The Golden Passport Jan 16 2021 A riveting and timely intellectual history of one of our most important capitalist institutions, Harvard Business School, from the bestselling author of The Firm. With The Firm, financial journalist Duff McDonald pulled back the curtain on consulting giant McKinsey & Company. In The Golden Passport, he reveals the inner workings of a singular nexus of power, ambition, and influence: Harvard Business School. Harvard University occupies a unique place in the public's imagination, but HBS has arguably eclipsed its parent in terms of its influence on modern society. A Harvard degree guarantees respect. An HBS degree is, as the New York Times proclaimed in 1978, "the golden passport to life in the upper class." Those holding Harvard MBAs are near-guaranteed entrance into Western capitalism's most powerful realm—the corner office. Most people have a vague knowledge of the power of the HBS network, but few understand the dynamics that have made HBS an indestructible and powerful force for almost a century. As McDonald explores these dynamics, he also reveals how, despite HBS's enormous success, it has failed with respect to the stated goal of its founders: "the multiplication of men who will handle their current business problems in socially constructive ways." While HBS graduates tend to be very good at whatever they do, that is rarely the doing of good. In addition to teasing out the essence of this exclusive, if not necessarily "secret" club, McDonald explores two important questions: Has the school failed at reaching the goals it set for itself? And is HBS therefore complicit in the moral failings of Western capitalism? At a time of pronounced economic disparity and political unrest, this hard-hitting yet fair portrait offers a much-needed look at an institution that has a profound influence on the shape of our society and all our lives.

The Story of My Life Aug 03 2022 "...every one who wishes to gain true knowledge must climb the Hill Difficulty alone, and since there is no royal road to the summit, I must zigzag it in my own way. I slip back many times, I fall, I stand still, I run against the edge of hidden obstacles, I lose my temper and find it again and keep it better, I trudge on, I gain a little, I feel encouraged, I get more eager and climb higher and begin to see the widening horizon. Every struggle is a victory. One more effort and I reach the luminous cloud, the blue depths of the sky, the uplands of my desire." HELEN KELLER was born on June 27, 1880 in Tuscumbia, Alabama. At nineteen months old an acute illness nearly took her life and left her deaf and blind. At the recommendation of Alexander Graham Bell, her parents contacted the Perkins Institute for the Blind in Boston, and Anne Sullivan was sent to tutor Helen. The story of their early years together, and of Helen's remarkable psychological and intellectual growth, is told in *The Story of My Life*, which first appeared in installments in *Ladies' Home Journal* in 1902. With Anne Sullivan, "Teacher," at her side, Helen Keller graduated from Radcliffe College in 1904, an extraordinary accomplishment for any woman of her time. Helen was dedicated to helping the blind and handicapped, raising funds for the American Foundation for the Blind and lobbying for commissions for the blind in thirty states. A women's rights activist, a Swedenborgian, a socialist, and a world-famous celebrity, Helen Keller received the Presidential Medal of Freedom and

many honorary degrees. Her other books include *The World I Live In* (1908), *Midstream: My Later Life* (1929), *Helen Keller's Journal* (1938), and *Let Us Have Faith* (1940). She died in 1968. Her burial urn is in the National Cathedral in Washington, D.C.

Funny." - Edward Jenkins, The English Journals (UK) This book is built from the author's standup comedy, formed into rhyming verses. (Some more offensive than others.) This novelty read is considered to be a unique, yet twisted example of a comic's take and observance on everyday events. Some believe it to be an insight into a standup comedian's mind, while others view it simply as "good bathroom reading material". Either way, COMEDY SICKNESS promises to be a fine and entertaining book to read - also making an unusual addition to any home library as well. Order your copy today!

Three Men in a Boat Illustrated Jan 28 2022 Jerome Klapka Jerome was an English writer and humourist, best known for the comic travelogue *Three Men in a Boat*. Other works include the essay collections *Idle Thoughts of an Idle Fellow* and *Second Thoughts of an Idle Fellow*; *Three Men on the Bummel*, a sequel to *Three Men in a Boat*, and several other novels. Jerome sat right down to write *Three Men in a Boat* as soon as the couple returned from their honeymoon. Within the novel, his wife was replaced by his longtime friends George Wingrave (George) and Carl Hentschel (Harris). This allowed him to make

comic (and non-sentimental) situations which were nonetheless intertwined with the history of the Thames region. The book, published in 1889, became a moment success and has never been out of print. Its popularity was such the amount of registered Thames boats went up one-half within the year following its publication, and it contributed significantly to the Thames becoming a tourist attraction. In its first twenty years alone, the book sold over 1,000,000 copies worldwide. it's been adapted to films, TV and radio shows, stage plays, and a musical. Its literary genre influenced many humourists and satirists in England et al. .With the financial security that the sales of the book provided, Jerome was ready to dedicate all of his time to writing. He wrote variety of plays, essays, and novels, but was never ready to recapture the success of Three Men during a Boat. In 1892, he was chosen by Robert Barr to edit The Idler (over Rudyard Kipling). The magazine was an illustrated satirical monthly catering to gentlemen (who, following the theme of the publication, appreciated idleness). In 1893, he founded To-Day, but had to withdraw from both publications due to financial difficulties and a libel suit. Jerome's play Biarritz had a run of two months at the Prince of Wales Theatre between April and June 1896. In 1898, a brief stay in Germany inspired Three Men on the Bummel, the sequel to 3 Men during a Boat, reintroducing an equivalent characters within the setting of a far off bicycle tour. The book was nonetheless unable to capture the life-force and historic roots of its predecessor, and it enjoyed only a light success. In 1902, he published the novel Paul Kever, which is widely considered autobiographical. His 1908 play The Passing of the Third Floor Back introduced a more sombre and non secular Jerome. the most character was played by one among the leading actors of the time, Johnston Forbes-Robertson, and therefore the play was an incredible commercial success. it had been twice made into film, in 1918 and in 1935. However, the play was condemned by critics - Beerbohm described it as "vilely stupid" and as written by a "tenth-rate writer"
