[The Time Machine : Om Illustrated Classics](#) Jul 22 2021 The Time Machine is one of the most influential science fiction novels of all time. It is an adventure story documenting the Time Traveller's travel into the future by a machine constructed by him. Once there, he discovered that society, as he knows it, has fallen into ruins. All that is left are remnants of crumbling buildings and overgrown vegetation. He comes in contact with two species instead of modern humans. Much of the novel concerns the Time Traveller's horrifying discovery of this divided world. It gradually becomes apparent that the novel is more than an adventure story; it is also a parable about the ultimate kind of society

stratified by class, by those who have and those who do not. The book is a work of great imagination that can be read and appreciated by fans of both Science Fiction and Non-Science Fiction.

Beyond the Frozen Hills Oct 25 2021 There is an age-old myth about the Himalayas being home to a ferocious beast called the yeti or the abominable snowman. Are the legends true or just a product of human imagination? After the death of their parents in a car accident, Zaraveeh and her elder sister (mimi) Maviah leave Itanagar to stay with their Aunt Lobsang in the picturesque town of Tawang, a place of inhospitable winters but generous and warm-hearted people. In Tawang, Zaraveeh leads a happy childhood with her sister (who has stopped speaking after the accident) under the care of her aunt. But as life would have it, when their aunt dies of cancer, she finds herself lost in a dark pit of helplessness and depression. On a hunch that climbing hills and mountains could be her calling, she makes an attempt to climb Yarchin, a peak she can see from her home, and which has fascinated her from when she was a child. As Zaraveeh tried to make a difficult descent, a miscalculation leads her to slip and fall. When she regains consciousness, she finds herself staring into the lion-like amber eyes of a strange creature, and now she is terrified that her life is over and that the beast will in all probability kill her. What happens to Zaraveeh? Will the creature kill her? Or by a miracle, will she be able to escape?

Blood in the Hills Jun 01 2022 To many antebellum Americans, Appalachia was a frightening wilderness of lawlessness, peril, robbers, and hidden dangers. The extensive media coverage of horse stealing and scalping raids profiled the region's residents as intrinsically violent. After the Civil War, this characterization continued to permeate perceptions of the area and news of the conflict between the Hatfields and the McCoys, as well as the bloodshed associated with the coal labor strikes, cemented Appalachia's violent reputation. Blood in the Hills: A History of Violence in Appalachia provides an in-depth historical analysis of hostility in the region from the late eighteenth to the early twentieth century. Editor Bruce E. Stewart discusses aspects of the Appalachian violence culture, examining skirmishes with the native population, conflicts resulting from the region's rapid modernization, and violence as a function of social control. The contributors also address geographical isolation and ethnicity, kinship, gender, class, and race with the purpose of shedding light on an often-stereotyped regional past. Blood in the Hills does not attempt to apologize for the region but uses detailed research and analysis to explain it, delving into the social and political factors that have defined Appalachia throughout its violent history.

Think and Grow Rich Dec 03 2019 *Think and Grow Rich* has been called the "Granddaddy of All Motivational Literature." It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself. The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized in this one. In the original *Think and Grow Rich*, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers.

The Black Hill Jun 28 2019 Set in the mid-nineteenth century, the action takes place in the Northeast—the region that spreads from Assam to Arunachal today. The East India Company is seeking to make inroads into the region and the local people—in particular the Abor and Mishmee tribes fear their coming and are doing all they can to keep them out of their territories. The author takes a recorded historical event—the mysterious disappearance of a French priest, Father Nicolas Krick in the 1850s and the execution of Kajinsha from the Mishmee tribe for his murder and woven a gripping, densely imagined work of fiction around it. And, even as the novel tells the story of an impossible journey and an elopement, it explores the themes of the lure of unknown worlds, the love people have for each other and their land and the forces of history. Gimur, a girl from the Abor tribe, runs away with Kajinsha from the Mishmee tribe and they settle down on his land near the Tibetan border. Father Krick's attempts to reach Tibet to set up a Jesuit mission are foiled repeatedly by the local people not because of any personal animus towards the priests or their work but because they feel rightly that once the priests come, the British, with their guns and their garrisons will follow. The story revolves around events in Gimur's and Kajinsha's villages and is also seen from the point of view of Father Krick, a gentle, intelligent man, devout but no bigot, whose determination to reach Tibet no matter what the cost, impacts tragically on all those who encounter him.
