Reflecting on the Common European Framework of Reference for Languages and its Companion Volume

Nov 05 2020 The Common European Framework of Reference for Languages (CEFR) and its Companion Volume have established themselves as an indispensable reference point for all aspects of second and foreign language education. This book discusses the impact of the CEFR on curricula, teaching/learning and assessment in a wide range of educational contexts, identifies challenges posed by the Companion Volume and sheds light on areas that require further research and development. Particular attention is paid to three features of the two documents: their action-oriented approach, their focus on plurilingualism, and the potential of their scales and descriptors to support the alignment of curricula, teaching/learning and assessment. The book suggests a way forward for future engagement with the CEFR, taking account of new developments in applied linguistics and related disciplines.

Discourse-Pragmatic Variation in Context

Jul 21 2019 Like is a ubiquitous feature of English with a deep history in the language, exhibiting regular and constrained variable grammars over time. This volume explores the various contexts of like, each of which contributes to the reality of contemporary vernaculars: its historical context, its developmental context, its social context, and its ideological context. The final chapter examines the ways in which these contexts overlap and inform current understanding of acquisition, structure, change, and embedding. The volume also features an extensive appendix, containing numerous examples of like in its pragmatic functions from a range of English corpora, both diachronic and synchronic. The volume will be of interest to students and scholars of English historical linguistics, grammaticalization, language variation and change, discourse-pragmatics and the interface of these fields with formal linguistic theory.

The Routledge Companion to Severe, Profound and Multiple Learning

Difficulties Jun 19 2019 The Routledge

Companion to Severe, Profound and Multiple Learning Difficulties is a timely and rich resource with contributions from writing teams of acknowledged experts providing a balance of both academic and practitioner perspectives. The book covers a myriad of topics and themes and has the core purpose of informing and supporting everyone who is interested in improving the quality of education and support for children and young adults with severe, profound and multiple learning difficulties and their families. Each chapter contains careful presentations and analyses of the findings from influential research and its practical applications and the book is a treasure chest of experiences, suggestions and ideas from practitioners that will be invaluable for many years to come. The chapters include many vignettes gathered from practitioners in the field and are written specifically to be rigorous yet accessible. The contributors cover topics related to the rights and needs of children and young adults from 0-25 years, crucial features of high quality education, characteristics of integrated provision and effective and sensitive working with families to ensure the best possible outcomes for their children. Crucially, the voice of the learners themselves shines through. Historical provision that has had an impact on developing services and modern legislation aimed at improving provision and services are also discussed. The contributed chapters are organised into six themed parts: Provision for learners with SLD/PMLD. Involving stakeholders. Priorities for meeting the personal and social needs of learners. Developing the curriculum. Strategies for supporting teaching and learning. Towards a new understanding of education for learners with SLD/PMLD. This text is an essential read for students on courses and staff working in and with the whole range of educational settings catering for children and young adults with severe, profound and multiple learning difficulties, not just for teachers but also for support staff, speech and language therapists, physiotherapists, psychologists, nurses, social workers and other specialists.

[The Cambridge Companion to Shakespeare's Language](#) Dec 06 2020 The power of Shakespeare's complex language - his linguistic playfulness, poetic diction and dramatic dialogue - inspires and challenges students,

teachers, actors and theatre-goers across the globe. It has iconic status and enormous resonance, even as language change and the distance of time render it more opaque and difficult. The Cambridge Companion to Shakespeare's Language provides important contexts for understanding Shakespeare's experiments with language and offers accessible approaches to engaging with it directly and pleurably. Incorporating both practical analysis and exemplary readings of Shakespearean passages, it covers elements of style, metre, speech action and dialogue; examines the shaping contexts of rhetorical education and social language; test-drives newly available digital methodologies and technologies; and considers Shakespeare's language in relation to performance, translation and popular culture. The Companion explains the present state of understanding while identifying opportunities for fresh discovery, leaving students equipped to ask productive questions and try out innovative methods. [Concise Oxford Companion to the English Language](#) Sep 15 2021 From Sanskrit to Scouse, this book provides a single-volume source of information about the English language. The guide is intended both for reference and for browsing. The international perspective takes in language from Cockney to Creole, Aboriginal English to Zunderzet, Estuary English to Caribbean English and a historical range from Beowulf to Ebonics, Chaucer to Chomsky, Latin to the World Wide Web. There is coverage of a wide range of topics from abbreviation to Zeugma, Shakespeare to split infinitive and substantial entries on key subjects such as African English, etymology, imperialism, pidgin, poetry, psycholinguistics and slang. Box features include pieces on place-names, the evolution of the alphabet, the story of OK, borrowings into English, and the Internet. Invaluable reference for English Language students, and fascinating reading for the general reader with an interest in language.

New Perspectives on the Origins of

Language Sep 03 2020 The question of how language emerged is one of the most fascinating and difficult problems in science. In recent years, a strong resurgence of interest in the emergence of language from an evolutionary perspective has been helped by

the convergence of approaches, methods, and ideas from several disciplines. The selection of contributions in this volume highlight scenarios of language origin and the prerequisites for a faculty of language based on biological, historical, social, cultural, and paleontological forays into the conditions that brought forth and favored language emergence, augmented by insights from sister disciplines. The chapters all reflect new speculation, discoveries and more refined research methods leading to a more focused understanding of the range of possibilities and how we might choose among them. There is much that we do not yet know, but the outlines of the path ahead are ever clearer.

The Cambridge Companion to Milton Oct 24 2019 An accessible, helpful guide for any student of Milton, whether undergraduate or graduate, introducing readers to the scope of Milton's work, the richness of its historical relations, and the range of current approaches to it. This second edition contains several new and revised essays, reflecting increasing emphasis on Milton's politics, the social conditions of his authorship and the climate in which his works were published and received, a fresh sense of the importance of his early poems and *Samson Agonistes*, and the changes wrought by gender studies on the criticism of the previous decade. By contrast with other introductions to Milton, this Companion gathers an international team of scholars, whose informative, stimulating and often argumentative essays will provoke thought and discussion in and out of the classroom. The Companion's reading lists and extended bibliography offer readers the necessary tools for further informed exploration of Milton studies.

Routledge Companion to Philosophy of Language Jul 25 2022 Philosophy of language is the branch of philosophy that examines the nature of meaning, the relationship of language to reality, and the ways in which we use, learn, and understand language. The Routledge Companion to Philosophy of Language provides a comprehensive and up-to-date survey of the field, charting its key ideas and movements, and addressing contemporary research and enduring questions in the philosophy of language. Unique to this Companion is clear coverage of research from the related disciplines of formal logic and linguistics, and discussion of the applications in metaphysics, epistemology, ethics and philosophy of mind. Organized thematically, the Companion is divided into seven sections: Core Topics; Foundations of Semantics; Parts of Speech; Methodology; Logic for Philosophers of Language; Philosophy of Language for the Rest of Philosophy; and Historical Perspectives. Comprised of 70 never-before-published essays from leading scholars—including Sally Haslanger, Jeffrey King, Sally McConnell-Ginet, Rae Langton, Kit Fine, John MacFarlane, Jeff Pelletier, Scott Soames, Jason Stanley, Stephen Stich and Zoltan Gendler Szabo—the Routledge Companion to Philosophy of Language promises to be the most comprehensive and authoritative resource for students and scholars alike.

The Oxford Companion to the English Language Jan 27 2020 This book contains over 2,000 articles by more than 100 contributors, covering the central aspects of the English

language, especially grammar, usage and style, dialect, pronunciation and the history of English.

The Routledge Companion to English Studies Feb 08 2021 English is now a global phenomenon no longer defined by fixed territorial, cultural and social functions. The Routledge Companion to English Studies provides an authoritative overview of the subject area. Taking into account the changing conceptualisations of English, this Companion considers both historical trajectories and contemporary perspectives whilst also showcasing the state-of-the-art contributions made by the established scholars of the field. The Routledge Companion to English Studies: provides a set of broad perspectives on English as a subject of study and research highlights the importance of the link between English and other languages within the concepts of multilingualism and polylingualism investigates the use of language in communication through the medium of digital technology covering key issues such as Digital Literacies, Multimodal Literacies and Games and Broadcast Language explores the role of English in education taking account of social, ethnographic and global perspectives on pedagogical issues. This collection of thirty-four newly commissioned articles provides a comprehensive and up-to-date picture of the dynamic and diverse field of English Studies and will be an invaluable text for advanced students and researchers in this area.

A Companion to Baugh and Cable's A History of the English Language Apr 10 2021 This comprehensive and accessible student workbook accompanies the fifth edition of Albert C. Baugh and Thomas Cable's *History of the English Language*. Each chapter in the workbook corresponds directly to a chapter in the textbook and offers exercises, review questions, extensive supplementary examples, additional explanations and a range of sample extracts taken from texts of different periods. An additional 'pre-chapter' on the sounds of English also provides phonetic information and exercises that will prove useful throughout the book. This third edition has been revised alongside the textbook and includes new exercises to accompany the sections on Gender Issues and Linguistic Change, and African American Vernacular English. This workbook is an invaluable companion for all *History of English Language* courses.

A Companion to Chomsky Mar 29 2020 A COMPANION TO CHOMSKY Widely considered to be one of the most important public intellectuals of our time, Noam Chomsky has revolutionized modern linguistics. His thought has had a profound impact upon the philosophy of language, mind, and science, as well as the interdisciplinary field of cognitive science which his work helped to establish. Now, in this new Companion dedicated to his substantial body of work and the range of its influence, an international assembly of prominent linguists, philosophers, and cognitive scientists reflect upon the interdisciplinary reach of Chomsky's intellectual contributions. Balancing theoretical rigor with accessibility to the non-specialist, the Companion is organized into eight sections—including the historical development of Chomsky's theories and the current state of the art, comparison with rival usage-based

approaches, and the relation of his generative approach to work on linguistic processing, acquisition, semantics, pragmatics, and philosophy of language. Later chapters address Chomsky's rationalist critique of behaviorism and related empiricist approaches to psychology, as well as his insistence upon a "Galilean" methodology in cognitive science. Following a brief discussion of the relation of his work in linguistics to his work on political issues, the book concludes with an essay written by Chomsky himself, reflecting on the history and character of his work in his own words. A significant contribution to the study of Chomsky's thought, *A Companion to Chomsky* is an indispensable resource for philosophers, linguists, psychologists, advanced undergraduate and graduate students, and general readers with interest in Noam Chomsky's intellectual legacy as one of the great thinkers of the twentieth century.

A Companion to the Ancient Greek Language Jul 13 2021 A comprehensive account of the language of Ancient Greek civilization in a single volume, with contributions from leading international scholars covering the historical, geographical, sociolinguistic, and literary perspectives of the language. A collection of 36 original essays by a team of international scholars Treats the survival and transmission of Ancient Greek Includes discussions on phonology, morphology, syntax, semantics, and pragmatics
The Cambridge Companion to the History of the Book Nov 17 2021 An accessible and wide-ranging study of the history of the book within local, national and global contexts.
A Companion to the History of the English Language Feb 20 2022 A Companion to the History of the English Language addresses the linguistic, cultural, social, and literary approaches to language study. The first text to offer a complete survey of the field, this volume provides the most up-to-date insights of leading international scholars. An accessible reference to the history of the English language
Comprises more than sixty essays written by leading international scholars Aids literature students in incorporating language study into their work Includes an historical survey of the English language, from its Germanic and Indo-European beginnings to modern British and American English Enriched with maps, diagrams, and illustrations from historical publications Introduces the latest scholarship in the field

A Companion to Ancient Near Eastern Languages Mar 21 2022 Covers the major languages, language families, and writing systems attested in the Ancient Near East Filled with enlightening chapters by noted experts in the field, this book introduces Ancient Near Eastern (ANE) languages and language families used during the time period of roughly 3200 BCE to the second century CE in the areas of Egypt, the Levant, eastern Anatolia, Mesopotamia, and Iran. In addition to providing grammatical sketches of the respective languages, the book focuses on socio-linguistic questions such as language contact, diglossia, the development of literary standard languages, and the development of diplomatic languages or "linguae francae." It also addresses the interaction of Ancient Near Eastern languages with each other and their

Access Free [festivalfinder.com](#) on November 29, 2022 Pdf File Free

roles within the political and cultural systems of ANE societies. Presented in five parts, *The Companion to Ancient Near Eastern Languages* provides readers with in-depth chapter coverage of the writing systems of ANE, starting with their decipherment. It looks at the emergence of cuneiform writing; the development of Egyptian writing in the fourth and early third millennium BCE; and the emergence of alphabetic scripts. The book also covers many of the individual languages themselves, including Sumerian, Egyptian, Akkadian, Hittite, Pre- and Post-Exilic Hebrew, Phoenician, Ancient South Arabian, and more. Provides an overview of all major language families and writing systems used in the Ancient Near East during the time period from the beginning of writing (approximately 3200 BCE) to the second century CE (end of cuneiform writing) Addresses how the individual languages interacted with each other and how they functioned in the societies that used them Written by leading experts on the languages and topics *The Companion to Ancient Near Eastern Languages* is an ideal book for undergraduate students and scholars interested in Ancient Near Eastern cultures and languages or certain aspects of these languages.

Multilingual Digital Storytelling Aug 22 2019 Classrooms are increasingly multicultural in their social composition, and students are increasingly connected, through digital media, to local and global networks. However, pedagogy has failed to take full advantage of the opportunities these resources represent. *Multilingual Digital Storytelling* draws attention to the interfaces between learner engagement, creativity and critical digital literacy, as well as addressing the multilingual within the multiliteracies framework. Addressing a significant gap in the field of multiliteracies by focusing on multilingualism, this book explores new digital spaces for language learning and methods of extending understandings of youth literacy in an increasingly interconnected world. Drawing on innovative and multi-site research projects based in mainstream and community schools in London and overseas, this book discusses how young people become engaged creatively and critically with literacy by demonstrating how digital storytelling can be used as a tool for language development. The book begins by considering linguistic, cultural, cognitive and social dimensions of language learning from a theoretical perspective, whilst the second part focuses on practical case studies that reflect and illustrate these theoretical principles. Offering a powerful new perspective on multiliteracies pedagogy, *Multilingual Digital Storytelling* will appeal to researchers and academics in the fields of education, applied linguistics, sociology and youth and community studies. It will also be an invaluable resource for teachers, teacher educators, curriculum planners and policymakers.

The Companion Exercise Forms for Teaching Language Aug 02 2020

The Cambridge Companion to Galen Dec 18 2021 Galen of Pergamum (AD 129–c.216) was the most influential doctor of later antiquity, whose work was to influence medical theory and practice for more than fifteen hundred years. He was a prolific writer on anatomy,

Access Free [Shakespeares Words A Glossary And Language Companion Pdf File Free](#)

physiology, diagnosis and prognosis, pulse-doctrine, pharmacology, therapeutics, and the theory of medicine; but he also wrote extensively on philosophical topics, making original contributions to logic and the philosophy of science, and outlining a scientific epistemology which married a deep respect for empirical adequacy with a commitment to rigorous rational exposition and demonstration. He was also a vigorous polemicist, deeply involved in the doctrinal disputes among the medical schools of his day. This volume offers an introduction to and overview of Galen's achievement in all these fields, while seeking also to evaluate that achievement in the light of the advances made in Galen scholarship over the past thirty years.

The English Language and Linguistics Companion Jan 19 2022 Interested in discovering how language works? Daunted by the prospect of studying linguistics at university? *The English Language and Linguistics Companion* is a tool-kit for the novice linguist. Integrating study skills with substantive coverage, it offers an innovative approach to the study of English language and linguistics, helping students see how their chosen discipline 'fits together'. A one-stop resource, this practical and highly accessible guide: · Provides a comprehensive overview of contemporary approaches to the study of language and outlines the contribution of significant scholars to the development of the field · Introduces the core topics and concepts of linguistics and the study of language including: the study of the sounds used in human languages, the analysis of the structure of words, phrases, sentences, and longer texts, and the exploration of the ways in which meaning is expressed in language · Summarizes key issues in applied linguistics, including work in the areas of first and second language acquisition and forensic linguistics · Defines and illustrates the key terms and concepts in the discipline of linguistics · Offers practical advice on the skills required when studying linguistics and suggests a range of possible career pathways · Illustrates approaches to linguistic research and recommends resources for linguistic inquiry and the study of language Packed full of information and guidance, this is an essential resource for prospective linguistics students and anyone with an interest in the study of language.

A Companion to the Early Printed Book in Britain, 1476-1558 Mar 09 2021 First full-scale guide to the origins and development of the early printed book, and the issues associated with it.

A Companion to the Latin Language Jun 24 2022 *A Companion to the Latin Language* presents a collection of original essays from international scholars that track the development and use of the Latin language from its origins to its modern day usage. Brings together contributions from internationally renowned classicists, linguists and Latin language specialists Offers, in a single volume, a detailed account of different literary registers of the Latin language Explores the social and political contexts of Latin Includes new accounts of the Latin language in light of modern linguistic theory Supplemented with illustrations covering the development of the Latin alphabet

Grammaticalization and Language Change

Apr 29 2020 This collective volume focuses on the latest developments in the study of grammaticalization and related processes of change such as degrammaticalization, constructionalization, lexicalization, and petrification. It addresses topical issues relating to the motivations, sources, defining features, and outcomes of these changes. New theoretical reflections are offered on the pragmatic motivation of grammaticalization paths, process-oriented differences between grammaticalization, lexicalization and degrammaticalization, the question of gradualness and pace of grammaticalization, and deictics as a distinct source of grammaticalization. The articles describe various constructional and distributional changes affecting deictics, determiners, reflexives, clitics, nouns, affixes, adverbs and (auxiliary) verbs, mainly in the Germanic and Romance languages. The volume will be of great interest to historical linguists working on grammaticalization and related changes, and to all linguists working on the interface between morphosyntax, semantics, pragmatics and discourse.

Shakespeare's Words Oct 28 2022 A vital resource for scholars, students and actors, this book contains glosses and quotes for over 14,000 words that could be misunderstood by or are unknown to a modern audience. Displayed panels look at such areas of Shakespeare's language as greetings, swear-words and terms of address. Plot summaries are included for all Shakespeare's plays and on the facing page is a unique diagrammatic representation of the relationships within each play.

Semantic and Lexical Universals Oct 04 2020 This set of papers represents a unique collection; it is the first attempt ever to empirically test a hypothetical set of semantic and lexical universals across a number of genetically and typologically diverse languages. In fact the word 'collection' is not fully appropriate in this case, since the papers report research undertaken specifically for the present volume, and shaped by the same guidelines. They constitute parallel and strictly comparable answers to the same set of questions, coordinated effort with a common aim, and a common methodology. The goal of identifying the universal human concepts found in all languages, is of fundamental importance, both from a theoretical and a practical point of view, since these concepts provide the basis of the psychic unity of mankind, underlying the clearly visible diversity of human cultures. They also allow us to better understand that diversity itself, because they provide a common measure, without which no precise and meaningful comparisons are possible at all. A set of truly universal (or even near-universal) concepts can provide us with an invaluable tool for interpreting, and explaining all the culture-specific meanings encoded in the language-and-culture systems of the world. It can also provide us with a tool for explaining meanings across cultures in education, business, trade, international relations, and so on. The book contains 13 chapters on individual languages including Japanese (by Masayuki Onishi), Chinese (by Hilary Chappel), Thai (by Anthony Diller), Ewe (Africa, by Felix Ameka), Miskitu

Access Free [festivalfinder.com](#) on November 29, 2022 Pdf File Free

languages of South America (by Kenneth Hall), Australian Aboriginal languages Aranda, Yankunytjatjara and Kayardild (by Jean Harkins & David Wilkins, Cliff Goddard, and Nicholas Evans), the Austronesian languages Samoan, Longgu, Acehnese and Mangap-Mbula (by Ulrike Mosel, Deborah Hill, Mark Durie and Robert Bugenhagen), the Papuan language Kalam (by Andrew Pawley), and, last but not least French (by Bert Peters). In addition to the chapters on individual languages the book includes three theoretical chapters; Semantic theory and semantic universals (by Goddard), Introducing lexical primitives (by Goddard and Wierzbicka), and Semantic primitives across languages: a critical review (by Wierzbicka).

The Cambridge Companion to Nineteen

Eighty-Four Sep 22 2019 The Cambridge Companion to Nineteen Eighty-Four is aimed at undergraduates, postgraduates, and academics. Situating the novel in multiple frameworks, including contextual considerations and literary histories, the book asks new questions about the novel's significance in an age in which authoritarianism finds itself freshly empowered. *Sign Language Companion* May 11 2021 'Sign Language Companion' aims to help young people become more fluent in British Sign Language by presenting signs that link ideas and concepts, and enabling students to construct their own combinations in everyday conversations.

Research Companion to Language and

Country Branding May 23 2022 Research Companion to Language and Country Branding brings together entirely new interdisciplinary research conducted by scholars working on various sociolinguistic, semiotic, anthropological and discursive analytical aspects of country branding all over the world. Branding is a process of identity construction, whereby countries gain visibility and put themselves on the world map as distinctive entities by drawing on their history, culture, economy, society, geography, and their people. Through branding, countries aim not only at establishing their uniqueness but also, and perhaps most importantly, at attracting tourism, investments, high quality human capital, as well as at forging financial, military, political and social alliances. Against this backdrop, this volume explores how countries and regions imagine and portray others and themselves in terms of gender, ethnicity, and diversity today as well as the past. In this respect, the book examines how branding differs from other, related policies and practices, such as nation building, banal nationalism, and populism. This volume is an essential reference for students, researchers, and practitioners with an interest in country, nation, and place branding processes.

Continuum Companion to Research Methods in Applied Linguistics Oct 16 2021 The Continuum Companion to Research Methods in Applied Linguistics is designed to be the essential one-volume resource for students. The book includes: * qualitative and quantitative methods * research techniques and approaches * ethical considerations * sample studies * a glossary of key terms * resources for students As well as covering a range of methodological issues it looks at numerous areas in depth, including researching gender and language, language and identity, pragmatics, vocabulary, and

Access Free [Shakespeares Words A Glossary And Language Companion Pdf File Free](#)

grammar. Comprehensive and accessible, this will be the essential guide to research methods for undergraduate and postgraduate students in applied linguistics and language studies. *A Companion to Linguistic Anthropology* Feb 26 2020 A Companion to Linguistic Anthropology provides a series of in-depth explorations of key concepts and approaches by some of the scholars whose work constitutes the theoretical and methodological foundations of the contemporary study of language as culture. Provides a definitive overview of the field of linguistic anthropology, comprised of original contributions by leading scholars in the field Summarizes past and contemporary research across the field and is intended to spur students and scholars to pursue new paths in the coming decades Includes a comprehensive bibliography of over 2000 entries designed as a resource for anyone seeking a guide to the literature of linguistic anthropology

Semantics Jun 12 2021 This book presents an innovative approach to linguistic semantics, starting from the idea that language is a mechanism for the expression of linguistic meanings as particular surface forms (texts). Semantics is that system of rules that ensures a transition from a Semantic Representation of the meaning of a family of synonymous sentences to the Deep-Syntactic Representation of a particular sentence. Framed in terms of Meaning-Text linguistics, this volume discusses the Deep-Syntactic Representation and the transition from Semantics to Deep-Syntax via Semantic paraphrasing (the equivalence amongst Semantic Representations), Deep-Syntactic paraphrasing (the equivalence amongst Deep-Syntactic Representations), and the passage between the two. A chapter is dedicated to the Explanatory Combinatorial Dictionary, a semantically based and co-occurrence-centered lexicon. Reflecting the author's life-long dedication to semantics and syntax, this book is a paradigm-shifting contribution to language studies whose originality and daring will make it essential reading for linguists, anthropologists, semioticians, and computational linguists.

A Companion to the History of the Book May 31 2020 A COMPANION TO THE HISTORY OF THE BOOK A COMPANION TO THE HISTORY OF THE BOOK Edited by Simon Eliot and Jonathan Rose "As a stimulating overview of the multidimensional present state of the field, the Companion has no peer." Choice "If you want to understand how cultures come into being, endure, and change, then you need to come to terms with the rich and often surprising history Of the book ... Eliot and Rose have done a fine job. Their volume can be heartily recommended. " Adrian Johns, Technology and Culture From the early Sumerian clay tablet through to the emergence of the electronic text, this Companion provides a continuous and coherent account of the history of the book. A team of expert contributors draws on the latest research in order to offer a cogent, transcontinental narrative. Many of them use illustrative examples and case studies of well-known texts, conveying the excitement surrounding this rapidly developing field. The Companion is organized around four distinct approaches to the history of the book. First, it introduces the variety of methods used by book historians and allied specialists, from the long-

established discipline of bibliography to newer IT-based approaches. Next, it provides a broad chronological survey of the forms and content of texts. The third section situates the book in the context of text culture as a whole, while the final section addresses broader issues, such as literacy, copyright, and the future of the book. Contributors to this volume: Michael Albin, Martin Andrews, Rob Banham, Megan L Benton, Michelle P. Brown, Marie-Françoise Cachin, Hortensia Calvo, Charles Chadwyck-Healey, M. T. Clanchy, Stephen Colclough, Patricia Crain, J. S. Edgren, Simon Eliot, John Feather, David Finkelstein, David Greetham, Robert A. Gross, Deana Heath, Lotte Hellinga, T. H.
