The DAO of Magic Feb 19 2022 Now, get the eBook for free with a physical copy to celebrate the release of book 2! I'm Drew Liam, a cultivator, a human being capable of crushing mountains and rerouting rivers with a flick of my fingers. But seriously though, I'm sitting on a mountain so far away from civilisation it might as well be the godforsaken arse of the world and these control freaks still won't leave me alone. I'm about to ascend and can't wait to leave this crapfest of a planet. Turns out, the powers-that-be decided that an unaffiliated rogue like me is too big of a risk to let run around free. So they sent all the sect-, organisation- and churchmasters, hidden Dao protectors and other bigshots my way to kill me. This failed, obviously. I managed to ascend in a glorious shower of divine power and ascend, after which someone else managed to bitch slap me to another dimension altogether, unfortunately. Long story short, I just woke up in a valley watching some critters murder each other while trying not to freak out about how bad it smells here. Soo... where the fuck am I? Why is that deer fighting a feathery squirrel? Why am I teaching this baby rabbit saved from a cannibalistic mother how to kick beings in the face with the power of qi? Fuck it, let's just kidnap some clueless kids and teach them the wonders of the supernatural power called qi, alright? Why not have them call me 'Teach' in the meantime? I secretly do enjoy causing pain in the name of

education, after all. Come join Drew as he adventures across a rather primitive medieval, low magical fantasy planet while trying to regain his status as a cultivator who spits in the face of the heavens and the earth.

On The Rocks Sep 02 2020 Captain Arturo Sanders was having a bad day. First the routine destruction of some ancient automatic defence batteries became a disaster when his ship's screens failed and he had no choice to abandon ship. Then he had to rescue two left behind crew people which meant he missed the main shuttle evacuation leaving him and his two companions in a shuttle on their own at the rear. Then the shuttle was hit by enemy fire just as they traversed the jump point, of course! This sent the shuttle through something to somewhere but not the safe system the rest of the crew had jumped to! The damage to the shuttle meant they would need a dockyard or failing that they would have to land on a planet to affect repairs which seemed likely as the system had no electronic signature, so space docks looked unlikely. The third planet was in fact inhabited, but by primitives armed with swords and spears, probably an old Imperial colony that had been cut off and regressed tech-wise. They should be able to land and repair their shuttle somewhere out of the way except of course the engines decided to fail halfway down! This led to a close encounter with the side of a mountain, followed by a crash landing into a lake. And then his day got really bad!

Cast Under an Alien Sun Oct 03 2020 Joe Colasco boarded a flight from San Francisco to Chicago to attend a national chemistry meeting. He would never set foot on Earth again. On planet Anyar, Joe is found naked and unconscious on a beach of a large island inhabited by humans with a level of technology similar to Earth circa 1700. He wakes amid strangers speaking an unintelligible language, and struggles to accept losing his previous life, finding his way in a society with different customs, and not knowing a single soul. He makes a place among the people there when he applies his knowledge of chemistry-as long as he is circumspect in introducing new knowledge not too far in advance of the planet's technology and being labeled a demon. Joe discovers he has been dropped into a developing clash between the people who cared for him, and for whom he develops an affinity, and a military power from elsewhere on the planet, a power with designs on conquest. Unaware, Joseph Colasco has been poured into a crucible, where time and trials will transform him in ways he could never have imagined.

Nightlord Apr 28 2020 It's not easy, being King. Especially since he has an allergy to sunrise and sunset, a fire-goddess for a mother-in-law, demonic adversaries, random assassins, and a basement full of insecurities to cope with. Add to that his daughter, the priestess/princess, a couple of lightly-deranged professional magicians, a whole city full of wizards, and enough squabbling princes to resemble a kindergarten argument. It's enough to make a man want to just go home. Luckily for Eric, he has the world's largest pet rock, a smart-mouthed sword, and a horse that not only understands him, but likes him anyway.
