Disability in Adolescence Mar 01 2020 For all the work on disability in previous years, there had been surprisingly little done on a subject of central importance - the social and psychological needs of teenagers with disabilities. Originally published in 1982, the purpose of this timely book was both to review the literature and to report an extensive study of the nature of the psychological problems, the quality of social life and the adequacy of the services available to a substantial group of teenagers with disabilities in the last years at school, with a follow-up study of half their number a year later. The authors show that many of these teenagers, including those with a mild disability, are often unhappy, worried and isolated from their peers. While the majority of the teenagers with disabilities, whether in ordinary or special schools, made friends at school, these friendships were rarely sustained outside. After leaving school the degree of social isolation is as great, and often worse. Among these teenagers the incidence of psychological problems was three to four times higher than for a control group, the most common being worry, depression, misery, fearfulness and lack of self-confidence and self-esteem. For the most part, the teenagers with disabilities were likely to be immature and ill-prepared to cope with adult life. These findings underline the need for a counselling service while the teenagers are still at school, and supporting services when they have left. Like other teenagers, those in this study were unprepared for the possibility of not having a job, and had not thought how to organize their lives if a job was not available or feasible. The

authors draw attention to the large proportion of people with disabilities without occupation after leaving school, and the high dissatisfaction with day centres. Perhaps their most important finding is the need to rationalize the piecemeal and overlapping provision of help for school-leavers with disabilities. In the meantime, their book provides a wealth of information of direct use to those concerned with teenagers with disabilities and their families, whether in school provision, careers advice, work placement and alternatives to work, social services, counselling, medical services and further education. This book is a re-issue originally published in 1982. The language used is a reflection of its era and no offence is meant by the Publishers to any reader by this re-publication.

Discourse Analysis May 15 2021 Discourse analysis is a term that has come to have different interpretations for scholars working in different disciplines. For a sociolinguist, it is concerned mainly with the structure of social interaction manifested in conversation; for a psycholinguist, it is primarily concerned with the nature of comprehension of short written texts; for the computational linguist, it is concerned with producing operational models of text-understanding within highly limited contexts. In this textbook, first published in 1983, the authors provide an extensive overview of the many and diverse approaches to the study of discourse, but base their own approach centrally on the discipline which, to varying degrees, is common to them all - linguistics. Using a methodology which has much in common with descriptive linguistics, they offer a lucid and wide-ranging account of how forms of language are used in communication. Their principal concern is to examine how any language produced by man, whether spoken or written, is used to communicate for a purpose in a context.

A Narrative of the Mission Sent by the Governor-general of India to the Court of Ava in 1855 Feb 21 2022 In December 1852, at the conclusion of the second Anglo-Burmese War, the British annexed the southern and coastal regions of Burma (known as Lower Burma). Pagan Min, and later his brother Mindon Min, continued to rule Upper Burma. In 1855, Arthur Phayre, the British commissioner for the annexed territories, visited the court of Ava in Upper Burma as part of an effort to improve relations with Mindon. Henry Yule was secretary to Phayre and accompanied him on the mission. This work, written by Yule, is a modified version of the mission's report, based on Phayre's journals and Yule's own observations and impressions. The work includes detailed maps and drawings, and remains an extraordinarily valuable source for the study of the history, geography, arts, religion, and culture of Burma. A long chapter is devoted to the ruins of the ancient city of Bagan (then known as Pagan) and its temples, as they were found by the mission in 1855.

The Yule Tomte and the Little Rabbits Jan 11 2021 Grump the Yule Tomte lives all alone, which is exactly how he likes it! He's waiting for Christmas to arrive when all of a sudden a gust of wind steals his mittens from the washing line and his hat from his head. That's the last straw -- he won't be the Yule Tomte any more! Binny and Barty, the rabbit children, live with their family in the forest. They've never heard of Christmas, or the Yule Tomte, until the wind brings them

some strange gifts... All the animals in the forest prepare for the arrival of Christmas. They make presents, bake sweet treats and even write a song. But will the Yule Tomte ever bring Christmas to the big forest? This charming and funny Christmas story of a grumpy tomte and the hopeful little rabbits is told over twenty-five chapters -- one for each day of Advent -- with delightful festive illustrations. Perfect for families to share together.

A Murder Yule Regret Apr 13 2021 Freelance photographer and Yeast of Eden bakery assistant Ivy Culpepper has just scored the job of a lifetime shooting the Dickensian dress-up X-mas party thrown by It Girl film actress Eliza Fox . . . until an unwanted guest appears. A holiday costume party in the sleepy coastal town of Santa Sofia could be just the boost Ivy needs for her fledgling photography business. At the party, Ivy enters a Victorian fantasy come to life, all courtesy of the fabulous Ms. Fox. Ivy gets to play shutterbug while hanging with Scrooge, Marley, the Cratchits, and more classic Dickens characters. But what begins as the best of times turns out to be the very worst for one of the party guests—a tabloid journalist with more enemies than Ebenezer himself. When the man's body is found sprawled across the jagged rocks below the house, the fingers begin pointing at Eliza. Meanwhile, Ivy gets roped into helping prove the starlet's innocence. Her festive photos are now official evidence—and the Ghosts of Christmas Present could mean the party for Eliza is over, once and for all.

The Fires of Yule Aug 25 2019 In the myth and folklore of ancient European cultures and spiritual traditions, the longest night of the year, called Winter Solstice, was a time of transition during which people sought out personal renewal and rebirth. The Fires of Yule provides a template and a pattern for entering deeply into the Winter Solstice Season, experiencing it in poetic and transformative ways through a contemporary calendar called The Thirteen Days of Yule. Readers of The Fires of Yule will follow a pilgrim path of the Thirteen Days from 13 to 25 December, engaging in various myths, symbols, stories, and rituals associated with each day. Becoming practitioners of the Yule, deepening their experience of the Winter Solstice, they will move beyond the more banal and commercialized forms of the December holidays. The calendar of the Thirteen Days is sourced (historically) in Celtic myth and Paganism, as well as (imaginatively) in the lore of the Elves of ancient pre-Celtic worlds. This book brings together many of the best-known icons and customs of modern Christmas traditions, re-sourcing them in the light of a Pagan Hearth and offering touchstones for self-renewal at Winter Solstice. This revised edition of The Fires of Yule presents the mystic pattern of Thirteen Days in its fullest expression, narrated in the voice of a fictional character, Cornelius Whitsel, a student of religion and a Pagan spiritual director in the Keltelven Traditions who lives in the imagined landscape of Ross County, Pennsylvania. Cornelius has been a character in two of Montague Whitsels other books; Ham Farir: The Faring of Matthew Thorin Dier (2008) and Tales from the Seasons (2009). The Fires of Yule is the culmination of more than three decades of the authors devout engagement with the Yule and deep reflection on the nature of the Winter Solstice. Montague Whitsel has explored, studied and practiced Western spiritualities grounded in the Celtic, Neo-Pagan and Monastic traditions for more than 40 years.

Carols and Yule Perils Mar 25 2022 When tidings of good cheer deliver a murder, will this psychic sleuth's chestnuts get roasted? Mitzy Moon looks forward to cutting her own Christmas tree in the northland's dense forest. But the adventure loses its thrill after the pristine blanket of snow reveals a blood trail. Her heart thuds with fear when that trail leads to a body, and brings her Yuletide festivities to a deadly end. When her only employee becomes the prime suspect, Mitzy's forced to take the case. She'll need the help of her eavesdropping Ghost-ma and a spoiled feline to tap out the clues. But each break in the case seems to dig a deeper hole for her helper. Can Mitzy wade through the sticky situation, or will her Yule log go up in smoke? Carols and Yule Perils is the sixteenth book in the hilarious paranormal cozy mystery series, Mitzy Moon Mysteries. If you like snarky heroines, supernatural intrigue, and a dash of romance, then you'll love Trixie Silvertale's twisty holiday whodunit. Buy Carols and Yule Perils to wrap up a culprit today!

London Society Aug 06 2020

Pagan Christmas Aug 30 2022 An examination of the sacred botany and the pagan origins and rituals of Christmas • Analyzes the symbolism of the many plants associated with Christmas • Reveals the shamanic rituals that are at the heart of the Christmas celebration The day on which many commemorate the birth of Christ has its origins in pagan rituals that center on tree worship, agriculture, magic, and social exchange. But Christmas is no ordinary folk observance. It is an evolving feast that over the centuries has absorbed elements from cultures all over the world--practices that give plants and plant spirits pride of place. In fact, the symbolic use of plants at Christmas effectively transforms the modern-day living room into a place of shamanic ritual. Christian Rättsch and Claudia Müller-Ebeling show how the ancient meaning of the botanical elements of Christmas provides a unique view of the religion that existed in Europe before the introduction of Christianity. The fir tree was originally revered as the sacred World Tree in northern Europe. When the church was unable to drive the tree cult out of people's consciousness, it incorporated the fir tree by dedicating it to the Christ child. Father Christmas in his red-and-white suit, who flies through the sky in a sleigh drawn by reindeer, has his mythological roots in the shamanic reindeer-herding tribes of arctic Europe and Siberia. These northern shamans used the hallucinogenic fly agaric mushroom, which is red and white, to make their soul flights to the other world. Apples, which figure heavily in Christmas baking, are

symbols of the sun god Apollo, so they find a natural place at winter solstice celebrations of the return of the sun. In fact, the authors contend that the emphasis of Christmas on green plants and the promise of the return of life in the dead of winter is just an adaptation of the pagan winter solstice celebration.

The 12 Days O Yule Jun 15 2021 A stunningly illustrated Scots version of The Twelve Days of Christmas.

Coloring Book of Shadows Jun 23 2019 ** Premium 70# Paper Hardback Version** NEW COVER -- ORIGINALLY PUBLISHED OCT. 2016 Have You Always Known You Were Magic? A "Book of Shadows" is a journal to record your path of magic. If you seek it, magic will unfold before you in fantastic ways. All you have to do is take the first curious steps and follow where it leads. Let your journey unfold as you color enchanting illustrations and record your own spells and discoveries on the pages within this book. Find your magic with coloring and creativity

The Old Magic of Christmas Jun 03 2020 Not so very long ago, Yuletide was as much a chilling season of ghosts and witches as it was a festival of goodwill. In The Old Magic of Christmas you'll find a Christmas bestiary and a White Witch's herbal, as well as tips for delving more deeply into your relationship with the unseen. Bring the festivities into your home with cookie recipes and ornament making while brushing elbows with veiled spirits and discovering the true perils of elves. Rife with the more frightful characters from folklore and the season's most petulant ghosts, this book takes you on a spooky sleigh ride from the silvered firs of a winter forest to the mirrored halls of the Snow Queen.

Krampus Mar 13 2021 "Terrific. A wild ride....I loved it. It hooked me and I couldn't put it down." —Mike Mignola, creator of Hellboy "Brom is that rare breed: a person who is skilled in more than one area of artistic expression. Here's hoping that he will continue to share his dark and often beautiful dreams with us for many years to come." --Christopher Paolini, New York Times bestselling author of Eragon Acclaimed author and artist Brom raised eyebrows and pulse rates with The Child Thief, his grim, brilliantly audacious, gorgeously illustrated reimaging of the Peter Pan legend. So what does this innovative fantasist do for an encore? He tinkers darkly with the beloved mythology of Santa Claus. Set in Appalachia, Krampus the Yule Lord is a twisted fairytale about a failed West Virginia songwriter who gets ensnared on Christmas Eve in an eternal war between a not-so-saintly Saint Nick and his dark enemy Krampus, aka Black Peter, an ancient trickster demon. Krampus the Yule Lord is Gregory Maguire (Wicked) meets Susanna Clarke (Jonathan Strange & Mr. Norrell) in the realm of Guillermo Del Toro's Pan's Labyrinth, as Clive Barker (Mr. B. Gone) works his dark sorcery from the shadows. Once again featuring Brom's chillingly beautiful artwork throughout, Krampus the Yule Lord is a feast of wonder straight from the kitchen of Sweeney Todd.

Yule Jun 27 2022 Celebrates the history, traditions, and symbols of Yule, offering advice on gifting, feasting, and commemorating the Yuletide season around the world.

A Uld Yule and Other Poems Jul 05 2020 Reprint of the original, first published in 1869.

Referential Communication Tasks Aug 18 2021 Referential communication is the term given to communicative acts, generally spoken, in which some kind of information is exchanged between one speaker and another. This information exchange is typically dependent on successful acts of reference, whereby entities (human and non-human) are identified (by naming or describing), are located or moved relative to other entities (by giving instructions or directions), or are followed through sequences of locations and events (by recounting an incident or

a narrative). These "activities" are examples of events that are more typically described as "tasks" in the area of second language studies. These might be real world tasks encountered in everyday experience or pedagogical tasks specifically designed for second language classroom use. This volume comprehensively documents and describes the veritable explosion of task-based research in language acquisition. In a succinct, yet easily accessible fashion, it presents the origins, principles, and key distinctions of referential communication research in first and second language studies, complete with exhaustive analyses and illustrations of different types of materials. The author also describes and evaluates different choices for using or modifying these materials, provides analytic frameworks for focusing on various aspects of the data elicited by these tasks, and includes an extensive bibliography plus an appendix showing original task materials.

Bulletin Oct 27 2019

Teaching the Spoken Language Dec 22 2021 *Teaching the Spoken Language* is about teaching the spoken language. It presents in a highly accessible form the results of the author's important research on teaching and assessing effective spoken communication. The authors examine the nature of spoken language and how it differs from written language both in form and purpose. A large part of it is concerned with principles and techniques for teaching spoken production and listening comprehension. An important chapter deals with how to assess spoken language. The principles and techniques described apply to the teaching of English as a foreign and second language, and are also highly relevant to the teaching of the mother tongue.

Yule Sep 30 2022 Llewellyn's Sabbath Essentials series explores the old and new ways of celebrating the seasonal rites that are the cornerstones in the witch's year. A well-rounded introduction to Yule, this attractive book features rituals, recipes, lore, and correspondences. It includes hands-on information for modern celebrations, spells and divination, recipes and crafts, invocations and prayers, and more! Yule—also known as Midwinter—is when nighttime has reached its maximum length, but there is a promise of brighter days to come as candles are lit and feasts are enjoyed. This guide to the history and modern celebration of Yule shows you how to perform rituals and magic to celebrate and work with the energy of the winter solstice.

The Travels of Marco Polo Sep 06 2020 A vast treasury of invaluable observations on the peoples and geography of the Near East and Asia in the 13th century. Detailed descriptions of cities, customs, laws, crops, animals, politicals, more.

Popular Rhymes of Scotland Feb 09 2021

A Statistical Biography of George Udny Yule Jul 17 2021 Udny Yule's seminal influence on time series analysis has long been recognized but much less

recognized is that Yule was not only a wonderful expositor but that he had also published equally important research in an extraordinarily wide range of fields, from developing the theory of correlation and regression to providing mathematical models of evolutionary behavior, and from analyzing data on pauperism to using statistical methods to resolve cases of disputed authorship of medieval manuscripts. Yet little has been written about Yule and his work, apart from a few scattered articles, since his death in 1951 and the two obituaries that appeared in the following year. This book is an opportune moment to redress the balance and to embark on the first major study of Yule's statistical research and subsequent legacy. Part of the text's title is taken from Yule's 1920 article in the *Cambridge Review*, 'The wind bloweth where it listeth', where Yule coined the phrase 'loafers of the world' to describe free spirits of academe, who have become an increasingly rare breed in modern university life. Udny Yule was Lecturer, then Reader, in Statistics at Cambridge University, England, from 1912 to 1930. He was a member, then Fellow, of St John's College, at Cambridge University, from 1913 until his death in 1951. He was a member of the Royal Statistical Society from 1895 until his death, was awarded the Society's Guy Medal in Gold in 1911, and was President from 1924 to 1926. Yule was awarded a C.B.E. in 1919 for his work during the First World War in the War Office and the Ministry of Food.

Yule Families of Angus and Kinross-shire, Scotland Dec 10 2020

The Study of Language Jul 29 2022 This best-selling textbook provides an engaging and user-friendly introduction to the study of language. Assuming no prior knowledge in the subject, Yule presents information in short, bite-sized sections, introducing the major concepts in language study - from how children learn language to why men and women speak differently, through all the key elements of language. This fourth edition has been revised and updated with twenty new sections, covering new accounts of language origins, the key properties of language, text messaging, kinship terms and more than twenty new word etymologies. To increase student engagement with the text, Yule has also included more than fifty new tasks, including thirty involving data analysis, enabling students to apply what they have learned. The online study guide offers students further resources when working on the tasks, while encouraging lively and proactive learning. This is the most fundamental and easy-to-use introduction to the study of language.

Grandmother Spider Brings the Sun May 03 2020 After Possum and Buzzard fail in their attempts to steal a piece of the sun, Grandmother Spider succeeds in bringing light to the animals on her side of the world.

Toward a Motivation Model of Pragmatics Oct 08 2020 With the "discursive turn" has come a distrust - a complete rejection by some - of theories that seek deeper reasons for surface phenomena. Rong Chen argues that this distrust, with its accompanying overemphasis on specificity and fluidity of linguistic meaning and social values, is unwarranted and unhelpful. Drawing on insights from social theories and various strands of pragmatics, he proposes a motivation model of pragmatics (MMP), contending that language use can be adequately, coherently, and elegantly studied via the motivation behind it in its varied and dynamic

contexts. The model, with its well-laid out components, is then applied to (im)politeness research, cross-cultural pragmatics, diachronic pragmatics, discourse and genre analysis, conversation analysis, identity construction, and the study of metaphor, sarcasm, parody, and lying. MMP is thus a framework aimed at accounting for fluidity with stable notions, specificity with general principles, and differences with similar underlying factors. As such, the book should appeal to students of pragmatics, (im)politeness, conversation analysis, sociolinguistics, applied linguistics, communication, sociology, and psychology.
