**The American Duchess Guide to 18th Century Dressmaking** Jun 27 2022  
Bring History to Life Whether you wish you could time travel to the court of Versailles or the Highlands of Scotland, this comprehensive guide will walk you through how to make and wear your 18th century dream gown. Lauren Stowell and Abby Cox of American Duchess have endeavored to make the impossible possible by bringing historically accurate dressmaking techniques into your sewing room. Learn how to make four of the most iconic 18th century silhouettes—the English Gown, Sacque Gown, Italian Gown and Round Gown—using the same hand sewing techniques done by historic dressmakers. From large hoops to full bums, wool petticoats to grand silk gowns, ruffled aprons to big feathered hats, this manual has project patterns and instructions for every level of 18th century sewing enthusiast. With Lauren and Abby's guidance, you'll feel as if you just stepped out of an 18th century portrait. **The American Duchess Guide to 18th Century Dressmaking**

demystifies 18th century fashion and sewing techniques so that you can wear these beautiful gowns with confidence and style.

Saltcoats: An 18th Century Nantucket Cottage Jan 11 2021 In 2016 Saltcoats, a Nantucket cottage tiny in stature but large in history, celebrates its 270th birthday. James Gardner, a hatter, built the half-house, as it is known in 1746 for his bride Judith Folger. He would be dead of consumption within eighteen months but Judith and her family would continue as stewards of the property for ninety years. Judith would remarry, bear ten children and become a leader in the island's Quaker Meeting. In recognition of her leadership role in eighteenth century Nantucket as well as the publication of this house history, the Nantucket Preservation Trust awarded Saltcoats a commemorative marker.

Jonathan Swift and the Eighteenth-Century Book Oct 20 2021 Jonathan Swift lived through a period of turbulence and innovation in the evolution of the book. His publications, perhaps more than those of any other single author, illustrate the range of developments that transformed print culture during the early Enlightenment. Swift was a prolific author and a frequent visitor at the printing house, and he wrote as critic and satirist about the nature of text. The shifting moods of irony, complicity and indignation that characterise his dealings with the book trade add a layer of complexity to the bibliographic record of his published works. The essays collected here offer the first comprehensive, integrated survey of that record. They shed new light on the politics of the eighteenth-century book trade, on Swift's innovations as a maker of books, on the habits and opinions revealed by his commentary on printed texts and on the re-shaping of the Swiftian book after his death.

*Gibbs' Book of Architecture* Jan 23 2022 Gibbs's legendary 1728 folio includes perspectives and blueprints for such magnificent commissions as London's St. Martin in the Fields; the Senate House of the University of Cambridge; plus fine drawings of marble cisterns, iron gates, funeral monuments, and more.

**Shakespeare in the Eighteenth Century** Mar 13 2021 This book examines Shakespeare's influence and popularity in all aspects of eighteenth-century literature, culture and society.

*At Home in the Eighteenth Century* Mar 25 2022 The eighteenth-century home, in terms of its structure, design, function, and furnishing, was a site of transformation – of spaces, identities, and practices. Home has myriad meanings, and although the eighteenth century in the common imagination is often associated with taking tea on polished mahogany tables, a far wider world of experience remains to be introduced. *At Home in the Eighteenth Century* brings together factual and fictive texts and spaces to explore aspects of the typical Georgian home that we think we know from Jane Austen novels and extant country houses while also engaging with uncharacteristic and

underappreciated aspects of the home. At the core of the volume is the claim that exploring eighteenth-century domesticity from a range of disciplinary vantage points can yield original and interesting questions, as well as reveal new answers. Contributions from the fields of literature, history, archaeology, art history, heritage studies, and material culture brings the home more sharply into focus. In this way *At Home in the Eighteenth Century* reveals a more nuanced and fluid concept of the eighteenth-century home and becomes a steppingstone to greater understanding of domestic space for undergraduate level and beyond.

*Eighteenth Century Scotland* Nov 28 2019 Based on a two-year seminar series at the Research Centre in Scottish History at the University of Strathclyde, this text aims to illuminate the part played by 18th century history in the creation of modern Scotland. It contains original research and historiographical overviews and commentaries.

**Chap-books of the Eighteenth Century** Oct 08 2020

*The Heavenly City of the Eighteenth-century Philosophers* Aug 06 2020 Here a distinguished American historian challenges the belief that the eighteenth century was essentially modern in its temper. In crystalline prose Carl Becker demonstrates that the period commonly described as the Age of Reason was, in fact, very far from that; that Voltaire, Hume, Diderot, and Locke were living in a medieval world, and that these philosophers "demolished the Heavenly City of St. Augustine only to rebuild it with more up-to-date materials." In a new foreword, Johnson Kent Wright looks at the book's continuing relevance within the context of current discussion about the Enlightenment. "Will remain a classic--a beautifully finished literary product."--Charles A. Beard, *American Historical Review* "The Heavenly City of the Eighteenth-Century Philosophers remains one of the most distinctive American contributions to the historical literature on the Enlightenment. . . . [It] is likely to beguile and provoke readers for a long time to come."--Johnson Kent Wright, from the foreword

**American Furniture of the 18th Century** Oct 27 2019 The history and construction of 18th century American furniture is examined in this critical evaluation that looks at the topic both from an aesthetic and technical point of view

*A Great and Monstrous Thing* Jul 29 2022 *A Great and Monstrous Thing* offers a street-level view of eighteenth-century London, a city of grandeur and glitter, squalor and poverty, risen from the ashes of the Great Fire of 1666 that destroyed half its homes and great public buildings. What emerges is a society fractured by geography, politics, religion, history--and especially by class.

*A History of Science Technology and Philosophy in the 18th Century* Apr 13 2021 Published in 1938: The new volume presents a full and profusely illustrated account of progress made during the eighteenth

century in Mathematics, Mechanics, Astronomy, Physics, Meteorology, Geography, Chemistry, Biology, Medicine, Psychology, Demography, Economics, Philosophy, and Technology.

The Travels of Dean Mahomet Apr 01 2020 An Indian, Dean Mahomet recalls his years as camp-follower, servant, and subaltern officer in the East India Company's army (1769 to 1784). Mahomet's account of life in late 18th-century India and later as an emigrant to England is a fascinating look at a resourceful, multidimensional individual. Illus.

Turquerie Sep 30 2022 A sumptuous survey of the fashion for art, architecture, and decorative arts that evoked or imitated Turkish culture and captivated eighteenth-century Europe This is the first book, painstakingly researched from many scattered sources, to identify the key elements of what in our own time has become a popular and collectable area of the fine art and decorative arts: turquerie. With the arrival of Ottoman embassies and their elaborate entourages at the courts of Europe in the early eighteenth century, a fascination with all things Turkish took hold among royalty and aristocracy that lasted until the French Revolution. Turbaned figures appeared in paintings, as ceramic figures, and on the stage; tented boudoirs became the rage; and crossed crescents, palm trees, and camels featured on wall panels, furniture, and enamel boxes. Here Haydn Williams, an expert on the decorative arts, shows how it was a theme that sparked varied responses in different places. Its most intense and long-lasting expression was in France, but its reach was broad—from a pavilion built by Catherine II in Russia to the Turkish tents erected along the Elbe to celebrate a royal marriage in Dresden in 1719; from an ivory statuette of a janissary created for King Augustus II of Poland to the costumes worn for a carnival celebration in Rome in 1748. The book is organized into eight thematic and chronological chapters that concentrate on particular subjects, such as painting, tents, interiors, and costumes and settings for the stage. In all, this splendid volume enables the reader to indulge in the whimsies and fancies of the European elite of the eighteenth century.

A Tale of a Fool? Apr 25 2022 A Tale of a Fool? explores the life of Guðrún Ketilsdóttir, a peasant woman born in Iceland around 1759. Guðrún worked as a farmhand for most of her adult life, and when she died she left behind a partial autobiography, which is believed to be the oldest autobiography of an Icelandic peasant woman. In this autobiography, Guðrún writes openly about her life and provides colourful depictions of the society in which she lived, providing one of the few first-hand accounts that have survived from members of the peasant class at that time. A Tale of a Fool? demonstrates how it is possible to work with this kind of source using the methods of microhistory as a historical tool to study events and individuals of

the past. In doing so, it not only provides an illuminating study of the life of a peasant woman in the 18th and 19th centuries but also addresses the question of the methods, priorities and interpretations applied in the collecting, cataloguing and publication of women's writing. Analysing the place of the individual in traditional agrarian societies and highlighting the impact that women have had on the cultural and social history of the period, *A Tale of a Fool?* is ideal for researchers of microhistory and early modern Iceland/Scandinavia.

Laurence Sterne and the Eighteenth-Century Book Sep 18 2021 Offers new readings of Laurence Sterne's *Tristram Shandy* by considering its design features alongside broader developments in eighteenth-century book production.

**Candide** Aug 18 2021 *Candide* by Voltaire from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. "Do you believe," said Candide, "that men have always massacred each other as they do today, that they have always been liars, cheats, traitors, ingrates, brigands, idiots, thieves, scoundrels, gluttons, drunkards, misers, envious, ambitious, bloody-minded, calumniators, debauchees, fanatics, hypocrites, and fools?" Do you believe," said Martin, "that hawks have always eaten pigeons when they have found them?" – Voltaire, *Candide* *Candide* is a young man who is raised in wealth to be an optimist but when he is forced to make his own way in the world, his assumptions and outlook are challenged.

*Fashion in Detail: 1600 - 1800* Dec 22 2021 A rare, close-up look at the exquisite, labor-intensive details seen in fine eighteenth century clothing This beautifully illustrated book reveals sharp pleats, high collars, gleaming pastes, colorful beads, elaborate buttons, and intricate lacework that make up some of the garments in the Victoria and Albert Museum's extensive fashion collection. With an authoritative text, exquisite color photography of garment details, and line drawings and photographs showing the complete construction of each piece, the reader has the unique opportunity to examine up close historical clothing that is often too fragile to be on display. It is an inspirational resource for students, collectors, designers, and anyone who is fascinated by fashion and costume. This new edition features an updated design, fresh content and new research, a comprehensive index, and an introduction that focuses on the makers and processes involved in producing 18th-century fashion.

*Consuming Subjects* Sep 06 2020 *Consuming Subjects* is an insightful exploration of the origin of the modern idea of women as shoppers. Kowaleski-Wallace considers the origins of current ideas about women and consumerism to call into question the "natural" link between women and the commodities they buy. While previous scholars have posited the nineteenth-century department store and arcade as the

crucial place for understanding the emergence of the female consumer, Kowaleski-Wallace argues that the eighteenth century yields a keener understanding by allowing us to view the foundations of contemporary cultural practices. Drawing on feminist criticism, cultural studies, and new historical ideas, she surveys eighteenth-century literary texts, material objects -such as china- and cultural events to illuminate the ways in which women are both controlled and empowered through images of consumption. Kowaleski-Wallace links the rise of shopping to the appearance of modern pornography: like pornography, shopping embodies a cultural fantasy, claiming to locate and control female "pleasure." This elegant study is an important contribution to eighteenth-century studies and will appeal to a broader audience of readers interested in feminist and cultural issues.

**Figured in Marble** Jan 29 2020 This work is a study of 18th-century British sculpture, illustrated with sculptures from both the V&A and the J. Paul Getty Museum and also many impressive pieces from private collections and churches. The book starts suggesting new ways of looking at 18th-century sculpture and exploring its relationship to themes that have figured prominently in recent discussions on British painting. The relationship between painting and sculpture, and the links between making and viewing, are themes that are explored throughout the book. The chapters are arranged in five sections, each prefaced by a brief introduction, forming groups of case studies which illustrate approaches to- writing sculptural histories; design, making and materials; categories and genres; and finally, settings, collecting and display. Each chapter is in itself a richly informative and original contribution to the history of sculpture and together they form a coherent and authoritative account of a major aspect of British art. As well as establishing itself as a major study within this field, the book provides a useful introduction to 18th-century sculpture which complements more recent standard literature on British painting.

Experiments and Observations on Electricity, Made at Philadelphia in America Mar 01 2020

*The Georgians* Feb 21 2022 A comprehensive history of the Georgians, comparing past views of these exciting, turbulent, and controversial times with our attitudes today. The Georgian era is often seen as a time of innovations. It saw the end of monarchical absolutism, global exploration and settlements overseas, the world's first industrial revolution, deep transformations in religious and cultural life, and Britain's role in the international trade in enslaved Africans. But how were these changes perceived by people at the time? And how do their viewpoints compare with attitudes today? In this wide-ranging history, Penelope J. Corfield explores every aspect of Georgian life—politics and empire, culture and society, love and violence, religion and science, industry and towns. People's responses at the

time were often divided. Pessimists saw loss and decline, while optimists saw improvements and light. Out of such tensions came the Georgian culture of both experiment and resistance. Corfield emphasizes those elements of deep continuity that persisted even within major changes, and shows how new developments were challenged if their human consequences proved dire.

Pirates and Privateers in the 18th Century Jul 25 2019 *Pirates and Privateers* tells the fascinating story of the buccaneers who were the scourge of merchants in the 18th Century. It examines their lifestyle, looking at how the sinking of the Spanish treasure fleet in a storm off the coast of Florida led to a pirate's gold rush; how the King's Pardon was a desperate gamble - which paid off - and considers the role of individual island governors, such as Woodes Rogers in the Bahamas, in bringing piracy under control. The book also looks at how piracy has been a popular topic in print, plays, songs and now films, making thieves and murderers into swash-buckling heroes. It also considers the whole question of buried treasure - and gives a lively account of many of the pirates who dominated the so-called 'Golden Age' of Piracy.

*Scotland in the Eighteenth Century* Jul 17 2021 This is an introduction to Scottish history in the 18th which is completely up-to-date and gives equal emphasis to politics and religion. Once a small and isolated country with an unenviable reputation for poverty and instability, by 1800 Scotland it was emerging as an economic powerhouse, a major colonial power and an internationally acclaimed center of European philosophy, science and literature. This thematic investigation explores the experiences and responses of a people whose world was being fundamentally reconfigured and offers some topical and thought-provoking lessons from a dramatic period when, willingly or with great reluctance, the Scots adapted themselves to rapidly changing circumstances. Starting with the threshold of the Act of Union (1707) and running through to 1800 and the outbreak of the Napoleonic Wars, This book covers the impact of the Enlightenment on Scotland and Scotland's own very significant contribution to this via Adam Smith, David Hume and their circle. Setting social, cultural and economic analyses within a firm political framework, Scotland's internal story is placed in the wider context of Britain, Europe and Empire, and her role and identity within the newly united Britain assessed.

Civilization and Capitalism, 15th-18th Century, Vol. II May 15 2021 "The subject of *The Wheels of Commerce* is the development of mechanisms of exchange -- shops, markets, trade networks, and banking -- in the pre-industrial stages of capitalism."--Publisher's description.

**The Social Life of Books** Dec 10 2020 "A lively survey...her research and insights make us conscious of how we, today, use books."--John

Sutherland, *The New York Times Book Review* Two centuries before the advent of radio, television, and motion pictures, books were a cherished form of popular entertainment and an integral component of domestic social life. In this fascinating and vivid history, Abigail Williams explores the ways in which shared reading shaped the lives and literary culture of the eighteenth century, offering new perspectives on how books have been used by their readers, and the part they have played in middle-class homes and families. Drawing on marginalia, letters and diaries, library catalogues, elocution manuals, subscription lists, and more, Williams offers fresh and fascinating insights into reading, performance, and the history of middle-class home life. "Williams's charming pageant of anecdotes...conjures a world strikingly different from our own but surprisingly similar in many ways, a time when reading was on the rise and whole worlds sprang up around it."—*The Washington Post*

*The Wiley-Blackwell Encyclopedia of Eighteenth-Century Writers and Writing 1660 - 1789* Jun 15 2021 *The Wiley-Blackwell Encyclopedia of Eighteenth-Century Writers and Writing 1660-1789* features coverage of the lives and works of almost 500 notable writers based in the British Isles from the return of the British monarchy in 1660 until the French Revolution of 1789. Broad coverage of writers and texts presents a new picture of 18th-century British authorship Takes advantage of newly expanded eighteenth-century canon to include significantly more women writers and labouring-class writers than have traditionally been studied Draws on the latest scholarship to more accurately reflect the literary achievements of the long eighteenth century

**The Ephemeral Eighteenth-Century** Sep 26 2019 This history of printed ephemera's rise as an eighteenth-century cultural category transforms understanding of 'disposable' printed items.

**Daily Life in 18th-century England** May 27 2022 Eighteenth-century England comes to life in this detailed description of how ordinary people lived, worked, played and died.

**18th Century Embroidery Techniques** May 03 2020 Filled with intricate drawings, color photos of museum-held pieces, and excerpts from 18th-century writings, this highly readable book explains how embroiderers embellished the sumptuous clothing of the day. Gain insights into the working life of 18th-century embroiderers; and study the tools, equipment, stitches, and threads employed to embroider everything from petticoats to a polonaise robe. And learn techniques as relevant today as they were then, including working with metal thread and spangles, silk embroidery, quilting, tambour, and the forgotten arts of Hollie Point and knotting. A must for students of embroidery, fashion, and textiles; historical costume creators; collectors; and needlework enthusiasts.--From publisher description.

**Eighteenth-century Keyboard Music** Jun 23 2019 *18th-Century Piano*

Music focuses on the core composers of the 18th century repertoire. Each chapter is written by a well-known scholar in the field, and includes history, musical examples, and analysis.

**Fr. Bouchet's India** Aug 30 2022 Jean Venant Bouchet, 1655-1732, Jesuit missionary from France.

**Recreating the 18th Century Powder Horn** Jul 05 2020

*English Society in the 18th Century* Nov 01 2022 A portrait of 18th century England, from its princes to its paupers, from its metropolis to its smallest hamlet. The topics covered include - diet, housing, prisons, rural festivals, bordellos, plays, paintings, and work and wages.

The English Press in the Eighteenth Century (Routledge Revivals) Jun 03 2020 First published in 1987, this is a comprehensive analysis of the rise of the British Press in the eighteenth century, as a component of the understanding of eighteenth century political and social history. Professor Black considers the reasons for the growth of the "print culture" and the relations of newspapers to magazines and pamphlets; the mechanics of circulation; and chronological developments. Extensively illustrated with quotations from newspapers of the time, the book is a lively as well as original and informative treatment of a topic that must remain of first importance for the literate historian.

*18th Century English Furniture* Dec 30 2019 Focuses upon English mahogany furniture of the eighteenth century

Dress in France in the Eighteenth Century Nov 08 2020 Examines European dress as it evolved in 18th-century France. The text looks at French dress first from an aesthetic point of view, describing in detail fashionable and everyday clothes. It then examines the social and economic factors affecting fashion and compares styles in major European cities.

The Cambridge Companion to Eighteenth-Century Opera Nov 20 2021 The perfect accompaniment to courses on eighteenth-century opera for both students and teachers, this Companion is a definitive reference resource.

**Three 18th-century sonatas for cello and continuo** Aug 25 2019 The first modern editions of three attractive eighteenth-century cello sonatas of moderate technical ability. Together, they offer an invaluable introduction to the literature of a period that saw a great flowering in the cello's development. These practical performing editions provide suggested ornamentation for cello, and keyboard realizations that have been kept deliberately simple. Titles: Chinzer: Sonata Op. 1 No. 6 in G minor \* Brevall: Sonata Op. 28, No. 4 in G major \* Porta: Sonata in B-flat major

Casanova's Guide to Medicine Feb 09 2021 Forget the stereotype! Giacomo Casanova's (1725-1798) reputation as libertine has sadly eclipsed his talents as scholar, linguist, prolific writer and manqué

doctor. Fortunately for us, he wrote his memoirs at the end of his life on the advice of his doctor to control his propensity to depression. Although these often have been harvested for information on political, cultural and social aspects of his time, the insights they give about medical practice and the lived experiences of illness have been largely neglected. This book addresses this deficiency through exploring in detail what Casanova wrote on a variety of conditions that include venereal disease and female complaints, duelling injuries, suicide, skin complaints and stroke and even piles. These descriptions provide alternately grim and amusing insights about public health measures, the doctor-patient relationship, medical etiquette and the dominant medical theories of the era. To help the reader understand the historical significance of the medical subjects covered, the author integrates throughout the book an extensive historical context drawn from contemporary sources of information and current history of medicine literature
