Green Shoots of Democracy within the Philadelphia Democratic Party Jan 14 2021

Drawing on the experiences of grassroots political activists from different socio-economic and ethnic backgrounds, *Green Shoots of Democracy* explores how self-identified progressives manage (or fail to manage) to work within a big city political machine. Although the book focuses on the work of progressives to foster democracy and transparency within the Philadelphia Democratic Party, lessons gleaned from their experiences are applicable beyond Philadelphia. Americans have long had a history of volunteerism; however, grassroots partisan politics is often not considered a worthy volunteer endeavor—not as worthy as, for example, working in a homeless shelter or a literacy center. *Green Shoots of Democracy* argues for a more democratic, transparent party structure—one that is sorely needed to counter the widespread perception that electoral politics is dirty business rather than an honorable civic project.

The Revised Statutes, Codes and General Laws of the State of New York Nov 23 2021

Secondary Rules of Primary Importance in International Law Oct 03 2022 The focus of this edited volume is the often-overlooked importance of secondary rules of international law. Secondary rules of international law—such as attribution, causality, and the standard and burden of proof—have often been neglected in scholarly literature and have seen fragmented application in international legal practice. Yet the systemic nature of international law entails that coherent and consistent application of such rules is a key element in reinforcing the legitimacy of decisions of international courts and tribunals. Accelerated development of international law and international litigation, coupled with the fragmented nature of the adjudicatory terrain calls for theoretical scrutiny and systemic analysis of the developments in the judicial treatment of secondary rules. This publication makes three important contributions to the study of

secondary rules. First, it offers a comprehensive, expert doctrinal analysis of how standard of review, causation, evidentiary rules, and attribution operate in the case law of international courts or tribunals in fields spanning human rights, trade, investment, and humanitarian law. Second, it comparatively evaluates the divergent layers of meanings and normative expectations attached to secondary rules in international law scholarship as well as in the judicial practice of international courts and tribunals. Finally, the book investigates the role that secondary rules play in the development of the primary rules in international law and for the legitimacy of the decisions of international courts and tribunals. Earlier scholarly works have not problematized the role of secondary rules of international law in adjudication thoroughly. *Secondary Rules of Primary Importance in International Law* seeks to fill this gap by emphasizing the consequential nature of these secondary rules and argues that the outcome of litigation is fundamentally shaped by the exact standard of proof, standard of review, or attribution basis that is chosen by adjudicators. As such, the book offers an important resource for the study and practice of international law against the backdrop of the wide-ranging and fragmented nature of international adjudication.

CORPORATE GOVERNANCE IN INDIA, FIFTH EDITION May 18 2021

This comprehensive and thoroughly revised text, now in its fifth edition, continues to give a clear analysis of the principles and practices of corporate governance prevalent in India as well as in other industrialized countries of the world. The book has been revised as per the amendments in the Companies Act and Rules between 2015 and 2019, and also, includes SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2019. The book begins with an introduction to corporate governance, and then moves onto the evaluation of corporate governance system. It provides a detailed description of the principles, philosophy, structure and the process of corporate governance. The text also contains a case study of selected listed large-cap companies under BSE Sensex and NSE Nifty on their corporate governance practices in India for the financial year 2015–2016. Besides, it also provides recommendations of various national and international committees on corporate governance reforms. Primarily intended for the students of management, law and commerce, the book can also be used by professionals, regulatory authorities and policy-makers. **NEW TO THE FIFTH EDITION** • Includes several revisions and updates on corporate governance system and legal requirements enforced by the new Company Laws and SEBI Listing guidelines. • Live case studies in various chapters. • Chapter-end review questions to ‘Test Your Knowledge’. • Accompanying website containing well-designed objective type questions for practice—MCQs, T/F and Fill in the Blanks. Visit our Learning Centre. Click https://www.phindia.com/corporate_governance_india_by_das. • Glossary appended at the end of the book. **KEY FEATURES** • Provides an explorative and evaluative study on the standards and practices of corporate governance in India. • Outlines a road map for

companies operating in India to achieve international standards of corporate governance. • Includes figures and tables for clear understanding of the concepts. **TARGET AUDIENCE** • M.Com. • MBA • LLB **Constitution and Rules** May 06 2020 *International Farm Animal, Wildlife and Food Safety Law* Jul 08 2020 This volume is an inspiring and breakthrough piece of academic scholarship and the first of its kind featuring a comprehensive reader-friendly approach to teach the intricacies of the various aspects of international farm animal, wildlife conservation, food safety and environmental protection law. The selected focus areas are grouped in sections, such as agrobiodiversity, fishing and aquaculture, pollinators and pesticides, soil management, industrial animal production and transportation, and international food trade. Farm animal welfare, environmental protection, biodiversity conservation, and food safety are the core of the selected chapters. Every chapter provides real-world examples to make the complex field easy to understand. With its systematic approach, this book is devoted to anyone interested in the subject, becomes a valuable resource for professionals working in food regulation, and provides a solid foundation for courses and master’s programs in animal law, environmental policy, food and agriculture law, and regulation of these subjects around the world. Through its emphasis on sustainable food production, this work offers a cutting-edge selection of evolving topics at the heart of the pertinent discourse. As one of its highlights, this book also provides “Tools for Change,” a unique compilation and analysis of laws from the major farm animal product trading nations. With these tools, practitioners, advocates, policy makers and other state-holders are equipped with information to start work toward improving farm animal welfare, wildlife conservation, and food safety through the use of law and policy.

Minerals Yearbook Oct 23 2021 - Minerals Yearbook, 2014, V. 3: Area Reports: International: Asia and the Pacific. Volume III, Area Reports: International, is published as four separate reports. These regional reports contain the latest available minerals data on more than 180 foreign countries and discuss the importance of minerals to the economies of these nations and the United States. Each report begins with an overview of the region's mineral industries during the year. It continues with individual country chapters that examine the mining, refining, processing, and use of minerals in each country of the region and how each country's mineral industry relates to U.S. industry. Most chapters include production tables and industry structure tables, information about Government policies and programs that affect the country's mineral industry, and an outlook section.

Protecting Traditional Knowledge Jun 06 2020 This is the first comprehensive review of the Intergovernmental Committee (IGC) of the World Intellectual Property Organization (WIPO) established in 2000. It provides an in-depth consideration of the key thematic areas within WIPO discussions – genetic resources (GRs), traditional knowledge (TK) and

traditional cultural expressions (TCEs) through the perspectives of a broad range of experts and stakeholders, including indigenous peoples and local communities. It also looks at how these areas have been treated in a number of forums and settings (including national systems and experiences, and also in trade agreements) and the interface with WIPO discussions. Furthermore, the book analyses the process and the negotiation dynamics since the IGC received a mandate from WIPO members, in 2009, to undertake formal text-based negotiations towards legal instruments for the protection of GR, TK and TCEs. While there has been some progress in these negotiations, important disagreements persist. If these are to be resolved, the adoption of these legal instruments would be a significant development towards resolving key gaps in the modern intellectual property system. In this regard, the book considers the future of the IGC and suggests options which could contribute towards achieving a consensual outcome. *Principles of International Investment Law* Mar 28 2022 This book provides an ideal introduction to the fundamentals of international investment law and dispute settlement for students, scholars, and practitioners. It combines a systematic analytical study of the texts and principles underlying investment law with a jurisprudential analysis of the case law arising in international tribunals.

Mandated Corporate Social Responsibility May 30 2022 This book examines the Indian mandate for Corporate Social Responsibility (CSR) and its implementations in various individual organizations. Although the mandate is applicable only to certain large and stable companies, many believe that India is poised to become the birthplace of social, economic and environmental transformation, given the immense size of the Indian population and its challenging socio-economic index. The book explores the various facets of CSR investigation and places special emphasis on the Schedule VII of the Indian Companies Act of 2013, which defines specific areas of intervention for these companies. In addition, it provides a wealth of first-hand case studies that exemplify the ongoing developments and the fundamental challenges and opportunities of mandated CSR. **Authority and Rules of Senate Committees** Jun 30 2022

Industry Competitiveness: Digitalization, Management, and Integration Jan 26 2022 This book, with contributions by both leading scholars and industry experts, provides a coherent framework for understanding complex determinants and patterns of industry competitiveness. Thanks to its highly stimulating discussions on the determinants and patterns of industry competitiveness, this book appeals to a wide readership.

National planning policy framework 2012

Dec 01 2019 The National Planning Policy Framework 2012 sets out the Government's planning policies for England in achieving sustainable development and how these are expected to be applied. It sets out the requirements for the planning system only to the extent that it is relevant, proportionate and necessary to do so. It provides a framework within which local people and their accountable councils can produce their own distinctive local and neighbourhood plans, which reflect the needs and priorities of their communities. This Framework does not contain specific policies for nationally significant projects for which particular considerations apply. Divided into thirteen chapters, with three annexes, it looks at the following areas, including: building a competitive economy; ensuring town centre vitality; supporting a high quality communications infrastructure; delivering high quality homes; protecting the Green Belt; meeting the challenges of climate change, flooding and coastal change; conserving the natural and historic environments and facilitating the sustainable use of minerals.

Law and Practice of the United Nations Feb 12 2021 "In memory of Professor Thomas M. Franck"

United States Code Apr 28 2022 "The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012

edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office"--Preface.

Keane on Company Law Jun 26 2019 The 5th edition of Keane on Company Law is essential reading for students, solicitors and barristers alike. New Irish legislation introduces a new company law code. Under the proposed new legislation, the default company type-the new private company limited by shares (cls)-will be created. Such a company will only be required to have a minimum of one director, as opposed to two under the current law. This makes it easier for an entrepreneur to use a company to start a business on his or her own. The complex legal doctrine of ultra vires, which has applied to all companies up to now, will not apply to the new cls. Neither will a cls be required to draft a long document containing its Articles of Association. These will now be included in the Bill by default, and consequently the current requirement for lengthy complex documents at the time of incorporation of a new company can be replaced by a single-document under the proposed new law. The cls will also be permitted to hold its AGM by written procedure, rather than being compelled to gather all of the members in the same room at the same time once a year. The Bill also introduces the new concept of the Summary Approval Procedure, which will allow companies to undertake certain transactions which previously were either prohibited or required Court approval, by the new method of a special resolution combined with an appropriate declaration by the directors, subject to safeguards to prevent improper use. All these changes to Irish company legislation are covered in a practical and user-friendly structure in this book. [Subject: Irish Law, Company Law]

Handbook on Cohesion Policy in the EU Dec 13 2020 This Handbook covers all major aspects of EU Cohesion policy, one of the most

significant areas of intervention of the European Union. Over five parts, It discusses this policy's history and governing principles; the theoretical approaches from which it can be assessed; the inter-institutional and multi-level dynamics that it tends to elicit; its practical implementation and impact on EU member states; its interactions with other EU policies and strategies; and the cognitive maps and narratives with which it can be associated. An absolute must for all students of the EU.

Environmental Success Stories Apr 04 2020 Unlike many titles on environmental issues that portend a dark future, Environmental Success Stories delves into the most daunting ecological and environmental challenges humankind has faced and shows how scientists, citizens, and a responsive public sector have dealt with them successfully. In addition to presenting the basic chemical and environmental science underlying problems like providing clean drinking water, removing DDT and lead from agriculture and our homes, and curtailing industrial pollution, this book also discusses the political actors, agency regulators, and community leaders who have collaborated to enact effective legislation. Sharing the stories of the people, organizations, and governments who have addressed these problems successfully, Frank M. Dunnivant explains how we might confront the world's largest and most complex environmental crisis: climate change. Now is the time for rededicated scientific exploration and enlightened citizen action to save our environment, and Dunnivant's book offers a stirring call to action. The National Assembly and the Welsh Government have power to create laws specifically for Wales. In parallel, the judicial system in Wales is acquiring greater autonomy in its ability to hold the Welsh public bodies to account. This book examines the principles involved in challenging the acts and omissions of Welsh authorities through the Administrative Court in Wales. It also examines the legal provisions behind the Administrative Court, the

principles of administrative law, and the procedures involved in conducting a judicial review, as well as other Administrative Court cases. Despite extensive literature on public and administrative law, none are written solely from a Welsh perspective: this book examines the ability of the Welsh people to challenge the acts and omissions of Welsh authorities through the Administrative Court in Wales.
