strong enough to carry her back to the mainland for help. . . . ?

Special Educational Needs Jun 19 2019 The contributors focus on particular areas of special educational need, arguing that effective educational provision can be enhanced with reference to the particular problems experienced by children. Set in the context of a generic understanding of special education, this timely book addresses commonly-raised questions: what is the condition and how can I recognise it? why does it occur? what sort of educational, personal, and social consequences are there associated with it? are there any specialist skills and resources which I should know about? what are the implications for educational provision, teacher support, curricular access, assessment and classroom management? This popular book has been fully revised to provide a comprehensive overview of special needs provision. A such it is the key text on special needs in the '90s.
