But Eva and Michael's marriage is short-lived: just hours later, as they race for the English Channel, they run into the French. Michael is shot, dragged off. Dead. Six years later, Eva arrives in England, having discovered that Michael is still alive. Repeated letters draw no response from him, so she sets out on her own, a lonely and penurious woman, going to meet a man she does not really know. What will Eva find at the end of her journey? And will the compassionate Mr Denborough, who befriends her along the way, prove more a distraction than a friend? This is the first of the *War Brides* series, which follows the lives and loves of women married in times of strife.

Asunder Dec 22 2021 "Lyrical and haunting . . . A beautiful portrait of urban loneliness, and the pursuit of meaning amid the barbed comforts of solitude." —The Economist Marie's job as a security guard at the National Gallery in London offers her the life she always wanted, one of invisibility and quiet contemplation. But through the hushed corridors of England's largest art museum surge currents of history and violence. For in this hall filled with paintings whose power belies their own fragility, there also lingers the legacy of Marie's great-grandfather Ted, himself a museum guard. Decades earlier, he slipped and fell moments before reaching the suffragette Mary Richardson as she took a blade to one of the gallery's masterpieces on the eve of the First World War. After nine years on the job, Marie begins to feel the tug of restlessness. A decisive change comes in the form of a winter trip to Paris—where, with the arrival of an uninvited guest and an unexpected encounter, her carefully contained world will be torn open . . . The follow-up to Chloe Aridjis's "charming and unconventional debut, *Book of Clouds*" (The Independent), *Asunder* is a "captivating, cerebral novel" (Booklist) of beguiling depths and beautiful strangeness, exploring the delicate balance between creation and destruction, control and surrender. "[An] oddly compelling tale . . . Dark and peculiar, simultaneously sinister and playful, Aridjis' modern gothic vision will charm those prepared to linger in her cabinet of curiosities." —Kirkus Reviews, starred review "Dramatic and affecting, completely coherent and oddly irresistible. It is a brilliant book." —Publishers Weekly, starred review

The Ship Asunder Jun 15 2021 'Three and a half millennia of British Maritime history, from the Middle Bronze Age to the early 20th century ... This book is written with passion and sympathy. It will live with me for a very long time' Francis Pryor, author of *The Fens* If Britain's maritime history were embodied in a single ship, she would have a prehistoric prow, a mast plucked from a Victorian steamship, the hull of a modest fishing vessel, the propeller of an ocean liner and an anchor made of stone. We might call her Asunder, and, fantastical though she is, we could in fact find her today, scattered in fragments across the country's creeks and coastlines. In his moving and original new history, Tom Nancollas goes in search of eleven relics that together tell the story of Britain at sea. From the swallowtail prow of a Bronze Age vessel to a stone ship moored at a Baroque quayside, each one illuminates a distinct phase of our adventures upon the waves; each brings us close to the people, places and vessels that made a maritime nation. Weaving together stories of great naval architects and unsung shipwrights, fishermen and merchants, shipwrecks and superstition, pilgrimage, trade and war, *The Ship Asunder* celebrates the richness of Britain's seafaring tradition in all its glory and tragedy, triumph and disaster, and asks how we might best memorialize it as it vanishes from our shores.

Charis has repelled the Church's first attack and is preparing to strike back. The gauntlet has been cast down, and full-scale religious war - the ugliest war of all - looms over Safehold. Torn Asunder Apr 13 2021 A timely unsettling of old "settled" questions surrounding divorce Amid the current nationwide debate over what "marriage" is, this book examines anew the nature and meaning of marriage from the standpoint of what adult children of divorce have actually experienced. Upholding the inextricable link between our personal identity and our origin in a union of two -- and, more deeply, in the Fatherhood of God -- the contributors to this volume reflect on the damage that divorce does to children, opening up important questions for all of us: What does it mean to be human? What does it mean to love and to marry? After decades of talk about the rights of adults to get a divorce and the benefits for children of an amicable split between parents (a so-called "good divorce"), these authors -- theologians, philosophers, political scientists, lawyers, psychologists, sociologists, and cultural critics -- effectively unsettle conventional opinion.

Nations Torn Asunder Jan 11 2021 Civil war has been a recurring feature of human societies throughout history - and an essential catalyst for major international conflict. And since 1945 the number of civil wars in the world has grown steadily, bringing devastation on a scale more traditionally associated with international wars. In spite of this, there is no classic treatise on civil war to compare with the classic works we have on war, revolution, or peace. On the one hand, historians have tended to treat the 'big' civil wars such as the American and the Spanish in isolation. On the other, social scientists have concentrated on identifying common

patterns, without looking in too much detail at the specifics of any given conflict. Focusing on the numerous civil conflicts that have occurred throughout the world since the Second World War, Bill Kissane bridges this gap, asking what the recent social science literature adds to what we already know about civil war, but also how insights from the historical literature, from the ancient Greeks onwards, can help explain the violent experience of so many parts of the world since 1945. At its heart is the question of what makes the contemporary challenge posed by civil war so different to that of past periods - and what, if anything, is new about the contemporary experience of civil war at the dawn of the twenty-first century.

What God Has Put Asunder Sep 06 2020 What God Has Put Asunder sounds like a misquote of Mark 10:9, the biblical consecration of marriage. But can a marriage fraught with infidelity, violence and abuse be considered as put together by God? Weka does not think so. She had reluctantly settled for Miche Garba as the lesser evil of two suitors who were being foisted on her by the authorities of the orphanage where she grew up. They stonewalled against her pleas to be on her own, claiming it would make her vulnerable. Or were they afraid she might become a permanent liability to the orphanage? Garba turns out a cheating, unloving partner, squandering on his many concubines, the proceeds from the farms and lands Weka inherited from her late parents, while neglecting her upkeep and her children's. At the height of the disaffection, Weka runs off with her children to rehabilitate her family estate. Having failed to forcefully bring them back, Garba sues Weka for abandoning her conjugal home. Will the court sunder the marriage of inconvenience? And would it help matters if Weka's full name were "West Kamerun"? This should unmask other ticket names like Sister Sabeth and Father UNOR. For these two What God Has Put Asunder is a call-out for double standards. Can they belatedly remedy the injustice of denying Weka the separate status which they granted, at the same time, to many other damsels who, to date, are far less endowed and more vulnerable than she was?
