*After the Cult* Oct 30 2019 In many parts of the world the "white man" is perceived to be an instigator of globalization and an embodiment of modernity. However, so far anthropologists have paid little attention to the actual heterogeneity and complexity of "whiteness" in specific ethnographic contexts. This study examines cultural perceptions of other and self as expressed in cargo cults and masked dances in Papua New Guinea. Indigenous terms, images, and concepts are being contrasted with their western counterparts, the latter partly deriving from the publications and field notes of Charles Valentine. After having done his first fieldwork more than fifty years ago, this "anthropological ancestor" has now become part of the local tradition and has thus turned into a kind of mythical figure. Based on anthropological fieldwork as well as on archival studies, this book addresses the relation between western and indigenous perceptions of self and other, between "tradition" and "modernity," and between anthropological "ancestors" and "descendants." In this way the work contributes to the study of "whiteness," "cargo cults" and masked dances in Papua New Guinea.

Russia's Own Orient Jul 20 2021 *Russia's own Orient* examines how intellectuals in early twentieth-century Russia offered a new and radical critique of the ways in which Oriental cultures were

understood at the time. Out of the ferment of revolution and war, a group of scholars in St. Petersburg articulated fresh ideas about the relationship between power and knowledge, and about Europe and Asia as mere political and cultural constructs. Their ideas anticipated the work of Edward Said and post-colonial scholarship by half a century. The similarities between the two groups were, in fact, genealogical. Said was indebted, via Arab intellectuals of the 1960s who studied in the Soviet Union, to the revisionist ideas of Russian Orientologists of the fin de siècle. But why did this body of Russian scholarship of the early twentieth century turn out to be so innovative? Should we agree with a popular claim of the Russian elites about their country's particular affinity with the 'Orient'? There is no single answer to this question. The early twentieth century was a period when all over Europe a fascination with things 'Oriental' engendered the questioning of many nineteenth-century assumptions and prejudices. In that sense, the revisionism of Russian Orientologists was part of a pan-European trend. And yet, Tolz also argues that a set of political, social, and cultural factors, which were specific to Russia, allowed its imperial scholars to engage in an unusual dialogue with representatives of the empire's non-European minorities. It is together that they were able to articulate a powerful long-lasting critique of modern imperialism and colonialism, and to shape ethnic politics in Russia across the divide of the 1917 revolutions.

**Essential Korean Grammar** Dec 25 2021 Do you want your Korean language skills to shine? Then Essential Korean Grammar offers exactly what you need to finally understand and express which grammar option is best. Having a solid understanding of grammar is essential to effectively learn Korean. Essential Korean Grammar gives you excellent examples that lay out the best grammar options for communicating, and when to use each option. The grammar items are cleverly rated so you can determine what's most useful for you to study, based on your Korean knowledge level and your plans. There is a star rating system, from 5 stars ("critical"; with these under your belt you can communicate almost everything you need to say) to 1 star (don't worry about this unless there's some reason you need to know it—for example, the TOPIK exam). Essential Korean Grammar is a toolbox to help you form correct and natural-sounding sentences, and determine which grammar you need for reading or writing Korean. It details: How to combine grammar points with each type of word. How it is similar to and different from related grammar points. Commonly used expressions. Things for learners to watch out for. The example sentences for each grammar point use simple vocabulary that even a beginner will know. A perfect supplement to any Korean language textbook!

**Yeniseian Peoples and Languages** Nov 23 2021 The Kets of Central Siberia are perhaps the most enigmatic of Siberia's aboriginal tribes. Today numbering barely 1,100 souls living in several small villages on the middle reaches of the Yenisei, the Kets have retained much of their ancient culture, as well as their unique language. Genetic studies of the Ket hint at an ancient affinity with

Tibetans, Burmese, and other peoples of peoples of South East Asia not shared by any other Siberian people. The Ket language, which is unrelated to any other living Siberian tongue, also appears to be a relic of a bygone linguistic landscape of Inner Asia. Because language isolates such as Ket are of special value to scholars of the original peopling of the continents, linguists have recently attempted to link Ket with North Caucasian, Sino-Tibetan, Burushaski, Basque and Na Dene. None of these links have been proved to the satisfaction of all linguists, and the research continues both in Russia and abroad.

*The Magical Body* Jun 18 2021 First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

**The Atmosphere** Aug 01 2022 This text offers an introduction to the atmosphere, its components, problems and applications. Most of the maps and artwork in this edition have been revised and updated. The book includes coverage of the record-setting 1995 hurricane season, and examples from the 1996 season.

**An English and Welsh Dictionary, Wherein, Not Only the Words, But Also, the Idioms and Phraseology of the English Language, are Carefully Translated Into Welsh** Oct 23 2021

**Turkic Languages in Contact** Jan 26 2022 The volume contains contributions on contact-induced language change in situations in which one of the languages is a Turkic one. Most papers deal with cases of long-standing language contact. The geographic areas covered include the Balkans (Macedonian Turkish, Gagauz), Western Europe (Turkish-German, Turkish-Dutch contacts), Central Europe (Karaim), Turkey (Turkish-Kurdish, Turkish-Greek contacts, Old Ottoman Turkish), Iran (Turkic-Iranian contacts) and Siberia (Yakut-Tungusic contacts). The contributions focus on various phenomena of code interaction and on various types of structural changes in different contact settings. Several authors employ the Code Copying Model, which is presented in some detail in one of the articles.

[The Way Through Doors](#) Dec 13 2020 With his debut novel, *Samedi the Deafness*, Jesse Ball emerged as one of our most extraordinary new writers. Now, Ball returns with this haunting tale of love and storytelling, hope and identity. When Selah Morse sees a young woman get hit by a speeding taxicab, he rushes her to the hospital. The girl has lost her memory; she is delirious and has no identification, so Selah poses as her boyfriend. She is released into his care, but the doctor charges him to keep her awake, and to help her remember her past. Through the long night, he tells her stories, inventing and inventing, trying to get closer to what might be true, and hoping she will recognize herself in one of his tales. Offering up moments of pure insight and unexpected, exuberant humor, *The Way Through Doors* demonstrates Jesse Ball's great artistry and gift for and narrative.
