Macedonia [Hunting the Eagles](#) **The Provinces of the Roman Empire** *The History of the Decline and Fall of the Roman Empire* **Art and Archaeology of Ancient Rome Vol 2** *Soldier of Rome* [King of Kings](#) **Ovid: Ars Amatoria, Book III**

Ovid: Ars Amatoria, Book III Jun 23 2019 This is a full-scale commentary devoted to the third book of Ovid's *Ars Amatoria*. It includes an Introduction, a revision of E. J. Kenney's Oxford text of the book, and detailed line-by-line and section-by-section commentary on the language and ideas of the text. Combining traditional philological scholarship with some of the concerns of more recent critics, both Introduction and commentary place particular emphasis on: the language of the text; the relationship of the book to the didactic, 'erotodidactic' and elegiac traditions; Ovid's usurpation of the *lena's* traditional role of erotic instructor of women; the poet's handling of the controversial subjects of cosmetics and personal adornment; and the literary and political significances of Ovid's unexpected emphasis in the text of *Ars III* on restraint and 'moderation'. The book will be of interest to all postgraduates and scholars working on Augustan poetry.

Holy Bible Sep 06 2020 A reasonably priced, quality black hardcover pew and ministry Bible featuring a large 12-point font.

The Praetorship in the Roman Republic: Volume 2: 122 to 49 BC Jan 23 2022 Brennan's book surveys the history of the Roman praetorship, which was one of the most enduring Roman political institutions, occupying the practical center of Roman Republican administrative life for over three centuries. The study addresses political, social, military and legal history, as well as Roman religion.

Volume I begins with a survey of Roman (and modern) views on the development of legitimate power—from the kings, through the early chief magistrates, and down through the creation and early years of the praetorship. Volume II discusses how the introduction in 122 of C. Gracchus' *provincia repetundarum* pushed the old city-state system to its functional limits.

The History of the Decline and Fall of the Roman Empire Oct 27 2019 Edward Gibbon's six-volume History of the Decline and Fall of the Roman Empire (1776-88) is among the most magnificent and ambitious narratives in European literature. Its subject is the fate of one of the world's greatest civilizations over thirteen centuries - its rulers, wars and society, and the events that led to its disastrous collapse. Here, in volumes three and four, Gibbon vividly recounts the waves of barbarian invaders under commanders such as Alaric and Attila, who overran and eventually destroyed the West. He then turns his gaze to events in the East, where even the achievements of the Byzantine emperor Justinian and the campaigns of the brilliant military leader Belisarius could not conceal the fundamental weaknesses of their empire. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Art and Archaeology of Ancient Rome Vol 2 Sep 26 2019 Classical archaeology was long equated to ancient art history. Today these fields find themselves at a major crossroads. The influence on them--from the discipline of anthropology--has increased substantially in the past 15 years, adding to the ways in which scholars can study the Roman past. The classical archaeologist of

the 21st century is likely to be versed in Greek and Latin, computer technology, ancient history, great monuments, various hard sciences such as physics or even astronomy, GPS, GIS, surveying, mapping, digitizing, artistic rendering, numismatics, geo-science, astronomy, environmental studies, material culture analysis and/or a host of other disciplines and sub-disciplines. Universities are seeking specialists whose talents embrace not one but several different fields of research. It is not necessary for each scholar to know everything about each discipline being used within the fields of art history, classical archaeology and anthropology, but these days a basic knowledge of all relevant disciplines is becoming indispensable. This book will layout the basic information and steps necessary to take the beginning archaeologist's search for knowledge of the past and lead them to adventures of the future.

History of the Later Roman Empire, Vol. 2 Dec 22 2021 An unabridged and unaltered republication of the first edition.

Roman Heavy Cavalry (2) Aug 30 2022 Following Roman Heavy Cavalry (1) on the earlier centuries, this book explains and illustrates the armor, weapons, organization, and deployment of elite heavy armored cavalry units during their long history in the Eastern Roman (Byzantine) Empire. In the twilight of the Western Roman Empire in the 5th-6th centuries, the elite of the field armies was the heavy armored cavalry—the cataphracts, clad in lamellar, scale, mail, and padded fabric armor. After the fall of the West, the Greek-speaking Eastern or Byzantine Empire survived for nearly a thousand years, and cavalry remained predominant in its armies, with the heaviest armored regiments continuing to provide the ultimate shock-force in battle. Accounts from Muslim chroniclers show that the ironclad cataphract on his armored horse was an awe-inspiring enemy: “...they advanced against you, iron-covered—one would have said that they advanced on horses which

seemed to have no legs.” The heavy units included the regiments of the Tagmata (the central imperial force based around Constantinople)-the Scholai, Eskoubitoi, Athanatoi (or Vighla) and Ikanatoi-and also provincial units raised from the populations of the Themata or army corps districts throughout the Empire. By the 11th century the latter were increasingly being replaced with mercenaries, as provincial governors became semi-independent and often rebellious warlords. This disunity contributed to the Empire's disastrous defeat by the Turks at Manzikert in 1071; thereafter the shrunken Empire relied even more heavily on cavalry, since its field armies had to be mobile to meet the many threats to the frontiers. This new study, replete with stunning full-color illustrations of the various units, offers an engaging insight into the fearsome heavy cavalry units that battled against the enemies of Rome's Eastern Empire.

[The Fragments of the Roman Historians](#) Nov 20 2021 Beginning with a detailed introduction explaining the history of scholarly research on the subject, the principles and methods used in editing the fragmentary texts, the literary style of the historians, and a survey of the secondary texts that cite and preserve the fragments of the lost works, these three volumes bring together everything that is known about these historians and their works. Volume one provides an introduction to each historian, outlining what is known of their life and works. Volume two sets out the critical text with facing English translation, and volume three offers a detailed and up-to-date commentary on each of the historical fragments. The work also lists the full concordances with previous editions and contains detailed indexes.

[History of the Decline and Fall of the Roman Empire](#) Apr 01 2020

[Hunting the Eagles](#) Dec 30 2019 Five long years have passed since the annihilation of three Roman legions in the wilds of Germania. Varus, the general who led the ill-fated army, is long dead and the

bones of his 15,000 legionaries moulder in the forests. But not all the Romans were slain in the ambush. Centurion Tullus, a seasoned veteran, survived and now he lives for revenge upon the tribal chieftain Arminius, who masterminded the ambush. Tullus will stop at nothing to kill his bitterest enemy, or to recover his legion's lost Eagle.

Religions of Rome: Volume 2, A Sourcebook Nov 01 2022 This book presents a wide range of documents illustrating religious life in the Roman world from the early Republic to the late Empire.
The Prosopography of the Later Roman Empire 2 Part Set: Volume 3, AD 527-641 Mar 25 2022 The concluding volume of the three-volume Prosopography of the Later Roman Empire.

Roman State & Christian Church Volume 2 May 15 2021 This collection of legal documents affecting the Christian Church in the Roman Empire is the first its kind in any language. In time the monuments here translated cover the period from the foundation of the Church to the deposition of Romulus Augustulus, the last emperor in the West (476), and to the publication of the second (and only extant) edition of the Code of Justinian I, the most conspicuous champion of Caesaropapism in the East (534)—each terminus ad quem being an arbitrary, but a natural, limit. The character of the originals, which are mostly in either Greek or Latin, is strictly secular, that is, the documents emanate from the State's officials, ordinarily the emperors, and thus expose the State's attitude toward the Church. —From the Introduction

Inconsistencies in Greek and Roman Religion, Volume 2: Transition and Reversal in Myth and Ritual Jan 11 2021 This second volume of a two-part collection of studies on inconsistencies in Greek and Roman religion focuses on the ambiguities in myth and ritual of transition and reversal.
The Encyclopaedia Britannica Apr 25 2022 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for

future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

The Prosopography of the Later Roman Empire: Volume 2, AD 395-527 Nov 08 2020

Prosopography definition: "a study that identifies and relates a group of persons or characters within a particular historical or literary context"--

[Http://www.merriam-webster.com/dictionary/prosopography](http://www.merriam-webster.com/dictionary/prosopography).

Roman Army Units in the Eastern Provinces (2) Aug 18 2021 Drawing upon the latest literary and archaeological research, this is an in-depth study of the Roman Army units based in the Eastern Provinces during the turbulent third century of the Roman Empire. In this book, eminent Roman historian, Dr Raffaele D'Amato, looks at the notoriously under-represented history of the Roman armies during the middle 3rd Century whose records have been obscured by the chaotic civil wars of that period between usurpers to the Imperial authority of Rome. Following on from the previous title, MAA 527, Roman Army Units in the Western Provinces (2): 3rd Century AD, this book considers the evidence for troops in the Eastern half of the Empire specifically around the Balkans, Mesopotamia, the Middle East and North Africa and looks at the weakness of Imperial central authority which inevitably led to local particularism and a wide range of appearance in regional commands. Dr D'Amato uses literary, painted, sculptural and archaeological sources to reconstruct this little-understood period of Roman military history and, with the aid of meticulous coloured artwork, photos and detailed charts, reconstructs the appearance and campaigns of the Roman forces stationed in the East.

History of the Later Roman Empire, Vol. 2 Jul 17 2021 Volume 2 of classic history. One of the world's foremost historians chronicles the major forces and events in the history of the Western and Byzantine Empires.

History of the Decline and Fall of the Roman Empire Jun 27 2022 Reproduction of the original.

Soldier of Rome Aug 25 2019 It has been three years since the wars against Arminius and the Cherusci. Gaius Silius, Legate of the Twentieth Legion, is concerned that the barbarians-though shattered by the war-may be stirring once again. He also seeks to confirm the rumors regarding Arminius' death. What Silius does not realize is that there is a new threat to the Empire, but it does not come from beyond the frontier; it is coming from within, where a disenchanting nobleman looks to sow the seeds of rebellion in Gaul. Legionary Artorius has greatly matured during his five years in the legions. He has become stronger in mind; his body growing even more powerful. Like the rest of

the Legion, he is unaware of the shadow growing well within the Empire's borders, where a disaffected nobleman seeks to betray the Emperor Tiberius. A shadow looms; one that looks to envelope the province of Gaul as well as the Rhine legions. The year is A.D. 20.

Ecce Romani Jun 03 2020 ECCE ROMANI - a Latin reading course - was first published in 1971. Its aims are to bring pupils quickly to the point where they can read Latin with confidence, and also to give them some insight into life in the early Roman Empire. The reading passages are written in a lively style and grammatical information is dealt with efficiently and sensibly. This second edition is the result of a complete revision and now provides better preparation for examinations at 16+. It consists of five course books (each with an accompanying book of teacher's notes), two companion reference books and a Roman Studies Handbook containing bibliographical references.

The History of Rome May 03 2020

Roman Coins and Their Values Volume 2 Apr 13 2021 Volume II now extends coverage of the

Imperial series from Nerva, the 'thirteenth Caesar' and first of the 'Adoptive' emperors, down to the overthrow of the Severan dynasty in 235. It encompasses what may justifiably be termed the 'golden age' of the Roman imperial coinage. The full development of the Augustan system of coin denomination and perfection of the method by which government propaganda was communicated to the citizenry through the medium of coinage both reached their peak during these fourteen decades. *The Epistle of Paul the Apostle to The Romans* Jul 29 2022 Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

Christianity, Judaism and Other Greco-Roman Cults, Part 2 Dec 10 2020 The editor hopes that these papers, on themes of interest to Morton Smith, will contribute to the critical discussion of some problems of concern to him. Since Smith is one of the great scholarly masters of this generation, it is through scholarship, and not through encomia, that the editor and his colleagues choose to pay their tribute. The facts about the man, his writings, his critical judgment, intelligence, erudition and wit, his labor as selfless teacher and objective, profound critic speak for themselves and require no embellishment.... I hope that the quality of what follows will impress my teacher, Professor Morton Smith, and those scholars who care to read these volumes, as having been worth the immense efforts of all concerned. From the Foreword by Jacob Neusner

Roman Rule in Asia Minor, Volume 2 (Notes) Mar 13 2021 What is known of the expansion of the Roman Empire in Asia and adjacent lands to the East between 133 B.C. and A.D. 285 is presented here in a comprehensive organization of all the existing scholarship. An authority in the field of ancient history and archaeology, Mr. Magie presents a thorough account of political and economic

conditions in this period. Volume 2 contains the notes. Originally published in 1950. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Archers of Isca Feb 21 2022 The second thrilling adventure in a new historical series from million-copy-selling Caroline Lawrence, set in Roman Britain during the reign of the evil Emperor Domitian. Britannia AD 94. On the run from the Emperor Domitian, fifteen-year-old Fronto has joined the Roman army in order to find the security and structure he craves. But when his younger sister Ursula is captured by a terrifying Druid called Snakebeard, he must make an impossible decision. Can he leave the army, when desertion is punishable by death? His desire: To become a good soldier His quest: To rescue his sister His destiny: To find his place in Roman Britain From the bestselling author of THE ROMAN MYSTERIES, perfect for children studying at Key Stage 2. Historical locations featured in this book are a British Iron Age Village, Bath Spa and the fortress at Caerleon.

The Roman Government of Britain Mar 01 2020 The Roman Government of Britain is a completely rewritten version of Professor Birley's *Fasti of Roman Britain* (1981), with biographical entries for all higher officials from AD 43 to 409. Several new governors, legionary legates, tribunes, procurators, and fleet prefects are included, and the entries for those previously known revised; and in this edition translations of all sources have been added. Introductory sections deal with career-

structures in the principate and the changed system of the late empire. Evidence for imperial visits is also quoted and discussed. The work provides a full conspectus of all the literary, epigraphic, and numismatic sources for the history of Roman rule in Britain.

The Book of Acts in Its Graeco-Roman Setting Oct 20 2021 The Book of Acts in Its Graeco-Roman Setting locates the Book of Acts within various regional and cultural settings in the eastern Mediterranean. These studies draw on recent archaeological fieldwork and epigraphic discoveries to describe the key cities and provinces within the Roman Empire. The relevant societal aspects of these regions, such as the Roman legal system, Roman religion, and the problem of transport and travel, all help contextualize the book of Acts.

King of Kings Jul 25 2019 A continuation of the series that began with the best-selling Fire in the East finds General Ballista returning to a Rome overcome by Christian fervor and power-hungry individuals at all class levels vying for control against a backdrop of the progressing Sassanid forces.

The Secrets of Vesuvius Jun 15 2021 It's the summer of AD 79 and Flavia Gemina and her friends, Jonathan, Nubia and Lupus, set sail for the Bay of Naples where they are going to stay with Flavia's uncle near Pompeii. Once they arrive, they are soon absorbed in a quest to solve a riddle that may lead to treasure. But then tragedy strikes: Mount Vesuvius erupts and the friends must flee for their lives! Not just a mystery - this is an absolutely thrilling action adventure that brings history to life!

Dictionary of Greek and Roman Geography: Abacaenum-Hytanis. 1854. v. 2 Iabadius-Zymethus. 1857 Feb 09 2021

Macedonia Jan 29 2020 This book offers an excellent introduction to the history, culture, art, architecture and archaeology of ancient Macedonia, and is packed full of illustrations bringing to life the society and culture of those peoples brought under Macedonian control.

[The First Urban Churches 2](#) Sep 30 2022 Investigate the challenges, threats, and opportunities experienced by the early church Volume two of *The First Urban Churches* focuses on the urban context of Christian churches in first-century Roman Corinth. An investigation of the material evidence of Corinth helps readers today understand properly the challenges, threats, and opportunities that the early Corinthian believers faced in the city. The essays demonstrate decisively the difference that such an approach makes in grappling with the meaning and context of the Corinthian epistles in the New Testament. Features: Analysis of urban evidence of the inscriptions, papyri, archaeological remains, coins, and iconography Proposed reconstructions of the past and its social, religious, and political significance A nuanced, informed portrait of ancient urban life in Corinth

Frederick II Aug 06 2020 Frederick II of Hohenstaufen, Holy Roman Emperor, King of Sicily, King of Jerusalem, has, since his death in 1250, enjoyed a reputation as one of the most remarkable monarchs in the history of Europe. His wide cultural tastes, his apparent tolerance of Jews and Muslims, his defiance of the papacy, and his supposed aim of creating a new, secular world order make him a figure especially attractive to contemporary historians. But as David Abulafia shows in this powerfully written biography, Frederick was much less tolerant and far-sighted in his cultural, religious, and political ambitions than is generally thought. Here, Frederick is revealed as the thorough traditionalist he really was: a man who espoused the same principles of government as his twelfth-century predecessors, an ardent leader of the Crusades, and a king as willing to make a deal with Rome as any other ruler in medieval Europe. Frederick's realm was vast. Besides ruling the region of Europe that encompasses modern Germany, Czechoslovakia, Poland, eastern France, and northern Italy, he also inherited the Kingdom of Sicily and parts of the Mediterranean that include what are now Israel, Lebanon, Malta, and Cyprus. In addition, his Teutonic knights conquered the present-day Baltic States, and he even won influence along the coasts of Tunisia. Abulafia is the first to place Frederick in the wider historical context his enormous empire demands. Frederick's reign, Abulafia clearly shows, marked the climax of the power struggle between the medieval popes and the Holy Roman Emperors, and the book stresses Frederick's steadfast dedication to the task of preserving both dynasty and empire. Through the course of this rich, groundbreaking narrative, Frederick emerges as less of the innovator than he is usually portrayed. Rather than instituting a centralized autocracy, he was content to guarantee the continued existence of the customary style of government in each area he ruled: in Sicily he appeared a mighty despot, but in Germany he placed his trust in regional princes, and never dreamed of usurping their power. Abulafia shows that this

pragmatism helped bring about the eventual transformation of medieval Europe into modern nation-states. The book also sheds new light on the aims of Frederick in Italy and the Near East, and concentrates as well on the last fifteen years of the Emperor's life, a period until now little understood. In addition, Abulfia has mined the papal registers in the Secret Archive of the Vatican to provide a new interpretation of Frederick's relations with the papacy. And his attention to Frederick's register of documents from 1239-40--a collection hitherto neglected--has yielded new insights into the cultural life of the German court. In the end, a fresh and fascinating picture develops of the most enigmatic of German rulers, a man whose accomplishments have been grossly distorted over the centuries.

Rome, the Greek World, and the East May 27 2022 Fergus Millar is one of the most influential contemporary historians of the ancient world. His essays and books, above all *The Emperor in the Roman World* and *The Roman Near East*, have transformed our understanding of the communal culture and civil government of the Greco-Roman world. This second volume of the three-volume collection of Millar's published essays draws together twenty of his classic pieces on the government, society, and culture of the Roman Empire (some of them published in inaccessible journals). Every article in Volume 2 addresses the themes of how the Roman Empire worked in practice and what it was like to live under Roman rule. As in the first volume of the collection, English translations of the extended Greek and Latin passages in the original articles make Millar's essays accessible to readers who do not read these languages.
