And Away... Sep 27 2022 The number one bestseller and Sunday Times Humour Book of the Year by national treasure Bob Mortimer. 'The most affirming, joyful read of the year' - Sunday Times 'Winningly heartfelt' - The Guardian 'A triumph' - Daily Mail Bob Mortimer's life was trundling happily until suddenly in 2015 he was diagnosed with a heart condition that required immediate surgery and forced him to cancel an upcoming episode unnerved him, but forced him to reflect on his life so far. This is the framework for his hilarious and moving memoir, And Away... Although his childhood in Middlesbrough was normal on the surface, it was tinged by the loss of his dad, and his own various misadventures (now infamous appearances on Would I Lie to You?), from burning down the family home to starting a short-lived punk band called Dog Dirt. As an adult, he was a solicitor and moved to London. Though he was doing pretty well (the South London Press once crowned him 'The Cockroach King' after a successful verdict), a chance encounter in a pub in the 1980s with a young comedian going by the name Vic Reeves set his life on a different track. And now, on, the heart condition that once threatened his career has instead led to new success on BBC2's Gone Fishing. Warm, profound, and irrepressible, And Away... is Bob's full life story (with a few lies thrown in for good measure.)

How to Ask for and Get What You Want Jun 12 2021 We've all experienced frustration asking for and getting what we want. It plays out regularly with partners, children, employers, and businesses we patronize. Sometimes we don't bother to ask for what we want, even when it's perfectly reasonable, thinking it will create hard feelings or spark an argument. Often, it's because we don't think we can succeed in getting what we want. But if we ask further from the truth. How to Ask for What You Want and Get It: Common Sense Tips That Work will help readers learn how to ask for what they want and get good results. It teaches them how to stay in the game by using the right words. It also shows how to build rapport by using positive body language. The more you know what makes people operate as they do, the better chance you'll have of helping them see things your way. The most important tip in negotiating anything is getting the other person on your side. That means the person you're asking has to like and respect you enough to do it. Most of the advice in this book employs mindfulness techniques. The mindfulness movement helps people live in the moment, speak more effectively, and settle problems peacefully.
