**The Mist in the Mirror** Dec 26 2019 For the last twenty years Sir James Monmouth has been a gentleman adventurer, journeying all over the globe in the footsteps of his hero, the great pioneering traveller Conrad Vane. One rainy winter night, Sir James returns to London. Orphaned at five, it is now time to find out more about his family and origins, and also to learn about the early years of Conrad Vane. But at every turn James is warned off his investigation into Conrad Vane. Do these warnings explain his flashes of intense fear and feelings of being watched? And what of the boy who has started haunting his every step and the mysterious mirror with its inexplicable reflections? Eventually, Sir James's quest leads him to the old lady of Kittiscar Hall, and deep into a past that binds him to his hero in ways he never could have imagined.

**Mom and Me and Mom** Jun 24 2022 'In the first decade of the twentieth century, it was not a good time to be born black, or woman, in America.' So begins this stunning portrait of Vivian Baxter Johnson: the first black woman officer in the Merchant Marines, purveyor of a gambling business and rooming house, and mother to Maya Angelou, beloved and bestselling author I KNOW WHY THE CAGED BIRD SINGS. 'A brilliant writer, a fierce friend and a truly phenomenal woman' BARACK OBAMA Anyone who's read the classic, I Know Why the Caged Bird Sings, knows Maya Angelou was raised by her paternal grandmother in Stamps, Arkansas. In Mom & Me & Mom, Angelou details what brought her mother to send her away and unearths the well of emotions Angelou experienced long afterward as a result. While Angelou's six autobiographies tell of her out in the world, influencing and learning from statesmen and cultural icons, Mom & Me & Mom shares the intimate, emotional story about her own family. 'She moved through the world with unshakeable calm, confidence and a fierce grace . . . She will always be the rainbow in my clouds' OPRAH WINFREY 'She was important in so many ways. She launched African American women writing in the United States. She was generous to a fault. She had nineteen talents - used ten. And was a real original. There is no duplicate' TONI MORRISON

*A Passage To Africa* Sep 03 2020 As a five-year-old, George Alagiah emigrated with his family to Ghana - the first African country to attain independence from the British Empire. A PASSAGE TO AFRICA is Alagiah's shattering catalogue of atrocities crafted into a portrait of Africa that is infused with hope, insight and outrage. In vivid and evocative prose and with a fine eye for detail Alagiah's viewpoint is spiked with the freshness of the young George on his arrival in Ghana, the wonder with which he recounts his first impressions of Africa and the affection with which he dresses his stories of his early family life. A sense of possibility lingers, even though the book is full of uncomfortable truths. It is a book neatly balanced on his integrity and sense of obligation in his role as a writer and reporter. The shock of recognition is always there, but it is the personal element that gives A PASSAGE TO AFRICA its originality. Africa becomes not only a group of nations or a vast continent, but an epic of individual pride and suffering.

*Between a Rock and a Hard Place* Jul 25 2022 One of the most extraordinary survival stories ever told -- Aron Ralston's searing account of his six days trapped in one of the most remote spots in America, and how one inspired act of bravery brought him home. It started out as a simple hike in the Utah canyonlands on a warm Saturday afternoon. For Aron Ralston, a twenty-seven-year-old mountaineer and outdoorsman, a walk into the remote Blue John Canyon was a chance to get a break from a winter of solo climbing Colorado's highest and toughest peaks. He'd earned this weekend vacation, and though he met two charming women along the way, by early afternoon he finally found himself in his element: alone, with just the beauty of the natural world all around him. It was 2:41 P.M. Eight miles from his truck, in a deep and narrow slot canyon, Aron was climbing down off a wedged boulder when the rock suddenly, and terrifyingly, came loose. Before he could get out of the way, the falling stone pinned his right hand and wrist against the canyon wall. And so began six days of hell for Aron Ralston. With scant water and little food, no jacket for the painfully cold nights, and the terrible knowledge that he'd told no one where he was headed, he found himself facing a lingering death -- trapped by an 800-pound boulder 100 feet down in the bottom of a canyon. As he eliminated his escape options one by one through the days, Aron faced the full horror of his predicament: By the time any possible search and rescue effort would begin, he'd most probably have died of dehydration, if a flash flood didn't drown him before that. What does one do in the face of almost certain death? Using the video camera from his pack, Aron began recording his grateful good-byes to his family and friends all over the country, thinking back over a life filled with adventure, and documenting a last will and testament with the hope that someone would find it. (For their part, his family and friends had instigated a major search for Aron, the amazing details of which are also documented here for the first time.) The knowledge of their love kept Aron Ralston alive, until a divine inspiration on Thursday morning solved the riddle of the boulder. Aron then committed the most extreme act

imaginable to save himself. Between a Rock and a Hard Place -- a brilliantly written, funny, honest, inspiring, and downright astonishing report from the line where death meets life -- will surely take its place in the annals of classic adventure stories.

*The Official History of the British Civil Service* Jul 13 2021 This first volume of the Official History of the UK Civil Service covers its evolution from the Northcote-Trevelyan Report of 1854 to the first years of Mrs Thatcher's government in 1981. Despite current concerns with good governance and policy delivery, little serious attention has been paid to the institution vital to both: the Civil Service. This Official History is designed to remedy this by placing present problems in historical context and by providing a helpful structure in which others, and particularly former officials, may contribute to the debate. Starting with the seminal 1854 Northcote-Trevelyan Report, it covers the 'lost opportunity' of the 1940s when the Service failed to adapt the needs of 'big government' as advocated by Beveridge and Keynes. It then examines, in greater detail, the belated attempts at modernisation in the 1960s, the Service's vilification in the 1970s and the final destruction of the 'old order' during the first years of Mrs Thatcher's government. Particular light is shed on the origins of such current concerns as the role of special advisers the need for a Prime Minister's Department the evolution of Parliamentary Select Committees to resolve the potential tension between

bureaucracy and Parliamentary democracy. This Official History is based on extensive research into both recently released and unreleased papers as well as interviews with leading participants. It has important lessons to offer all those, both inside and outside the UK, seeking to improve the quality of democratic government. This book will be of great interest to all students of British history, British government and politics, and of public administration in general.

**Stuck In The Sixties** Oct 24 2019 The 1960s were a colorful, tumultuous age that transformed American society. Ever since the decade ended, Americans have debated the changes that it unleashed. While most liberals argue that the era's effects were mainly positive and long overdue, conservatives perceive the 1960s as a disastrous time that has left ruinous legacies for us. *Stuck in the Sixties* analyzes conservatives' views about the 1960s era and its legacies by examining their discourse about such sixties figures and movements as John F. Kennedy, Martin Luther King, Jr., the civil-rights movement, the Warren Court, the Great Society, the Vietnam War, the anti war movement, the New Left, and the counterculture. The book reveals that, for a generation, a focus on attacking and reversing the legacies of the 1960s has been essential to the conservative Republican agenda.
