The Book of Ezekiel, Chapters 1-24 Dec 09 2020 To most modern readers the book of Ezekiel is a mystery. Few can handle Ezekiel's relentless denunciations, his unconventional antics, his repetitive style, and his bewildering array of topics. This excellent commentary by Daniel I. Block makes sense of this obscure and often misunderstood prophet and demonstrates the relevance of Ezekiel's message for the church today.

The Learner-Directed Classroom May 14 2021 Educators at all levels want their students to develop habits of self-directed learning and critical problem-solving skills that encourage ownership and growth. In *The Learner-Directed Classroom*, practicing art educators (PreK-16) offer both a comprehensive framework for understanding student-directed learning and concrete pedagogical strategies to implement student-direct learning activities in school. In addition, research-based assessment strategies provide educators with evidence of student mastery and achievement. Teachers who structure self-directed learning activities can facilitate effective differentiation as students engage in the curriculum at their level. This book provides evidence-based, practical examples of how to transform the classroom into a creative and highly focused learning environment.
