Seven Tales of the Timeless Traveller Mar 04 2020 She quietly reminisced . It was very hot in the market place, she found it too busy and crowded, while she was selling her wares. Simple jewellery, she made from pieces of wood and scraps of metal; she was tired and hot. When she shut her eyes she swayed in the heat. Earlier that day, a lovely butterfly flew into the house, before she could catch it; there it flew out again, like an omen. It had the colours of gold and peacock blue that shimmered in the heat...Seven Tales of the Timeless Traveller consists of seven historical and romantic journeys into other lives with moral lessons that the souls learn. Refusing Death Jun 06 2020 The industrial-port belt of Los Angeles is home to eleven of the top twenty oil refineries in California, the largest ports in the country, and those "racist monuments" we call freeways. In this uncelebrated corner of "La La Land" through which most of America's goods transit, pollution is literally killing the residents. In response, a grassroots movement for environmental justice has grown, predominated by Asian and undocumented Latin@ immigrant women who are transforming our political landscape—yet we know very little about these change makers. In *Refusing Death*, Nadia Y. Kim tells their stories, finding that the women are influential because of their ability to remap politics, community, and citizenship in the face of the country's nativist racism and system of class injustice, defined not just by disproportionate environmental pollution but also by neglected schools, surveillance and deportation, and political marginalization. The women are highly conscious of how these harms are an assault on their bodies and emotions, and of their resulting reliance on a state they prefer to avoid and ignore. In spite of such challenges and contradictions, however, they have developed creative, unconventional, and loving ways to support and protect one another. They challenge the state's betrayal, demand respect, and, ultimately, refuse death.

She is now the author of four detective series, including the critically acclaimed Sharon McCone series of more than two dozen novels. This collection critically assesses Marcia Muller's writing and reevaluates current critical views on women's detective fiction in general. In the first two of the book's three sections, essays explore Muller's engagement with modern and postmodern feminism, ethnicity, and the socially underprivileged. The third section focuses on one of Muller's major themes, the trauma of history. Drawing from the feminist, historicist, mythic, psychoanalytic, and cultural approaches found in all three sections, the conclusion offers a panoramic perspective on Muller's accomplishments.

The Wicked Wager Feb 12 2021 The infamous rake, Lord Richard Hamilton, has finally chosen his bride—the very appropriate Miss Emma Grey. Richard Hamilton refuses to take things lying down and concocts a plan. A plan that should have brought the lovers together and had them married within a month. It was a simple matter of masquerading as the duke's gardener, compromising the lady, and then having the duke rush them off to Gretna Green. Alas, he underestimates the duke's intelligence and the tangled situation on the estate—never had he imagined that compromising a lady could be so difficult. His endeavours lead to a comedy of errors, charades, and knotty love affairs. Yet he forges ahead in spite of pesky house guests, a flea bitten mattress, his lovesick best friend, and a blackmailer. Just when things seem to be going well, someone is murdered (very inconvenient), and he happens to be one of the suspects (extremely inconvenient). His simple plan for winning the wager suddenly becomes ... a tad complicated.

Residual Uncertainty Oct 30 2019 Intelligence networks will forever be with us, and surely there will always be an appropriate role for the intelligence community. There are still important but hard to learn facts about targets-including the intentions and capabilities of rogue states and terrorists, the proliferation of unconventional weapons, and the disposition of potentially hostile military forces-that can only be identified, monitored, and measured through dedicated intelligence assets. In *Residual Uncertainty*, Roy Pateman gives numerous examples of where security has been breached, and networks, severely, even irreparably compromised and explains how the consequences of intelligence failure will surely be graver in the future. Pateman pinpoints the causes of failures in intelligence and policy in today's world and offers solutions that will drastically overhaul and improve our intelligence networks.

Anya Seton Aug 09 2020 Anya Seton was the bestselling author of 10 historical novels, including the masterpieces *Katherine* and *The Winthrop Woman*, which are still widely beloved over 60 years after their original publication. Yet there has never before been a book-length biography of this great American writer. Ann Seton was born in 1904 the daughter of two celebrity writers: Ernest Thompson Seton, a renowned naturalist and illustrator, and Grace Gallatin Seton, a women's suffrage leader who received medals for her service in France during World War I. The pair's literary output gave them enduring fame. As a teenager, Ann explicitly rejected her parents' careers because, she said, they showed her the drudgery of a writer's life. Still, she was always confident that she had inherited her parents' talent. At age 36 and self-renamed Anya, she placed her first novel with a major publisher. Anya the author was protective of her private life yet also mused, &"I suppose I write myself over and over again in my heroines.&" She reinvented herself within carefully researched historical settings and biographical materials that provided both escape and wish-fulfillment. In journal entries, letters, and &"self-analyses,&" she provides an intimate study of what it meant to her to be a writer. She describes her creative process along with the difficulties of balancing writing with the duties of homemaking and raising three children, and she expresses her gratitude or more often frustration toward editors and reviewers. A compelling portrait emerges of a deeply dedicated writer whose life was full of inner turmoil, most of it self-inflicted. She wrote probably her own best epitaph while working on her masterpiece, *Katherine*, published in 1954: &"My forte is story, and a peculiarly meticulous (fearful, yes) desire to weave historical fact into story. Make history come alive and as exciting as the past is to me.&"

Coward Plays: 6 Dec 25 2021 Philip Hoare, in his biography of Coward described Semi-Monde as his "most daring play to date. In a chic Parisian hotel, a series of sexual pairings take place through rendezvous, arguments, infidelities and reconciliations: sexual deviance is undisguised...set in the bisexual 1920s, the play could easily be populated by characters of Coward's society". Point Valaine is "the drama of a lurid episode of lust in the semi-tropics.. unmistakably the work of a master of the stage" (New York Times); South Sea Bubble which concerns "the Governor's lady in the Isle of Samolo who plays with native fire, nearly gets her wings singed, bashes her native admirer with a bottle and at one of those Coward next-morning-at breakfast scenes slips her way out of the scrape with feline grace." (Manchester Guardian) whilst *Nude With Violin* is a witty comedy about art fraud.

Bullies and Mean Girls in Popular Culture Dec 01 2019 The numerous anti-bullying programs in schools across the United States have done little to reduce the number of reported bullying instances. One reason for this is that little attention has been paid to the role of the media and popular culture in adolescents' bullying and mean-girl behavior. This book addresses media role models in television, film, picture books, and the Internet in the realm of bullying and relational aggression. It highlights portrayals with unproductive strategies that lead to poor resolutions or no resolution at all. Young viewers may learn ineffective, even dangerous, ways of handling aggressive situations. Victims may feel discouraged when they are unable to handle the situation as easily as in media portrayals. They may also feel their experiences are trivialized by comic portrayals. Entertainment programming, aimed particularly at adolescents, often portray adults as incompetent or uncaring and include mean-spirited teasing. In addition, overuse of the term "bully" and defining all bad behavior as "bullying" may dilute the term and trivialize the problem.

Gears of War: Ephyra Rising Nov 23 2021 An original Gears of War novel, exclusively detailing the aftermath of the Locust War written by New York Times bestselling author Michael A. Stackpole. The Locust War has ended with an energy weapon that pulsed across the land, destroying Locust and Lambent alike. The world is in shambles and the few survivors are isolated from one another. Humanity must begin anew. This novel reveals the canonical, never-before-seen events set in the time immediately following the game Gears of War 3. With most of Sera's civilization destroyed, Sergeant Marcus Fenix and Lieutenant Anya Stroud must somehow rebuild on the ruins. For Marcus, his purpose is impossible to grasp. With no clear enemy to fight, there may be no place left for him in this postwar world. Some call him hero, others view him with resentment. As Anya struggles to create alliances to re-form the Coalition of Ordered Governments, she quickly discovers how impossible it is to tell friend from foe. Then whispers of Locust still stalking the land begin to spread. Fearing the worst, Marcus forms a team to assess the potential threat.
