Burgundy **Dec 25 2021** Burgundy is a fitting monument to the region that is capable of producing, in Parker's words, "the world's most majestic, glorious, and hedonistic red and white wine." With the publication of his classic volumes, Bordeaux and The Wines of the Rhone Valley and Provence, together with the several editions of his Wine Buyer's Guide, Robert M. Parker, Jr., has emerged as America's most influential and articulate authority on wine. Whether he writes of the fabled French châteaux or of lesser-known growers and vineyards from around the world, his books have proved invaluable reading for connoisseurs and neophytes alike, for they contain not only a clear-headed, frank analysis but an undisguised and positively contagious enthusiasm for his subject. In this book, his most ambitious and comprehensive to date, Parker offers an extraordinary guide to the growers, appellations, and wines of Burgundy, the viticultural heart of eastern France that produces the most exotic, sought-after, expensive, and frequently least understood wines in the world. Like his predecessors, Bordeaux and The Wines of the Rhone Valley and Provence, Parker's Burgundy has all the makings of a classic, beautifully produced book, and it boasts more than thirty specially made color maps, with those depicting the individual appellations drawn in such exquisite detail that each and every vineyard is visible. Burgundy is a fitting monument to the region that is c

producing, in Parker's words, "the world's most majestic, glorious, and hedonistic red and white wine."

**Music Theory for Electronic Music Producers** 2022 The producer's guide to harmony, chord progressions, and song structure the MIDI grid. As an online class, Dr. Allen has had over 50,000 students use this ground-breaking curriculum to learn music. Students and Producers who have wanted to learn music theory to improve their own music, but have been intimidated by traditional approaches, music notation, and abstract concepts will find this book to be the answer they have been looking for. From the music theory is usually taught is unfair. It starts with the assumption that you can read music and understand the language of music. My book leaves all of that behind - focusing only on the MIDI grid that producers are already familiar with to learn all the concepts of music theory, and ultimately, make better music." This book covers all the fundamentals of music theory, but in the language of the DJ and Producer - the MIDI Grid. It includes "analysis" projects that look at the harmonic and melodic ideas by popular producers including Zedd, Boards of Canada, Daft Punk, Deadmau5, Bonobo, Richie Hawtin, Moby, Skrillex, and Aphex. Praise for Music Theory for Electronic Music Producers: "Aspiring electronic musicians have choices to make when it comes to education and training. This text makes one choice much easier: start here and get learning, quickly. Grounded and easygoing uses real-world examples to help you make sense of music's inner workings while steering clear of dense theories." - Michael PhD Musicologist "This book knocks the oftentimes alienating world of music theory completely onto its side. Difficult to explain are perfectly demonstrated for the aspiring electronic music producer who might have no formal music training. A must have for aspiring producers." - James Patrick (DJ, Producer, Educator) Slam Academy, Dubspot, IPR, Ableton Certified Trainer "With Music Theory for Electronic Music Producers, Dr. Allen has produced a remarkable resource: an extensive tour of musical theory that some of our favorite modern tools - the virtual studio and its piano roll note display. By introducing us to the "why" as well as of music theory, this book helps us to understand what makes music tick and how to improve our own work. In addition to a theoretical foundation, the deep dives into analyzing tracks by Skrillex, Aphex Twin, and Deadmau5 keeps our attention focused on world production. MTEMP will definitely go on the top of my recommendation list for anyone that needs a fresh view of music." - Darwin Grosse Director of Education, Cycling '74
