[Drums For Dummies](#) Dec 13 2020 Become a different drummer Drumming is natural to all of us—after all, it mimics the regular beat of our hearts. But some of us want to go further and really lay down a big beat. And no wonder—whether you want to become the powerful backbone of a band or just learn how to play a hand drum for pleasure, drumming is a lot of fun. Oh, and it's scientifically proven to make you smarter. Bonus: healthier! Drums For Dummies gets you going on the road to becoming the drummer you want to be. Get started with the basics—what drums to buy, exercises that build your skills, and playing simple rhythms. Then move into more complex topics, explore drumming styles from around the world, and add other percussion instruments to your repertoire. Written in an easy-to-follow step-by-step style by respected instructor Jeff Strong, you'll go from banging out basic rhythms—with or without sticks—to acquiring versatility with different styles and types of drum. The book also provides online audio files to drum along with, as well as suggestions for solo approaches to wow your bandmates.

Understand fundamental techniques Hone your technique with exercises Explore other percussion instruments Care for your drums The all-time drumming great Neal Peart of the band Rush once said that when he saw a good drummer, all he wanted to do was practice. Drums For Dummies is your best way to do just that—and start hitting your perfect groove. P.S. If you think this book seems familiar, you're probably right. The Dummies team updated the cover and design to give the book a fresh feel, but the content is the same as the previous release of Drums For Dummies (9780471794110). The book you see here shouldn't be considered a new or updated product. But if you're in the mood to learn something new, check out some of our other books. We're always writing about new topics!

**Exploring Your Creativity on the Drumset** Nov 11 2020 (Percussion). Mark presents a complete system to answer these questions. The book follows a system entitled D.R.O.P.: Dynamics, Rate, Orchestration and Phrasing. Mark pulls apart and addresses each of these building blocks individually, presenting rhythmic concepts that will expand your ability to call on different rhythmic rates and subdivisions on command, move them around the kit freely, and ultimately be able to phrase them in exciting and sometimes complex ways that sound like "polyrhythms" and "metric modulations" but are actually constructed upon a solid foundation of drumming basics. This material will give you the confidence to make a personal statement on the drumset. Adding to this package is live footage of Mark playing with two of his longtime collaborators, Tim Lefebvre (bass) and Jason Lindner (keys). Having played together for years, these three musicians most recently formed the rhythm section for David Bowie's final album, Blackstar. Watch Mark interact with these world-class musicians in electric and acoustic settings as they apply Mark's concepts in inspiring performances. The book comes packaged with a full-length DVD, and the video is also available for download using a code contained in the book.
