A Long Way Gone Jul 20 2021 At the age of twelve, Ishmael Beah fled attacking rebels in Sierra Leone and wandered a land rendered unrecognizable by violence. By thirteen, he'd been picked up by the government army, and Beah, at heart a gentle boy, found that he was capable of truly terrible acts. At sixteen, he was removed from fighting by UNICEF, and through the help of the staff at his rehabilitation center, he learned how to forgive himself, to regain his humanity, and, finally, to heal. This is an extraordinary and mesmerizing account, told with real literary force and heartbreaking honesty.

United States Code Jun 26 2019 "The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published

under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office"--Preface.

Happy as a Big Sunflower Jan 26 2022 In 1876 Rolf Johnson and his family left Illinois for Phelps County, Nebraska. There they faced the challenges of pioneering on the Great Plains: digging wells, building sod houses, plowing and planting crops, and fighting prairie fires. Johnson's diary goes beyond individual conquest, however, and provides insight into the great cooperative endeavor of plains settlement. Rolf's Swedish family and neighbors worked and socialized with other Swedes just as nearby Danish settlers remained in close physical and cultural contact with other Danish immigrants. A very eligible nineteen-year-old bachelor, Rolf also offers touching vignettes on the rituals of courting. Abruptly, with no explanation in his diary, and with no itinerary or prospects, Rolf left home in 1879 "with the intention of going west for a season." His departure may have been

sparked by the marital fervor exhibited by a female suitor. Rolf felt he was "not quite prepared to leave the state of single blessedness for that of double misery." In Sidney, Nebraska, he ran with the "sporting" element, who showed him photographs of "fast women of the town stark naked." He found employment with a wagon freighter headed for the Black Hills, where he saw Calamity Jane in action. Rolf's education continued until the diaries end in Cubero, New Mexico, in 1880. He returned to Phelps County in 1882 and remained there for most of his life. Rolf's lively diaries offer an entertaining eyewitness account of pioneer life and an unmatched resource for historians.
