal biography, Anne C. Heller traces the controversial author's life from her childhood in Bolshevik Russia to her years as a Hollywood screenwriter, the publication of her blockbuster novels, and the rise and fall of the cult that worshipped her in the 1950s and 1960s. Based on original research in Russia and scores of interviews with Rand's acquaintances and former acolytes, *Ayn Rand and the World She Made* is a comprehensive and eye-opening portrait of one of the most significant and improbable figures of the twentieth century.

**Judgment Day** Jun 15 2021 The author details his relationship with Ayn Rand, illuminating the tremendous influence of Objectivism on his life and work and the twenty-five year intimate relationship they shared

*The Early Ayn Rand* Mar 01 2020 This remarkable, newly revised collection of Ayn Rand's early fiction—including her previously unpublished short story *The Night King*—ranges from beginner's exercises to excerpts from early versions of *We the Living* and *The Fountainhead*.

*The Penguin Henry Lawson Short Stories* Aug 25 2019 One of the great observers of Australian life, Henry Lawson looms large in our national psyche. Yet at his best Lawson transcends the very bush, the very outback, the very up-country, the very pub or selector's hut he conveys with such brevity and acuity: he make specific places universal. Henry Lawson is too often regarded as a legend rather than a writer to be enjoyed. In this selection Lawson is revealed as an author whose delightful, humorous, wry and moving short stories continue to delight generations of readers. This is the essential Lawson collection - the classic of Australian classics. 'Lawson's sketches are beyond praise.' Joseph Conrad 'Lawson gets more feelings, observation and atmosphere into a page than does Hemingway.' Edward Garnett

*A Study Guide for Ayn Rand's "Atlas Shrugged"* Feb 21 2022

**Ayn Rand's Atlas Shrugged** Sep 30 2022 Since its publication in 1957 *Atlas Shrugged*, the philosophical and artistic climax of Ayn Rand's novels, has never been out of print and has received enormous critical attention becoming one of the most influential books ever published, impacting on a variety of disciplines including philosophy, literature, economics, business, and political science among others. More than a great novel, *Atlas Shrugged* is an abstract conceptual, and symbolic work that expounds a radical philosophy, presenting a view of man and man's relationship to existence and manifesting the essentials of an entire philosophical system - metaphysics, epistemology, politics and ethics. Celebrating the fiftieth year of *Atlas Shrugged's* publication, this companion is an exploration of this monumental work of literature. Contributions have been specially commissioned from a diversity of eminent scholars who admire and have been influenced by the book, the included essays analyzing the novel's integrating elements of theme, plot and characterization from many perspectives and from various levels of meaning.

*Atlas Shrugged*, Ayn Rand Nov 28 2019

**Exploring Atlas Shrugged** Dec 22 2021 Exploring *Atlas Shrugged* is a study and celebration of Ayn Rand's monumental work of philosophy and literature. Younkins appreciates the significance of *Atlas Shrugged* in a wide range of disciplines including philosophy, literature, economics,

and political science.

**The Fountainhead** Apr 25 2022 When *The Fountainhead* was first published, Ayn Rand's daringly original literary vision and her groundbreaking philosophy, Objectivism, won immediate worldwide interest and acclaim. This instant classic is the story of an intransigent young architect, his violent battle against conventional standards, and his explosive love affair with a beautiful woman who struggles to defeat him. This edition contains a special afterword by Rand's literary executor, Leonard Peikoff, which includes excerpts from Ayn Rand's own notes on the making of *The Fountainhead*. As fresh today as it was then, here is a novel about a hero—and about those who try to destroy him.

**The Fountainhead** Mar 13 2021 The story of a gifted architect, his struggle against conventional standards, and his violent love affair

**Who Is John Galt?** Nov 20 2021 In recent press articles and among the general public, there is a sense that Ayn Rand's monumental *Atlas Shrugged* is a prophetic work, accurately predicting the Great Recession and the path on which America's economy and society are set. But *Atlas Shrugged* is a difficult book to read. Many are daunted by its extreme length, Rand's prose style, interminable speeches where the action stops cold, the author's atheism, and the sexuality of its characters. Rand references economists and philosophers such as Smith, Mill, Marx, Nietzsche and Aristotle without attribution. As a result, much of Rand's message goes over the head of the average reader. This makes it difficult for the reader to understand the main point of Rand's book - precisely what is it that happens when Atlas shrugs, and how does a society change over the course of that event? Is it merely fiction, or is Atlas shrugging now? The purpose of this book is to simplify the reader's task in understanding what Rand is saying and the philosophical and economic sources she mined. With increased interest in Rand's book on the part of book clubs, reading circles, and now a three-part movie, this book will aid casual and serious readers, book clubs, high school and college classes, moviegoers, and home-schoolers to master Rand's work. There are 30 chapters, each one matched to the 30 chapters Rand utilized for *Atlas Shrugged*. Each chapter starts with a synopsis and detailed discussion of Rand's source material and the points she wishes to make. There may be one or more essays explaining arcane points of railroading, American society of the Fifties, or historical characters thinly disguised by Rand for the book. Rather than didactically draw open parallels to current events, each chapter closes with discussion topics posed to the reader, class or book club to encourage independent thought. This book will be an outstanding aid to comprehending one of the most discussed books of this era.

**The Literary Ladies' Guide to the Writing Life** May 03 2020 *Nava Atlas* presents twelve celebrated women authors and draws on their diaries, letters, memoirs, and interviews to show how they expressed their views on the subjects of importance to every writer, from carving out time to write, to conquering their inner demons, to developing a "voice," to balancing the demands of family life with needs to write. *Atlas* provides her own illuminating commentary as well and reveals how the lessons of classic women writers of the past still resonate with women writing today.

**Ayn Rand Cult** Jan 11 2021 The author explains the origin of the ideas of Ayn Rand and exposes "Objectivism as a classic cult, unusual because of its overt emphasis on self-interest, rationality, and atheism, but typical of cults in its guru-worship, thought control, trial and excommunication of deviants, and hostility to existing society."--Cover.

**Goddess of the Market** Sep 26 2019 Worshipped by her fans, denounced by her enemies, and forever shadowed by controversy and scandal, the novelist and philosopher Ayn Rand was a powerful thinker whose views on government and markets shaped the conservative movement from its earliest days. Drawing on unprecedented access to Rand's private papers and the original, unedited versions of Rand's journals, Jennifer Burns offers a groundbreaking reassessment of this key cultural figure, examining her life, her ideas, and her impact on conservative political thought.

Goddess of the Market follows Rand from her childhood in Russia through her meteoric rise from struggling Hollywood screenwriter to bestselling novelist, including the writing of her wildly successful *The Fountainhead* and *Atlas Shrugged*. Burns highlights the two facets of Rand's work that make her a perennial draw for those on the right: her promotion of capitalism, and her defense of limited government. Both sprang from her early, bitter experience of life under Communism, and became among the most deeply enduring of her messages, attracting a diverse audience of college students and intellectuals, business people and Republican Party activists, libertarians and conservatives. The book also traces the development of Rand's Objectivist philosophy and her relationship with Nathaniel Branden, her closest intellectual partner, with whom she had an explosive falling out in 1968. This extraordinary book captures the life of the woman who was a tireless champion of capitalism and the freedom of the individual, and whose ideas are still devoured by eager students, debated on blogs, cited by political candidates, and promoted by corporate tycoons.

*Ayn Rand's Anthem* Jun 23 2019 The controversial classic work of one individual's will versus the subjugation of society-now available as a compelling graphic novel. In all that was left of humanity there was only one man who dared to think, seek, and love. He, Equality 7-2521, would place his life in jeopardy. For his knowledge was regarded as a treacherous blasphemy. He had rediscovered the lost and holy word..."I".

**Atlas Shrugged** Jul 05 2020 Ayn Rand's *Atlas Shrugged* is one of the great American novels of the twentieth century. Published in 1957, it continues to sell hundreds of thousands of copies per year. It has inspired millions of readers with its themes of independence and achievement. Its call for freedom has helped create a vibrant movement to promote economic and personal liberty. And it has finally been adapted as a film trilogy. If you love the novel and want to reenter the world Ayn Rand created, to appreciate her literary craft, to relive the drama, to enjoy once again the company of the characters, or to study the ideas, this book is for you. If you have seen the films and are reading the novel for the first time, this book is for you, too. It contains expert analysis of the themes and philosophy, the most complete list of characters, and exclusive material on the films. "As a board member of the Atlas Society and the producer of the *Atlas Shrugged* film trilogy, I am proud to endorse this guide. For nearly fifteen years, David Kelley gave me unflinching support and advice on one attempt after another to create a film adaptation. I was determined to make a film true to the philosophy and story of Ayn Rand's great novel. With David's profound knowledge of the work, his ability to communicate script problems to Hollywood writers and film-makers, and the help of the rest of the TAS team, he was indispensable to that effort. For those who have enjoyed the films and the novel and want to learn more, this book is the single best educator." -John Agliarolo, producer of the *Atlas Shrugged* film trilogy

**Your Guide to Ayn Rand, Atlas Shrugged, and the Fountainhead** Nov 08 2020 Includes a full length biography of Ayn Rand that examines her life, works, philosophy, Objectivism, and legacy. Includes a primer on *Atlas Shrugged* and *The Fountainhead* that will quickly bring readers up to speed on the plots, characters, themes, symbols, and philosophy of Rand's classic novels. Includes pictures of Rand and important people in her life. Includes many of Rand's most famous quotes. Includes a Bibliography for further reading. "Government 'help' to business is just as disastrous as government persecution... the only way a government can be of service to national prosperity is by keeping its hands off." - Ayn Rand The seminal events in Ayn Rand's life occurred when she witnessed firsthand the Bolshevik Revolution and the ultimate Communist victory as a teenager. Rand's experience with the maelstrom of this revolutionary zeal and cultural breakdown greatly contributed toward the formation of Rand's philosophy of objectivism, individualism and anti-religious ideas. During her last year of high school, she was introduced to the history of

the United States and immediately decided to make America her model of what an ideal society should look like. Rand came to the United States as a young woman for a visit in 1925, and, as fate would have it, she never returned to Russia. When Rand first embarked on writing *The Fountainhead*, her first major literary success, she intended to deliver a book that incorporated her philosophies on 20th century society while telling a story that was less politically inclined than her initial novel, *We the Living*, which was set in post-revolutionary Russia and promoted her tough, unwavering stand against communism. In *The Fountainhead*, Rand took many of the seeds of individualism that she sowed in *We the Living*, enhancing and heightening them into her new book's dominant theme. *The Fountainhead* clearly represents Rand's disdain for and rejection of the notion of collectivism, and holds not merely individualism but also objectivism, a philosophy attributed to the writer herself, as components critical to man's ideal state. Her objectivist posture, given its basic foundation in self-service and the belief that the pursuit of one's own happiness alone reigns supreme over any other human activity, was certainly polarizing. Supporters claimed that it was a natural progression from existentialism, while opponents asserted that it was systematically self-interested and therefore bordered on amorality. Rand began her most famous novel, *Atlas Shrugged*, in 1946. The novel consumed her, and in 1951, she moved back to New York City to devote herself to its completion. *Atlas Shrugged* was published in 1957 and is still considered her greatest work, as it touches upon a variety of social and philosophical topics such as metaphysics and epistemology while addressing the more "pop culture" areas of sex and politics. The book also sealed her association with the philosophical concept of Objectivism, which she called a methodology for "living on earth." The Objectivism movement caught fire, inspiring Rand to establish Objectivist periodicals from 1962 to 1976. Though *Atlas Shrugged* had been a popular title when Ayn Rand published it in 1957, it's quite possible that the only reference to it that many Americans heard before 2009 came from the hit series *Mad Men*. However, this staple of conservative and libertarian reader took on new life as the new Obama Administration sought to use government resources to fix financial problems. In 2009, with the global economy hemorrhaging jobs, and Western governments pouring hundreds of billions of dollars in taxpayer money to "bail out" troubled financial firms and large companies, frustrated people and political analysts turned to a book written over 50 years earlier as a guide out of the abyss. Learn about Ayn Rand and her classics like never before.

**Atlas Shrugged** Aug 30 2022 The decisions of a few industrial leaders shake the roots of capitalism and reawaken man's awareness of himself as an heroic being

*The Tuttle Twins and the Search for Atlas* Apr 01 2020 What happens when hard-working people quit? In a world filled with consumers, what happens if the producers give up and leave? And how can people better practice personal responsibility and not have a sense of entitlement about the things they think they deserve? Ethan and Emily Tuttle tackle these questions in their latest adventure, this time as clowns in the visiting circus. Incorporating ideas from Ayn Rand's hit novel "*Atlas Shrugged*", this book shows how things begin falling apart when socialism creeps in. Join the clown twins as they try to figure out where Atlas went - and more importantly, why he left.

**Ayn Rand and the World She Made** Sep 06 2020 Ayn Rand is best known as the author of the perennially bestselling novels *The Fountainhead* and *Atlas Shrugged*. Altogether, more than 12 million copies of the two novels have been sold in the United States. The books have attracted three generations of readers, shaped the foundation of the Libertarian movement, and influenced White House economic policies throughout the Reagan years and beyond. A passionate advocate of laissez-faire capitalism and individual rights, Rand remains a powerful force in the political perceptions of Americans today. Yet twenty-five years after her death, her readers know little about her life. In this seminal biography, Anne C.

Heller traces the controversial author's life from her childhood in Russia during the Bolshevik Revolution to her years as a screenwriter in Hollywood, the publication of her blockbuster novels, and the rise and fall of the cult that formed around her in the 1950s and 1960s. Throughout, Heller reveals previously unknown facts about Rand's history and looks at Rand with new research and a fresh perspective. Based on original research in Russia, dozens of interviews with Rand's acquaintances and former acolytes, and previously unexamined archives of tapes and letters, *AYN RAND AND THE WORLD SHE MADE* is a comprehensive and eye-opening portrait of one of the most significant and improbable figures of the twentieth century.

*Atlas Shrugged* Nov 01 2022 Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged*, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

**Essays on Ayn Rand's *Atlas Shrugged*** Mar 25 2022 This is the first scholarly study of *Atlas Shrugged*, covering in detail the historical, literary, and philosophical aspects of Ayn Rand's magnum opus. Topics explored in depth include the history behind the novel's creation, publication, and reception; its nature as a romantic novel; and its presentation of a radical new philosophy.

Why pay a premium for other discount summary books when 100 Page Summaries has more quality and a cheaper price. Not convinced? Take a look inside the book to see for yourself. This book offers: Overall Summary of the entire book Chapter by chapter summaries Chapter by chapter analysis Chapter by chapter key takeaways Character list and description Themes found throughout the book About the book About the Author

**Bitcoin: Ayn Rand was wrong, Atlas never shrugged: A 50 year old dream** Jul 17 2021 In Ayn Rand's *Atlas Shrugged*, all the people who work, contribute and produce start disappearing one by one as a result of the government attempting to take over all lines of work. These people are convinced to disappear by a man called John Galt. The whole country asks the same question, which also happens to be the motto for the book: "Who is John Galt?" Due to Bitcoin becoming so well-known and having regular appearances on headlines, everyone started looking for the creator of Bitcoin, who is still a mystery. Just like *Atlas Shrugged*, a similar question gnawed at the minds of people and made headlines: "Who is Satoshi Nakamoto?" Why did we start with such a prologue? Because you cannot understand Bitcoin without reading Ayn Rand and understanding Friedrich Hayek. Because every revolution has an ideal foundation. Even though Bitcoin is a software revolution, it is also an ideal one. A revolution with roots reaching to the first days of humanity. A revolution that will take humans back to their essence. A revolution that may bring "Capitalism: The Unknown Ideal", as Ayn Rand calls it. Bitcoin is a revolution against all third parties whom we believe to be trustworthy. It is a revolution against governments, banks, land registry offices, notaries and all intermediaries. It may very well be the foundation of a new world where only those who produce will rise, where borders will disappear; the utopia founded by John Galt for the hard-working people. The media did not say that a revolution has happened when the French Revolution occurred in 1789. People didn't start thinking, "the concept of nation state is born and a new era has begun." Only after 100-150 years it was understood that this movement was a revolution that marked the end of an era and the beginning of a new one. Ayn Rand was wrong. *Atlas* never shrugged!

*CliffsNotes on Rand's Atlas Shrugged* May 27 2022 The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. The latest generation of titles in this series also features glossaries and visual elements that complement the classic, familiar format. CliffsNotes on *Atlas Shrugged* is your guide to author Ayn Rand's masterpiece, an impassioned defense of the freedom of man's mind. She shows that without the independent mind, our society would collapse into primitive savagery. Delve into the post-World War II historical context of *Atlas Shrugged* and the modern implications of its conclusions. Other features that help you study include Character analyses of major players A character map that graphically illustrates the relationships among the characters Critical essays A review section that tests your knowledge A Resource Center full of books, articles, films, and Internet sites Classic literature or modern modern-day treasure — you'll understand it all with expert information and insight from CliffsNotes study guides.

**Ayn Rand** Jun 27 2022 In two novels, an architect takes drastic action after someone changes the plans for one of his buildings, and government

leaders seeking control over all business become frantic as leaders from industrial companies suddenly disappear.

**Ayn Rand & Atlas Shrugged** Apr 13 2021 \*Includes a full length biography of Ayn Rand that examines her life, works, philosophy, and legacy.

\*Includes a primer on Atlas Shrugged that will quickly bring readers up to speed on the plot, characters, themes, symbols, and philosophy of Rand's classic novel. \*Includes pictures of Rand and important people in her life. \*Includes many of Rand's most famous quotes from Atlas Shrugged and other works. \*Includes a Bibliography for further reading. "Government 'help' to business is just as disastrous as government persecution... the only way a government can be of service to national prosperity is by keeping its hands off." – Ayn Rand Ayn Rand was born in St. Petersburg, Russia to Jewish parents on February 2, 1905 as Alisa Zinov'yevna Rosenbaum, and she lived through the turbulence and transformation of early 20th century Russia. Her first exposure to reading came after she taught herself how to read at age six, and she decided at nine years old to become a writer after a chance encounter with the books of Victor Hugo, the writer she admired most. The seminal events in the young would-be writer's life came just a few years later, when she witnessed firsthand the Bolshevik Revolution and the ultimate Communist victory as a teenager. Rand's experience with the maelstrom of this revolutionary zeal and cultural breakdown greatly contributed toward the formation of Rand's philosophy of objectivism, individualism and anti-religious ideas. During her last year of high school, she was introduced to the history of the United States and immediately decided to make America her model of what an ideal society should look like. Rand came to the United States as a young woman for a visit in 1925, and, as fate would have it, she never returned to Russia. In middle age, Rand continued trying to write in some capacity as a profession, but she had also formed her personal philosophy of integrating ethics, metaphysics, epistemology, politics, economics, and sexuality into what came to be called Objectivism, or as she called it, "a philosophy for living on earth." Rand began writing Atlas Shrugged, her enormous three part major novel, each with ten chapters, in 1946. Nearly 10 years after it was begun she finished what ultimately became her greatest achievement, and she poignantly dramatized her unique philosophy. Though Atlas Shrugged had been a popular title when Ayn Rand published it in 1957, it's quite possible that the only reference to it that many Americans heard before 2009 came from the hit series Mad Men. However, this staple of conservative and libertarian reader took on new life as the new Obama Administration sought to use government resources to fix financial problems. In 2009, with the global economy hemorrhaging jobs, and Western governments pouring hundreds of billions of dollars in taxpayer money to "bail out" troubled financial firms and large companies, frustrated people and political analysts turned to a book written over 50 years earlier as a guide out of the abyss. Conservative politicians like Ron Paul (who named his son after Rand) and commentators like Glenn Beck and Rush Limbaugh publicly praised Rand and her works, and Supreme Court Justice Clarence Thomas labeled Atlas Shrugged one of his favorite novels. By January 2009, one article in the Wall Street Journal was titled, "'Atlas Shrugged From Fiction to Fact in 52 Years". Over the last few years, Rand has become a household name and her works have seen their sales spike. Rand and her work are now some of the most influential and relevant works in America today. Ayn Rand & Atlas Shrugged chronicles the life, ideology and writings of the most famous Libertarian writer, and it examines her seminal book in detail. Along with pictures of important people, places, and events, you will learn about Ayn Rand and her magnum opus like you never have before.

*Atlas Shrugged* Oct 20 2021 The astounding story of a man who said that he would stop the motor of the world and did. Tremendous in scope, breathtaking in its suspense, "Atlas Shrugged" is unlike any other book you have ever read.

**The Road Less Travelled And Beyond** Dec 30 2019 The culmination of a lifetime of counselling, lecturing and writing, M. Scott Peck's major

work leads us to a deeper awareness of how to live rich, fulfilling lives in a world fraught with stress, worry and anxiety. Writing with a depth of understanding that comes with the seasoned perspective of age, Dr Peck continues the journey of spiritual growth that began with *The Road Less Travelled*, one of the most influential personal development books of modern times. To the famous opening line of that book - 'Life is difficult' he now adds 'Life is complex'. But the greatest challenge, he reminds us, is to learn to deal with life's conflicts, problems and paradoxes to find the true simplicity that lies on the other side of complexity. The journey to serenity and inner peace, Dr Peck writes, can only be made with increasing self-awareness and social awareness. There are no easy answers for complex problems. The work of learning and spiritual growth is hard. And yet he shows us that there is a way to think with integrity, to know the difference between good and evil, to overcome narcissism, to love and be loved, to live with paradox, to accept the consequences of our actions all through life, and to come to terms with dying and death.

**ANTHEM** Aug 18 2021 Hailed by *The New York Times* as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. *Anthem* anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. *Publisher's Weekly* acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." *Anthem* is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

**Atlas Shrugged (Centennial Ed. HC)** Jul 29 2022 Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged*, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

**How to Advertise Like a Social Media Agency** Aug 06 2020 I created this book for people willing to expand their business, build a strong brand and reach new customers with the power of online marketing. I believe that you have the best opportunity in history to bring your message to millions of people all over the world from the convenience of your home. The power of channels like Google Search, Facebook and YouTube is in the hands of everyone willing to learn and invest in growing their business. You might have a great idea and wonder how to bring it to the

market place. The difference between a great idea and making it a reality is the amount of action you are willing to take. This book will help you reach the most relevant audience for your product within hours, no matter what your budget is. You will learn to implement strategies and execute like a professional marketing agency. You will not only know how to create successful online campaigns, you will understand the logic and magic behind them.

**Anthem** Oct 08 2020 Dystopian Science Fiction It is a sin to write this. It is a sin to think words no others think and to put them down upon a paper no others are to see. It is base and evil. It is as if we were speaking alone to no ears but our own. And we know well that there is no transgression blacker than to do or think alone. We have broken the laws. The laws say that men may not write unless the Council of Vocations bid them so. May we be forgiven! But this is not the only sin upon us. We have committed a greater crime, and for this crime there is no name. What punishment awaits us if it be discovered we know not, for no such crime has come in the memory of men and there are no laws to provide for it. It is dark here. The flame of the candle stands still in the air. Nothing moves in this tunnel save our hand on the paper. We are alone here under the earth. It is a fearful word, alone. The laws say that none among men may be alone, ever and at any time, for this is the great transgression and...

**Ayn Rand Explained** Jan 29 2020 Scorned by the established critics, Rand wrote brilliant popular novels that have become permanent best sellers and founded an comprehensive philosophical and cultural movement which is shaking the foundations of the post-New Deal American political order. Merrill examines her espousal and then rejection of Nietzschean philosophy; her dismissal of religious faith; and her influence on-- and yet hostility to-- both conservatism and libertarianism.
