**The Complete Travelogues of Mark Twain - 5 Books in One Edition** Dec 21 2021 It is a complete collection of Mark Twain's travel writings – including 'The Innocents Abroad', 'Roughing It', 'A Tramp Abroad', 'Following the Equator' and 'Some Rambling Notes of an Idle Excursion' - presented in a single volume. Based on a series of letters Mark Twain wrote from Europe for San Francisco and New York newspapers as a roving correspondent, The Innocents Abroad, published in 1869, is a caricature of the sentimental travel books popular in the mid-nineteenth century. Mark Twain's fresh and humorous perspective on hallowed European landmarks lacked reverence for the past, and was as mocking about American manners as it was about European attitudes. Mark Twain was the pen name of Samuel Clemens (1835–1910), the American author whose classic works of fiction are notable for their narrative voice, humour and social criticism.

**The Ultimate Bible Dictionary (Annotated Edition)** Nov 27 2019 'The Ultimate Bible Dictionary' is based on 'The Illustrated Bible Dictionary' by Matthew George Easton, M.A., D.D. (1823-1894), which was originally published in 1897. It contains nearly 4,000 entries relating to the Bible, from a 19th century Christian viewpoint. 'The Ultimate Bible Dictionary' does not only provide all of these dictionary entries and consequently an encyclopedia and who-was-who of the Bible. We also offer a very extensive table-of-contents that makes every single entry available at a click. We are not providing a basic TOC with first-letter-browsing only, this is structured down to the very entry. Also this edition provides a detailed annotation regarding the history of the Bible with almost 6000 words. This annotation shows not only the beginning of the scriptures, but also the changes they took through the centuries. If you want ease-of-use, a plethora of knowledge and a good price - this is your edition of the Bible Dictionary.

Modern Painters (Vol. 1-5) Nov 19 2021 Modern Painters is a five-volume work by the eminent Victorian art critic, John Ruskin. The work placed emphasis on symbolism in art, expressed through nature and it was influential on the early development of the Pre-Raphaelite Brotherhood. Ruskin wrote Modern Paintings for 17 years updating it and adding later volumes in subsequent years. The book was primarily written as a defense of the later work of J. M. W. Turner. Ruskin argues that recent painters emerging from the tradition of the picturesque are superior in the art of landscape to the old masters. He used the book to argue that art should devote itself to the accurate documentation of nature. In Ruskin's view, Turner had developed from early detailed documentation of nature to a later more profound insight into natural forces and atmospheric effects.
