Three-dimensional Potential and Current Distributions in a Hall Generator with Assumed Velocity Profiles Aug 26 2022 Three-dimensional potential and current distributions in a Faraday segmented MHD

generator operating in the Hall mode are computed. Constant conductivity and a Hall parameter of 1.0 is assumed. The electric fields and currents are assumed to be coparabolic with the electrode structure. The flow is assumed to be fully developed and a family of power-law velocity profiles, ranging from parabolic to turbulent, is used to show the effect of the fullness of the velocity profile. Calculation of the square of the current density shows that nonequilibrium heating is not likely to occur along the boundaries. This seems to discount the idea that the generator insulating walls are regions of high conductivity and are therefore responsible for boundary-layer shorting, unless the shorting is a surface phenomenon on the insulating material.

The Hall of Three Pines Sep 27 2022 Feng Youlan (1895-1990) was twentieth-century China's leading original philosopher as well as its foremost historian of Chinese philosophy. He is best known in the West for his two-volume History of Chinese Philosophy, which remains the standard general history of the subject. He is also known for a series of books in which he developed a philosophical system combining elements of Chinese philosophy, particularly Neo-Confucianism, with Western thinking. In his preface to The Hall of Three Pines, Feng likens his autobiography to accounts written by "authors of ancient times, [who] on completing their major works, often wrote a separate piece to recount their origins and experiences, giving the overall plan of their work, and declaring their aims." The Hall of Three Pines begins in the 1890s, during the Chinese empire, and extends to the 1980s. According to Feng, "No age before was swept up in such a maelstrom of convoluted change." The son of a district magistrate, Feng left his home in 1910 at the age of fifteen to study in the provincial capital of Kaifeng and later at the China Academy in Shanghai. During the warlord and Kuomintang years, he graduated from Peking University, obtained a Ph.D. in philosophy under John Dewey at Columbia University, and became a professor of philosophy at several of China's most prestigious universities. Fleeing the Japanese invasion, Feng, along with many of his university colleagues, moved south to Changsha and Kunming. After Japan's surrender, he returned to teaching in Beijing and there witnessed the chaos of the Kuomintang-Communist civil war. Feng suffered the fate of many prominent intellectuals during the Cultural Revolution and was rehabilitated after Mao's death. His remaining years were spent in Beijing, at his long-time residence, The Hall of Three Pines, where he continued to work despite the gradual loss of his eyesight. Feng completed The Hall of Pines shortly before returning to the U.S. to receive an honorary degree from Columbia in 1982. The book is divided into three parts: The first is entitled "Society," which Feng describes as a record of his environment. "Philosophy" concerns Feng's work as an original philosopher and historian of Chinese philosophy and includes extensive excerpts from his own writings and discussions of these by himself and others. The final section, "Universities," is a discussion of education and delves into details of Chinese academic affairs. The Hall of Three Pines is a monumental work of personal and intellectual history spanning nearly nine decades in the life of modern China's one great philosopher.

Wicked Trials: A Dark Gang Romance Jul 25 2022 This wasn't supposed to happen. I was supposed to glide through senior year unnoticed and ride into the sunset on the back of my aunt's inflated bank account. I was supposed to be in control. Now they are. The trials will last 60 days. They can happen anytime, anyplace, and anyone or anything is fair game. I won't see them coming. I'll need to be ready at all times. Prepared to fight, to steal, to save, and to kill at Diesel St. Crow's command. While I sit on standby, he's ordered his sons to keep an eye on me, and they've become my own personal wardens. Corvus, Rook, and

Grey. Their watchful stares will make destroying them from the inside harder than I planned for. But as truths are dragged out of the shadows and new dangers emerge, I may be forced to accept that they are more than armed roadblocks in my path. They might also be my only hope of survival. Wicked Trials is a full-length dark enemies-to-lovers reverse harem romance, meaning the main character will have more than one love interest. It is book two in the Boys of Briar Hall series and should be read after Crooked Crows. Warning: This is a dark gang romance. It contains foul language, explicit sexual content, graphic depictions of gang violence, dubcon, and jealous/possessive themes. Recommended for readers aged eighteen and up. Please read responsibly.

Wolf Hall Dec 18 2021 England, the 1520s. Henry VIII is on the throne, but has no heir. Cardinal Wolsey is his chief advisor, charged with securing the divorce the pope refuses to grant. Into this atmosphere of distrust and need comes Thomas Cromwell, first as Wolsey's clerk, and later his successor. Cromwell is a wholly original man: the son of a brutal blacksmith, a political genius, a briber, a charmer, a bully, a man with a delicate and deadly expertise in manipulating people and events. Ruthless in pursuit of his own interests, he is as ambitious in his wider politics as he is for himself. His reforming agenda is carried out in the grip of a self-interested parliament and a king who fluctuates between romantic passions and murderous rages. From one of our finest living writers, WOLF HALL that very rare thing: a truly great English novel, one that explores the intersection of individual psychology and wider politics. With a vast array of characters, and richly overflowing with incident, it peels back history to show us Tudor England as a half-made society, moulding itself with great passion and suffering and courage.

For Real Mar 09 2021 Laurence Dalziel is worn down and washed up, and for him, the BDSM scene is all played out. Six years on from his last relationship, he's pushing forty and tired of going through the motions of submission. Then he meets Toby Finch. Nineteen years old. Fearless, fierce, and vulnerable. Everything Laurie can't remember being. Toby doesn't know who he wants to be or what he wants to do. But he knows, with all the certainty of youth, that he wants Laurie. He wants him on his knees. He wants to make him hurt, he wants to make him beg, he wants to make him fall in love. The problem is, while Laurie will surrender his body, he won't surrender his heart. Because Toby is too young, too intense, too easy to hurt. And what they have - no matter how right it feels - can't last. It can't mean anything. It can't be real.

Blue-Stocking Hall (Volume I) Oct 24 2019

The Livery Halls of the City of London Aug 02 2020 For more than 600 years the Livery Companies have played a leading role in commercial activities and social and political life in the City of London. These trade associations, each representing a particular craft or profession, were originally responsible for controlling, for example, wages and working conditions. As the Companies were established and incorporated by royal charter, largely in the 14th and 15th centuries, they began acquiring and adapting buildings from which to operate. The Companies' headquarters - the Livery Halls - gradually evolved from large medieval town houses to become an identifiable building type matched in scale and ambition only by the guild houses of northern European mercantile cities and the Venetian scuole. By the time of the Great Fire of London in 1666, there were at least 53 Livery Halls. Of the 40 Halls standing today, half remain on their medieval sites, but all have been rebuilt several times. To give only two examples: there have been six incarnations of Clothworkers' Hall on Mincing Lane and six Salters' Halls on three different City sites. This beautiful book is the first major exploration of these architecturally significant yet under-researched buildings. Dr Anya Lucas, who has studied the Halls in depth, provides an introduction and an illustrated history of the buildings that have been lost over the centuries. The Great Fire, in particular, resulted in a period of

energetic reconstruction. Companies rebuilt and beautified their Halls in recognition that the image they projected was as crucial as their wealth and regulatory powers. More building activity took place in the 18th and 19th centuries as Halls were required to accommodate new functions. Many of the Restoration Halls did not survive these years, and, where they did, alterations continued apace. Only 3 out of 36 Halls remained untouched after the Blitz of 1940-41, leading to another wave of reconstruction, the buildings being predominantly traditional or neo-Georgian in style. Henry Russell surveys each of the 40 present-day Halls, no two of which share an identical plan. Sited across the City from east to west, they range from the London Proof House, the home of the Worshipful Company of Gunmakers, on Commercial Road, outside the old City walls, to HSQ Wellington, headquarters of the Honourable Company of Master Mariners, moored on the Thames at Victoria Embankment. All existing Livery Halls have been photographed especially for the project by the renowned interiors photographer Andreas von Einsiedel, making this a truly outstanding publication.

Table Manners: The Cookbook May 23 2022 'Beautifully put-together with wonderfully crafted, full-on flavour recipes for everyone. A proper family feast of a cookbook!' Tom Kerridge 'This is a gorgeous book.' Nigella Lawson 'Lennie and Jessie are as madly entertaining to read as they are to be around. They are also brilliant storytellers so every recipe is as personal as it could be: a classic Jewish chopped liver served on Friday night dinners, aromatic Beef Stifado eaten on Greek holidays or an orange and pistachio cake created by son and brother. I adore this family.' Yotam Ottolenghi 'This book encapsulates humour, kindness, bucket loads of love and, most importantly, good food. I'm so happy to have the Ware family in my life and in my kitchen.' Sam Smith 'damned good food' The Telegraph 'Mum. Guess what?' 'What Jessie?' 'We've written a cookbook'. 'I know darling! Do you think anyone will want to buy it?' 'Well, it's the recipes we've made our guests - the really good ones. Like the Sausage and Bean Casserole we made Ed Sheeran, the Drunken Crouton and Kale Salad we made Yotam Ottolenghi and the two Blackberry and Custard Tarts we served Nigella.' 'You ate a whole one before she arrived, darling.' 'It's a bloody good recipe mum.' Cooking through Table Manners is like having Jessie and Lennie at the table with you: brash, funny and full of opinions. In true Ware style, their cookbook is divided into Effortless, A Bit More Effort, Summertime, Desserts and Baking (thanks to Jessie's brother Alex), Chrismukkah (Christmas, Hanukkah and celebrations) and, of course, Jewish-ish Food. These delicious, easy dishes are designed for real people with busy and sometimes chaotic lives with the ultimate goal of everyone eating together so unfiltered chat can flourish.
