Sacred Pathways Study Guide with DVD Oct 27 2019 As believers in Christ, many of us today fall into the trap of thinking we have to approach God in a certain way. This one-size-fits-all mentality typically leaves us feeling frustrated and distant from God. But the truth is that not every person will engage with God in the same way. For this reason, it is important to discover the particular pathway that will best help them to experience God's presence. In this five-session video study, bestselling author Gary Thomas uncovers nine of these spiritual "pathways" that people have used over the centuries to grow closer to God. He provides tools for participants to assess their key pathway (much as the Enneagram does for personality types) and encourages them to investigate the ways they most naturally express themselves in their relationship with God. Gary also points out the strengths and pitfalls of their primary pathway and helps them discover the key spiritual tendencies of their friends, family, and others around them. Whatever temperament or blend of temperaments best describes our personality, we can rest assured that it is not by accident. It comes by the design of a Creator who knew what he was doing when he made us according to his own unique intentions. Sacred Pathways will reveal the true route we were made to travel. Sessions include: The Journey of the Soul (Introduction to the Pathways) Pathways of Wonder (Naturalists, Sensates, Aesthetics) Pathways of Contemplation (Contemplatives, Traditionalists, Intellectuals) Pathways of Action (Activists, Caregivers, and Enthusiasts) Tending the Garden of the Soul (How the Pathways Applies to Your Life) This pack contains one study guide and one pack.

Houston also provides an overview of the various proposals made in the last 50 years for how the book has assumed its present shape. The final part outlines the ways in which the book has been read over the centuries, with an emphasis on the modern period, in which it has become a rallying call for those concerned with injustice in their own world.

Cherish Study Guide with DVD Jun 15 2021

Millions of couples getting married have pledged to "love and to cherish, until death do us part." Most of us understand and get the love part... but what does it mean to cherish our spouse? Why do we say it once at the wedding and then rarely even mention it again? In this six-session video Bible study, bestselling author Gary Thomas draws on personal stories and teachings from the Bible to show how cherishing can have a powerful effect on marriage. Learning to truly cherish each other turns marriage from an obligation into a delight. It lifts marriage above a commitment to a precious priority. Cherish is the melody that makes a marriage sing. Many couples today survive by gritting their teeth and holding on. Or they find themselves just "going through the motions" in their relationship. But cherishing our spouse can reverse this pattern. Cherishing can breathe light, hope, and new life into a marriage--even one marred by neglect and disrespect. The Cherish Study Guide includes video discussion questions, Bible exploration, and personal study and reflection materials for in-between sessions. Sessions include: To Love and to Cherish Your Honor Taking Your Marriage to the Next Level Cherishing Your Unique Spouse This Is How Your Spouse Stumbles Keep on Cherishing This pack contains one softcover study guide and one DVD.

SCM Studyguide to Religious and Spiritual Experience Dec 30 2019 Spiritual, religious, sacred, or mystical experiences may be broadly defined as subjective human experiences that appear to the person undergoing them, or to others, to convey or imply contact with or knowledge about a transcendent power, presence, or superior reality beyond the realm of the physical. Research has shown that these forms of awareness of 'something beyond' are of considerable significance in the ordinary lives of very many people, as well as being elements of signal importance in the origin and development of religion: not least by deepening

characteristically spiritual or religious attitudes, emotions, beliefs, values and practices, along with fundamental orientations of life and quests for meaning. This Studyguide provides a succinct and lucid introduction to the subject for those studying religion at both undergraduate and GCE AS/A level. By exploring the key areas of both the empirical and theoretical study of religious and spiritual experience, the Studyguide will serve as an accessible and nonpartisan guide to enable its readers to explore the range of challenging data, debates, approaches, and issues that relate to the study of this widespread and significant phenomenon.
