Barefoot Contessa Parties! Sep 04 2020 After more than twenty years of running Barefoot Contessa, the acclaimed specialty food store, Ina Garten published her first collection of recipes. The Barefoot Contessa Cookbook was an overnight sensation, but it's the kind of success that can only be grounded in years of experience. In it, Ina shared her ideas for familiar food but with outstanding flavor and -- most important of all -- recipes that really work. Now, with Barefoot Contessa Parties! Ina shares secrets she has gleaned from her years not only as a caterer but as a dedicated party giver. The keyword here is fun. Ina's parties are easy to prepare and fun for everyone, including the host. Forget those boring Saturday-night dinners that just won't end. With Ina's advice, you're certain to have all your friends saying, "Wasn't that fun!" Ina has packed Barefoot Contessa Parties! with plans for pulling off parties like a pro, stories about her own parties, and tips on assembling food (rather than cooking everything) and organizing like a caterer. In the spring you can invite your friends to a party where they all make their own pizzas.

Come summer, it's into the garden for a lunch with grilled lamb and pita sandwiches that guests assemble themselves. In the autumn, when it's not Thanksgiving, Ina roasts a fresh turkey, which her friends enjoy with popovers and a creamy spinach gratin. And on a snowy winter's day, everyone is invited for a lunch buffet with seafood chowder and butternut squash and apple soup. Ever since Ina published her first book, people write, e-mail, and stop her on the street to say how much they love the food. She's reached new heights here with recipes like sour cream coffee cake--the ultimate breakfast treat. Salads? The red lettuce, balsamic onions, and blue cheese; Chinese chicken salad; and panzanella may be the best you've ever tasted. Filet of beef is easy to make for a fancy dinner with oh-so-good gorgonzola sauce, or sliced into sandwiches and served with lobster rolls for a Superbowl party. And fans of *The Barefoot Contessa Cookbook* will be delighted to find the recipe for the Lemon Cake they drooled over but only saw pictured, right here in this book. With so many great ideas and recipes in these pages for you to use, your friends will start to wonder why your parties are always so much fun.

The Politics of Prostitution Jun 01 2020 The most effective way to deal with prostitution has always been hotly debated by governments and women's movements alike. Feminists want it abolished or regulated as sex work; governments have to safeguard public health and order. This book, first published in 2004, shows how women's movements in Western Europe, North America and Australia have affected politics on prostitution and trafficking of women since the 1970s, asking what made them successful in some countries but a failure in others. It also assesses whether government institutions to advance the status of women - so-called women's policy agencies - have played a key role in achieving policy outcomes favourable to movement demands. Written by an international team of experts and based on original sources, all chapters follow the same framework to ensure comparability. The final chapter offers an overall comparison identifying what makes women's movements successful and women's agencies effective, presenting the case for 'state feminism'.

Cues Sep 16 2021 It's not enough to have great ideas. You also need to know how to communicate them. What makes someone charismatic? In this entertaining and accessible guide to the hidden language of cues, Vanessa Van Edwards teaches you how to convey power, trust, leadership, likability and charisma in every interaction. You'll learn: - Which vocal cues make you sound more confident - Which body language cues assert, 'I'm a leader, and here's why you should join me' - Which verbal cues to use in pitches, branding and emails to increase trust (and generate excitement about interacting with you) - Which visual cues you are sending in your profile pictures, clothing and professional brand Whether you're pitching an investment, negotiating a job offer or having a tough conversation with a colleague, *Cues* can help you improve your relationships, express empathy and create meaningful connections with lasting impact. Domestic Role Contestation, Foreign Policy, and International Relations Mar 10 2021 Despite the increase in the number of studies in international relations using concepts from a role theory perspective, scholarship continues to assume that a state's own expectations of what role it should play on the world stage is shared among domestic political actors. Cristian Cantir and Juliet Kaarbo have gathered a leading team of internationally distinguished international relations scholars to draw on decades of research in foreign policy analysis to explore points of internal contestation of national role conceptions (NRCs) and the effects and outcomes of contestation between domestic political actors. Nine detailed comparative case studies have been selected for the purpose of theoretical exploration, with an eye to illustrating the relevance of role contestation in a diversity of settings, including variation in period, geographic area, unit of

analysis, and aspects of the domestic political process. This edited book includes a number of pioneering insights into how the domestic political process can have a crucial effect on how a country behaves at the global level.
