Land Law in Ireland Mar 12 2021 This textbook gives detailed discussion to modern and developing areas of the law, as well as setting the legal issues in the context of competing social policies. This edition includes over 250 new case references reflecting recent developments in case law, particularly in areas such as proprietary estoppel, the Succession Act 1965 and easements. New sections include profits prendre, future easements, succession and planning. It also covers Northern Ireland land law in response to the Property (Northern Ireland) Order 1997.

Irish Land Law Dec 09 2020 Custom publishing for Queen's University Belfast Comprehensive and clear, this book not only covers the subject of Irish land law with depth and detail, it also offers invaluable information on equity, trusts and succession.

Architect's Legal Pocket Book Feb 29 2020 A little book that's big on information, the Architect's Legal Pocket Book is the definitive reference on legal issues for architects and architectural students. This handy pocket guide covers key legal principles which will help you to quickly understand the law and where to go for further information. Now in a fully updated new edition, this bestselling book covers a wide range of subjects focused on the UK including building legislation, negligence, liability, planning policy and development, listed buildings, party wall legislation, and rights of light. This edition also contains greater coverage of contracts including the RIBA contracts, dispute resolution and legal issues in professional practice. Illustrated with clear diagrams and featuring key cases, this is an invaluable source of practical information and a comprehensive guide of the current law for architects. It is a book no architect should be without.

Gateway to Land Law Jul 24 2019 This title gives an understanding of land law in two ways. First, by a clear exposure and analysis of the rules of land law, and explanation of why they are formulated in the way they are. Second, by presenting a method of critical thinking so that students can learn what it is to construct a convincing argument about land law.

Land Law Jun 02 2020 Academically rigorous yet welcoming and fully attuned to the needs of the student reader, Chris Bevan's Land Law represents a new breed of textbook, blending traditional and contemporary teaching approaches to guide readers to a confident understanding of the subject. With its lively, engaging writing style - in which the author's enthusiasm is always apparent - and distinctive way of speaking directly to students, anticipating their questions and areas of confusion, Bevan's book does not simply set out the law but actively teaches it. Clear explanations are complemented by frequent, carefully-crafted visual aids, conveying key concepts in ways that all students can understand, and topics are broken down into sections that are easy to digest and navigate. This book maintains a critical emphasis and encourages students to consider and understand the law in context (both within society and their degree). 'Key case' boxes offer concise insights on leading cases that pique students' interest, spurring them to conduct their own reading of primary material, and although the book reflects on historical background in order to make sense of today's law, its overriding perspective is forward-looking, epitomized in the 'Future directions' conclusions for each chapter which consider future implications and likely reforms. Balancing brevity with detail and rigour with accessibility, Land Law is a truly modern textbook that supports and motivates its readers, allowing them to reap the rewards an understanding of this complex but fascinating subject will bring. Online resources The textbook is accompanied by extensive online resources aimed at supporting and enhancing student's knowledge of the topics learned within the book. This includes self-test and scenario-style questions, flowcharts and diagrams exploring legal processes, videos and audio from the author as well as Lawyers behind the cases exclusive videos. There will also be updates to changes in the law as

they happen with links to useful websites and further reading.

Land Law Aug 24 2019 McFarlane, Hopkins, and Nield's Land Law is the most succinct, analytical textbook available in this subject area. These experienced and respected authors have used their unique approach to land law to provide a consistent structure with which students and lecturers can tackle the topics. The approach arms students with the tools needed to analyse content covered in classes and exams autonomously by demonstrating how to consider rules in isolation before looking at the full picture. This method helps students make links across topics. The concise treatment allows students to concentrate on building an in-depth, sophisticated grasp of the core principles. The authors' direct writing style and contextual outlook guides readers through the depth and detail and gives lucidity to abstract rules. The use of significant cases to exemplify rules in practice and diagrams for visual learners gives additional clarity to concepts that are particularly difficult to imagine. Students are encouraged to test their knowledge by answering end-of-chapter questions and to widen their research by referring to the resources suggested in the further reading lists accompanying each chapter. Online resources Students can access additional supportive materials online including: - Web links to useful sites containing further information on chapter-specific topics - Self-test questions with instant feedback - Essay questions and guidance on how to answer them - Updates on legal developments in land law

Ghana Land Law and Conveyancing May 02 2020

Land Law Sep 05 2020 This fifth edition covers everything from the legal definition of land to the essential elements in a lease or tenancy and the function of covenants in the planning of land use.

Land Law in Hong Kong Sep 25 2019

Law Express Question and Answer Mar 24 2022 Designed to help you get the most out of every answer you write by improving your understanding of what examiners are looking for, helping you to focus in on the question being asked and showing you how even a good answer can be improved.

Great Debates in Land Law Sep 29 2022 This textbook is an ambitious and engaging introduction to the more advanced writings on land law, primarily designed to allow students to 'get under the skin' of the topic and begin to build their critical thinking and analysis skills. Each chapter is structured around key questions and debates that provoke deeper thought and, ultimately, a clearer understanding. The aim of the book is therefore not to present a complete overview of theoretical issues in land law, but rather to illustrate the current debates which are currently going on among those working in shaping the area. The text features summaries of the views of notable experts on key topics and each chapter ends with a list of guided further reading.

Scottish Land Law Jun 26 2022 The third edition of 'Scottish Land Law' is a thoroughly updated & comprehensive account of Scots law relating to rights in & over land. This title had quickly established its status as a definitive work which no legal practice can afford to be without.

Unlocking Land Law May 14 2021 Unlocking Land Law will help you grasp the main concepts of the subject with ease. Containing accessible explanations in clear and precise terms that are easy to understand, it provides an excellent foundation for learning and revising land law. The information is clearly presented in a logical structure and the following features support learning, helping you to advance with confidence: clear learning outcomes at the beginning of each chapter set out the skills and knowledge you will need to get to grips with the subject; key facts summaries throughout each chapter allow you to progressively build and consolidate your understanding; end-of-chapter summaries provide a useful check-list for each topic; cases and judgments are highlighted to help you find them and add them to your notes quickly; frequent activities and self-test questions are included so you can put your knowledge into practice; sample essay questions with annotated answers prepare you for assessment; glossary of legal terms clarifies important definitions. This edition has been extensively rewritten and updated to include discussion of recent changes and developments within the module. These include the decision in *Marr v Collie* [2017] UKPC 17 and its implications on implied trusts and rights in the family home; *Regency Villas Title Ltd v Diamond Resorts* [2017] EWCA Civ 238, which has reviewed the definition of an easement; *Smith v Molyneux* [2016] UKPC 35, which revisits the law on consent to a licence in adverse possession cases, and, not least, the interesting decision in *Baker v Craggs* [2018] EWCA 1126, which considers what constitutes a legal estate in land under s 2 Law of Property Act 1925.

The Law of Real Property Jan 28 2020 Megarry and Wade : The Law of Real Property

Elements of Land Law Dec 21 2021 'Here is a book whose breadth of purpose and depth of learning are breathtaking.' Peter Butt, [2005] 69 Conv 363 Gray & Gray's Elements of Land Law is the definitive textbook on the subject. The book offers comprehensive coverage of the law in this area. The authors provide an insightful and thought-provoking commentary on the modern development of the subject and go on to explore how land law functions in today's society. The book includes an analysis of recent legislation and case law in England and Wales. There are also references to significant cases from Australia, New Zealand, the United States and Canada, coupled with a detailed account of reforms currently proposed by the English Law Commission. The book demonstrates a thorough understanding of the social and

political context of land law and guides the reader through the sometimes difficult terminology of the subject. This fifth edition continues to balance up-to-date coverage of the key issues in land law with a critical survey of cutting-edge research. Building on the strengths of previous editions, the book ensures that excellent scholarship is accessible to an even wider readership: more chapters of shorter length offer the possibility of readers 'dipping' into topics in a non-linear way. A fresh, new format and text design support the re-structuring of content and aid navigability. Readers wanting to explore areas of interest in more depth are encouraged to do so by the exemplary footnoting and referencing. The book is accompanied by an online resource centre providing updates and web links between editions. This facility also contains illustrative material such as photographs relating to relevant cases discussed in the book. A podcast of the authors introducing the subject will excite students new to the subject area.

Land Law Feb 20 2022 'Land Law' provides comprehensive coverage of the core areas studied on such courses. It offers a clear account of the subject with sufficient depth to serve as a main course text but without overwhelming the student with unnecessary detail.

Scottish Land Law Apr 12 2021

Law Express: Land Law 5th edn Jan 10 2021 The Law Express series is designed to help you revise effectively. This book is your guide to understanding essential concepts, remembering and applying key legislation and making your answers stand out!

Modern Land Law May 26 2022 Modern Land Law offers a lively and thought-provoking account of a subject that remains at the heart of our legal system. Dispelling any apprehension about the subject's formidability from the outset, this compact textbook provides an absorbing and exact analysis of all the key legal principles relating to land. Written with students firmly in mind, the principal features of this textbook include: • a clear introduction to every chapter which frames each topic in its wider context; • corresponding chapter summaries which help to consolidate learning and encourage reflection; • the use of tables and diagrams to aid understanding of complicated topics; • a friendly two-color text design which complements Martin Dixon's comprehensible and engaging writing; • an updated companion website which supports this textbook with a fully customizable testbank for lecturers; self-test questions and practice exam-style questions for students as well as podcasts to keep students updated with new cases, important decisions and other newsworthy issues relating to land law. This 9th edition has been thoroughly revised and updated to take into account key developments in the law in the light of the Law Commission's recommendations on easements and covenants, as well as the increased impact of the HRA 1998 on case law. All major recent decisions and judgments will be incorporated alongside a discussion of proposals for reform and new legislation. Modern Land Law is one of the most current and reliable textbooks available on land law today.

Great Debates in Property Law Oct 26 2019 An engaging introduction to the more advanced writings on property law, designed to provide the additional insights necessary to excel in the study of the subject.

Beginning Land Law Jun 14 2021 Whether you're new to higher education, coming to legal study for the first time or just wondering what Land Law is all about, Beginning Land Law is the ideal introduction to help you hit the ground running. Starting with the basics and an overview of each topic, it will help you come to terms with the structure, themes and issues of the subject so that you can begin your Land Law module with confidence. Adopting a clear and simple approach with legal vocabulary explained in a detailed glossary, Sarah King breaks the subject of Land Law down using practical everyday examples to make it understandable for anyone, whatever their background. Diagrams and flowcharts simplify complex issues, important cases are identified and explained and on-the-spot questions help you recognise potential issues or debates within the law so that you can contribute in classes with confidence. Beginning Land Law is an ideal first introduction to the subject for LLB, GDL or ILEX and especially international students, those enrolled on distance learning courses or on other degree programmes.

Land Use and Society, Revised Edition Nov 27 2019 Land Use and Society is a unique and compelling exploration of interactions among law, geography, history, and culture and their joint influence on the evolution of land use and urban form in the United States. Originally published in 1996, this completely revised, expanded, and updated edition retains the strengths of the earlier version while introducing a host of new topics and insights on the twenty-first century metropolis. This new edition of Land Use and Society devotes greater attention to urban land use and related social issues with two new chapters tracing American city and metropolitan change over the twentieth century. More emphasis is given to social justice and the environmental movement and their respective roles in shaping land use and policy in recent decades. This edition of Land Use and Society by Rutherford H. Platt is updated to reflect the 2000 Census, the most recent Supreme Court decisions, and various topics of current interest such as affordable housing, protecting urban water supplies, urban biodiversity, and "ecological cities." It also includes an updated conclusion that summarizes some positive and negative outcomes of urban land policies to date.

Great Debates in Contract Law Jul 04 2020 This textbook is an ambitious and engaging introduction to the more advanced writings on contract law, primarily designed to allow students to 'get under the skin' of the topic and begin to build their critical thinking and analysis skills. Each chapter is structured around key questions and

debates that provoke deeper thought and, ultimately, a clearer understanding. The aim of the book is therefore not to present a complete overview of theoretical issues in contract law, but rather to illustrate the current debates which are currently going on among those working in shaping the area. The text features summaries of the views of notable experts on key topics and each chapter ends with a list of guided further reading.

European Land Law Dec 29 2019 In his remarkable, path-breaking new book, Peter Sparkes takes stock of the development of a distinctive body of European land law, taking as his starting point the idea that methods of land-holding permitted by a legal system both shape and reflect the attitudes of the land owners and society in general. However it quickly becomes very difficult to test that idea when the society in question is governed by an internal market composed of 30 countries (the EU-27, including Bulgaria and Romania, and the EEA-3), whose property systems differ so markedly and which reflect such widely differing cultures. Yet the internal market has already effected a gradual equalisation and standardisation across Europe as foreign capital spreads to create equality of yield. "We all become better off by joining a larger trading block but the social consequences will be profound: Brits will need to emigrate to the continent to afford a home, Bulgarians will need to make way for them along the Black Sea coast, and title deeds will be reshuffled all over Europe on a giant Monopoly board" writes the author in his preface, before embarking on a dispassionate examination of the beginning of that process of profound change. The opening chapters are devoted to an explanation of how the internal market has created a substantive European land law. Chapter 3 examines the rise of a distinctive European land law, and the development of conflicts principles applying to recovery of land. Chapters 5 to 9 on the marketing and sale of land focus upon Community competence on consumer protection. The decision to treat land as a product like any other in the Unfair Commercial Practices Directive will have wide ranging and far reaching implications and, apart from marketing of land and of timeshares, other chapters deal with conveyancing, contracting and the emerging market in mortgage credit. The book concludes with a miscellany of conflicts rules which are gradually coalescing and form the elements from which a substantive European land law can be forged. A number of topics which it is not possible to cover in detail (VAT, other taxes, environmental controls and agriculture) are touched on briefly, and the same is true of international aspects of trusts and succession.

Land Law Sep 17 2021 An authoritative course text designed to provide a standalone resource for students. It contains a blend of carefully selected key cases, legislation and academic debate linked by substantial author commentary.

Understanding Land Law 3/e Apr 24 2022 The aim of this work is to take the main elements of land law and explain each in a systematic way. It shows how different elements of land law combine and interrelate. The book also explains the amount of often confusing specialist language and jargon associated with law.

Unlocking Land Law Aug 17 2021 This 7th edition of Unlocking Land Law has been extensively rewritten and updated. In particular it considers the decision in *Regency Villas v Diamond Resorts* and its effects; the law on forfeiture in co-ownership as considered in *Challen v Challen* as well as the many recent cases on proprietary estoppel.

Modern Land Law Mar 31 2020 Modern Land Law provides a readable, clear and thorough exposition of the principles of land law. Comprehensive yet succinct it is the perfect text for an undergraduate course.

Land Law Aug 29 2022 Written by the Law Commissioner responsible for land law, this second edition is an invaluable resource for students new to the subject. It provides a clear overview of the subject, details key cases, and offers both a clear explanation of how the law works and insights into how property lawyers think.

An Historical Introduction to the Land Law Nov 07 2020 Holdsworth, Sir William. An Historical Introduction to the Land Law. London: Oxford University Press, 1927. xxiv, 339 pp. Reprinted 2004 by The Lawbook Exchange, Ltd. LCCN 2002025949. ISBN 1-58477-262-X. Cloth. \$95. * Sir William Holdsworth [1871-1944] was one of the most distinguished historians of English common law. Written to provide students of Real Property with a concise history of the field, Holdsworth believed this knowledge necessary as contemporary land law was difficult to understand without an understanding of its roots. Fifoot commends this book in his *English Law and its Background* for its history of the rules against perpetuities (121). The *Law Quarterly Review* noted that "every beginner will certainly have to read [this] book before he reads anything else" (44:105). Both sources cited in Marke, *A Catalogue of the Law Collection at New York University* (1953) 773.

Land Law in Ireland Jul 16 2021 Updated and fully revised to take account of Irish land law after a vast array of amending legislation. The third edition of this leading title on land law in Ireland is an essential text for both students and practitioners of land law.

Land Law, 3e Jun 22 2019 A comprehensive account of the land law of England and Wales written without undue technicality for students new to the subject. It provides a clear overview of the subject, details key cases, and offers both a clear explanation of how the law works and insights into how property lawyers think.

Land Law Jan 22 2022 This book brings together a team of leading authorities on land law to analyse the key debates and policy issues in this area of the law, with the main chapters addressing proprietary and non-proprietary rights, registration, easements, leases, co-ownership and trusts, mortgages and land law and human rights. Many of the policies and assumptions which underlie land law have immense significance in economic, social and emotional terms upon individuals lives. This book set

out to analyse the current tensions within land law, such as the conflicting needs for certainty and fairness, and the difficult balance which has to be drawn between protecting existing property rights and simplifying conveyancing to ensure the easy transfer of land. Particular attention is paid to the likely impact of the Human Rights Act. Land Law: issues, debates, policy will be essential reading for students, practitioners and others seeking an understanding of the key issues and debates surrounding this area of the law.

An Introduction to Land Law Nov 19 2021 Gardner and MacKenzie's *An Introduction to Land Law* has been widely acclaimed by students and teachers for the distinctively informative and stimulating way in which it addresses this challenging subject. Concise and highly readable, it covers the main points of land law found in the syllabuses of law schools in England and Wales. While not intended as a comprehensive textbook, it provides both sufficient detail, and especially the illuminating overview needed, for a real understanding, and many pointers for those seeking more. Most of all, it stands apart from other land law books in the model it offers of critical engagement with the material. As the authors say in their Preface: [W]e aim not just to state the law, but to paint its portrait, or tell its story, or something of that kind. So we set out to offer a careful, thoughtful, honest and critical (but not unsympathetic) appraisal, from a number of directions, both doctrinal and contextual. Once again, too, we present the portrait or story partly for its own interest, but most of all so as to encourage readers to try something similar for themselves – to reflect on the subject more, and so understand it better, and at the same time deepen their thinking skills in general. As well as updating the book's overall coverage, this new edition features reworked discussions of areas where the law has recently undergone substantial change, and also where the authors' thoughts themselves have developed – including ownership, easements, and rectification of the land register. As one reader of the first edition commented, 'it shone light where none had shone before, and lit a clear path to understanding'.

Land Law Concentrate Feb 08 2021 The *Land Law Concentrate* is written and designed to help you succeed. Written by experts and covering all key topics, *Concentrate* guides help focus your revision and maximise your exam performance. Each guide includes revision tips, advice on how to achieve extra marks, and a thorough and focused breakdown of the key topics and cases. Revision guides you can rely on: trusted by lecturers, loved by students... "I have always used OUP revision and Q&A books and genuinely believe they have helped me get better grades"- Anthony Poole, law student, Swansea University "The detail in this revision textbook is phenomenal and is just what is needed to push your exam preparation to the next level." - Stephanie Lomas, law student, University of Central Lancashire "It is a little more in-depth than other revision guides, and also has clear diagrams and teaches ways to obtain extra marks. These features make it unique" - Godwin Tan, law student, University College London "The concentrate revision guides stand out against other revision guides" - Renae Haynes Williams, law student, Bangor University "The exam style questions are brilliant and the series is very detailed, prepares you well" - Frances Easton, law student, University of Birmingham "The accompanying website for *Concentrate* is the most impressive I've come across" - Alice Munnely, law student, Kings College London "- it is a fantastic book. It covers absolutely all topics you need for the course." - Emma McGeorge, law student, Strathclyde University

New Zealand Land Law Jul 28 2022 "The third edition of *New Zealand Land Law* is a comprehensive treatment of all the major topics in this area of law. Written by a team of expert authors, the text provides both practical guidance and critical analysis of all the major topics in this area of law. It also discusses the key developments to the law that have occurred since the publication of the 2nd edition in 2009 and provides up to date commentary on the land transfer and unit titles regimes. It also explores important changes that have occurred in relation to discrete areas of land law such as caveats, mortgages, sale of land and leases. For these reasons the book continues to be an invaluable reference work for conveyancers, legal executives, judges, students."--Publisher's description.

Land Law Oct 31 2022 Academically rigorous yet welcoming and fully attuned to the needs of the student reader, Chris Bevan's *Land Law* represents a new breed of textbook, blending traditional and contemporary teaching approaches to guide its readers to a confident understanding of the subject. With its lively, engaging writing style - in which the author's enthusiasm is always apparent - and distinctive way of speaking directly to students, anticipating their questions and areas of confusion, Bevan's book does not simply set out the law but actively teaches it. Clear explanations are complemented by frequent, carefully-crafted visual aids, conveying key concepts in ways that all students can understand, and topics are broken down into sections that are easy to digest and navigate. This book maintains a critical emphasis and encourages students to consider and understand the law in context (both within society and their degree), not just in the abstract. 'Key case' boxes offer concise insights on leading cases that pique students' interest, spurring them to conduct their own reading of primary material, and although the book reflects on historical background in order to make sense of today's law, its overriding perspective is forward-looking, epitomised in the 'Future directions' conclusions for each chapter which consider future implications and likely reforms. Balancing brevity with detail and rigour with accessibility, *Land Law* is a truly modern textbook that supports and motivates its readers, allowing them to reap the rewards an understanding of this complex but fascinating subject will bring. Online resources The published text will be accompanied by extensive online resources containing a test bank of questions, animated diagrams, 'Wider debates' podcasts from the author, 'Leading lawyers'

perspectives' videos, advice on answering essay and problem questions, updates on changes in the law and new cases, as well as links to useful websites.

Thompson's Modern Land Law Oct 19 2021 'Thompson's Modern Land Law' is a core textbook providing students with a clear understanding of the principles of the subject. It analyses the social context of modern land law and the policy tensions to which it gives rise.

Land Law Directions Aug 05 2020 This text is a lively introduction to land law, making this traditionally daunting subject both clear and engaging. All the key topics covered on an undergraduate course are explained with the use of helpful learning features, diagrams and photographs for a truly contemporary and student-centred approach.

The New Law of Land Registration Oct 07 2020 This book is an examination of the law of land registration in England and Wales, in the light of the Land Registration Act 2002, and in particular at the way land registration is influenced by, and in turn influences, the evolution of land law as a whole. It examines the legal problems that have arisen in connection with land registration and considers the effect of the 2002 statute, drawing extensively upon the law in other jurisdictions and considering possibilities for future development. This is a book which will be essential reading for students, their teachers, and practitioners who will have to grapple with the intricacies of the new Act when it comes into force.
