Robot Depot Feb 01 2020 Mike Bateman is a visionary businessman, the creator of the fabulously successful chain of stores, Robot Depot, a company dedicated to selling robots for a variety of uses as well as Artificial Intelligence machines. The company is a darling of Wall Street, and is the most popular destination for consumers looking for labor saving devices. Robot Depot and its vast array of products caught the eye of ISIS, the terrorist Islamic State. They discover a great way to deliver bombs – robotic devices, including aerial drones, in the homes of the American consumer. Robot Depot went from a popular company to a business that was feared because of the explosive products it sells. The terrorists used the company for – terror spectacles, – including the destruction of a skyscraper, a drone attack on Yankee Stadium, and the bombing of a children's sailing regatta.

The Big Book of the UK Jun 26 2019 Welcome... Fáilte... Croeso... Fair faa ye... to the United Kingdom! The Big Book of the UK introduces readers to customs and culture of the United Kingdom. Learn about the sport of "dwile flonking" and find out where black diamonds come from. Meet the supernatural animal that haunts the Scottish Highlands and discover the British sweets that helped Hillary and Tenzing scale Everest. Filled with facts about wildlife, food, sports, geography, language and some very silly place names, this book will help you uncover national secrets and unearth local legends from England, Wales, Scotland and Northern Ireland.

Invasion Jan 14 2021 Fifteen-year-old girl gamer Casey Henderson is obsessed with smash-hit game SkyWake - and she's good at it, too. Little does she realize it's actually an alien training tool created by an evil extra-terrestrial race. When the aliens swoop down on a national gaming tournament, Casey and her teammates discover they're abducting the best gamers to fight in a distant alien war across the galaxy. And they've got her brother. Casey's gaming skills are her best hope of stopping the aliens - but first she and her online teammates must learn to work together in real life.

Our Day Out Jun 30 2022 Mrs Kay's 'Progress Class' are unleashed for a day's coach trip to Conway Castle in Wales - in an exuberant celebration of the joys and agonies of growing up and being footloose, fourteen and free from school. 'The skill and zest of the show . . . derive from its success in following the adult argument through while preserving all the fun of a story mainly played by children . . . I have rarely seen a show that combined such warmth and such bleakness.' The Times This edition contains the music to the play.

Less is More Jun 06 2020 'A powerfully disruptive book for disrupted times ... If you're looking for transformative ideas, this book is for you.' KATE RAWORTH, economist and author of Doughnut Economics A Financial Times Book of the Year _____ Our planet is in trouble. But how can we reverse the current crisis and create a sustainable future? The answer is: DEGROWTH. Less is More is the wake-up call we need. By shining a light on ecological breakdown and the system that's causing it, Hickel shows how we can bring our economy back into balance with the living world and build a thriving society for all. This is our chance to change course, but we must act now. _____ 'A masterpiece... Less is More covers centuries and continents, spans academic disciplines, and connects contemporary and ancient events in a way which cannot be put down until it's finished.' DANNY DORLING, Professor of Geography, University of Oxford 'Jason is able to personalise the global and swarm the mind in the way that insects used to in abundance but soon shan't unless we are able to heed his beautifully rendered warning.' RUSSELL BRAND 'Jason Hickel shows that recovering the commons and decolonizing nature, cultures, and humanity are necessary conditions for hope of a common future in our common home.' VANDANA SHIVA, author of Making Peace With the Earth 'This is a book we have all been waiting for. Jason Hickel dispels ecomodernist fantasies of "green growth". Only degrowth can

avoid climate breakdown. The facts are indisputable and they are in this book.' GIORGIS KALLIS, author of Degrowth 'Capitalism has robbed us of our ability to even imagine something different; Less is More gives us the ability to not only dream of another world, but also the tools by which we can make that vision real.' ASAD REHMAN, director of War on Want 'One of the most important books I have read ... does something extremely rare: it outlines a clear path to a sustainable future for all.' RAOUL MARTINEZ, author of Creating Freedom 'Jason Hickel takes us on a profound journey through the last 500 years of capitalism and into the current crisis of ecological collapse. Less is More is required reading for anyone interested in what it means to live in the Anthropocene, and what we can do about it.' ALNOOR LADHA, co-founder of The Rules 'Excellent analysis...This book explores not only the systemic flaws but the deeply cultural beliefs that need to be uprooted and replaced.'

ADELE WALTON

Saving Adam Smith May 30 2022 Adam Smith ... Father of Modern Economics ... Died in 1790 ... but 200 years later, his spirit is tortured by the caricatures we remember in his name. In *Saving Adam Smith*, he is tortured enough to return to Earth ... and so begins a journey of discovery that cuts across two centuries, as doctoral student Richard Burns puts his life on the line to rediscover Smith's most profound insight: Selfishness is not enough.

Will You Be My Friend? May 18 2021 Bush Baby is so lonely—nobody wants to be her friend. Giraffe thinks she's too small. She's not pink enough for Flamingo. Lion, however, thinks she is just right to be his friend. And he'd never be so rude as to eat a friend, thank you very much. Is Bush Baby very brave, very foolish, or just very, very lonely? Learn to never judge a book by its cover in award-winning Russell Ayto's laugh-out-loud tale of friendship and acceptance.

Masters of Enterprise Aug 21 2021 From the early years of fur trading to today's Silicon Valley empires, America has proved to be an extraordinarily fertile land for the creation of enormous fortunes. Each generation has produced one or two phenomenally successful leaders, often in new industries that caught contemporaries by surprise, and each of these new fortunes reconfirmed the power of fanatically single-minded visionaries. John Jacob Astor and Cornelius Vanderbilt were the first American moguls; John D. Rockefeller, Andrew Carnegie, and J. P. Morgan were kingpins of the Gilded Age; David Sarnoff, Walt Disney, Ray Kroc, and Sam Walton were masters of mass culture. Today Oprah Winfrey, Andy Grove, and Bill Gates are giants of the Information Age. America has again and again been the land of dizzying mountains of wealth. Here, in a wittily told and deeply insightful history, is a complete set of portraits of America's greatest generators of wealth. Only such a collective study allows us to appreciate what makes the great entrepreneurs really tick. As H. W. Brands shows, these men and women are driven, they are focused, they deeply identify with the businesses they create, and they possess the charisma necessary to persuade other talented people to join them. They do it partly for the money, but mostly for the thrill of creation. The stories told here -- including how Nike got its start as a business-school project for Phil Knight; how Robert Woodruff almost refused to take control of Coca-Cola to spite his father; how Thomas Watson saved himself from prison by rescuing Dayton, Ohio, from a flood; how Jay Gould nearly cornered the gold market; how H. L. Hunt went from gambling at cards to gambling with oil leases -- make for a narrative that is always lively and revealing and often astonishing. An observer in 1850, studying John Jacob Astor, would not have predicted the rise of Henry Ford and the auto industry. Nor would a student of Ford in 1950 have anticipated the takeoff of direct marketing that made Mary Kay Ash a trusted guide for millions of American women. Full of surprising insights, written with H. W. Brands's trademark flair, the stories in *Masters of Enterprise* are must reading for all students of American business history.

The Dirty Dozen Oct 30 2019 Alexander Hamilton wrote that “the judiciary, from the nature of its functions, will always be the least dangerous to the political rights of the Constitution.” If only that were true. The Founding Fathers wanted the judicial branch to serve as a check on the power of the legislative and executive, and gave the Supreme Court the responsibility of interpreting the Constitution in a way that would safeguard individual freedoms. In some cases, like *Brown V. Board of Education* and *United States V. Lopez*, the Court fulfilled its role, protecting us from racial discrimination and the heavy hand of the federal government. But sadly, the Supreme Court has also handed down many destructive decisions on cases you probably never learned about in school. In *The Dirty Dozen*, two distinguished legal scholars shed light on the twelve worst cases, which allowed government to interfere in your private contractual agreements; curtail your rights to criticize or support political candidates; arrest and imprison you indefinitely, without filing charges; and seize your private property, without compensation, when someone uses the property for criminal activity—even if you don't know about it! This is not a book just for lawyers. It's for all Americans who want to understand how the Supreme Court can affect our right to life, liberty, and the pursuit of happiness. This paperback edition includes a new preface, “Guns, Bailouts, and Empathetic Judges,” which highlights new and critical issues that have arisen since the book's initial edition was published in 2008.

Blood Brothers Dec 13 2020 A Liverpoolian West Side Story, *Blood Brothers* is the story of twin brothers separated at birth because their mother cannot afford to keep them both. One of them is given away to wealthy Mrs Lyons and they grow up as friends in ignorance of their fraternity until the inevitable quarrel unleashes a blood-bath.

Blood Brothers was first performed at the Liverpool Playhouse in 1983 and subsequently transferred to the Lyric Theatre, London. It was revived in the West End in 1988 for a long-running production and opened on Broadway in 1993.

Growing Up Feb 12 2021 The Pulitzer Prize-winning memoir about coming of age in America between the world wars: "So warm, so likable and so disarmingly funny" (The New York Times). Ranging from the backwoods of Virginia to a New Jersey commuter town to the city of Baltimore, this remarkable memoir recounts Russell Baker's experience of growing up in pre-World War II America, before he went on to a celebrated career in journalism. With poignant, humorous tales of powerful love, awkward sex, and courage in the face of adversity, Baker reveals how he helped his mother and family through the Great Depression by delivering papers and hustling subscriptions to the Saturday Evening Post—a job which introduced him to bullies, mentors, and heroes who endured this national disaster with hard work and good cheer. Called "a treasure" by Anne Tyler and "a blessing" by Time magazine, this autobiography is a modern-day classic—"a wondrous book [with scenes] as funny and touching as Mark Twain's" (Los Angeles Times Book Review). "In lovely, haunting prose, he has told a story that is deeply in the American grain." —The Washington Post Book World "A terrific book." —St. Louis Post-Dispatch

The Choice Jul 08 2020 A novel on the global economy? Russell Roberts breaks all the rules in this provocative and whimsical look at the key international economic issues facing America and American business. The Choice stars the ghost of David Ricardo, a nineteenth-century economist. To get his wings he must persuade the CEO of an American television manufacturing company that imports are good for America, even if they destroy the domestic television industry. Free of economic jargon, The Choice gives the reader a new perspective on how international trade affects business and our daily lives. The choice explores a wide array of global economic issues from tariffs and quotas to the lives of unemployed workers and their children. This updated and revised edition of THE CHOICE has new data and new discussions of timely topics including: *Trade deficits *Trade with low-wage nations *Environmental issues *Labor standards *Free trade agreements

Human Compatible Apr 16 2021 A leading artificial intelligence researcher lays out a new approach to AI that will enable people to coexist successfully with increasingly intelligent machines.

Jim's Lion Aug 09 2020 Russell Hoban's moving, unflinching tale of a boy who finds bravery during illness is reimagined in graphic-novel format with new art by Alexis Deacon. Asleep in his hospital bed, Jim dreams of a great lion with white teeth and amber eyes. This lion is Jim's finder. According to Nurse Bami, everyone has a finder, a creature who comes looking for us when we are lost. But when the time comes for Jim's operation, will his lion be able to find him and bring him safely home? Dramatically reimagined as a graphic novel by award-winning illustrator Alexis Deacon, with the inclusion of powerful dream sequences, Russell Hoban's tale of a boy's search for strength and courage will resonate with any child dealing with adversity.

Children Of God Oct 11 2020 From the acclaimed author of The Sparrow comes a new, extraordinarily imaginative SF novel which continues the powerful, moving story of Emilio Sandoz, the charismatic Jesuit priest who led the well-intentioned but catastrophic mission to the distant planet of Rakhat, and journeyed to the furthest reaches of the human soul. Now, in Children of God, Father Emilio Sanchoz returns and - against his will - is forced to continue his quest for the meaning, if any, of God's plan. Dazzlingly imaginative, philosophically provocative and immeasurably entertaining, Children of God is a must-read for fans of The Sparrow, and a startlingly fresh adventure for newcomers to Mary Doria Russell's special literary magic.

The Problem of China Jul 20 2021 A detailed study of China's economic, political and cultural history, renowned philosopher and scholar Bertrand Russell's book 'The Problem of China' can be read by social sciences scholars and economists interested in studying this region of diverse continent Asia.

Price Wars Apr 28 2022 A fascinating, groundbreaking exposé of how commodity traders in New York and London have destabilized societies all over the world, leaving the most vulnerable at the mercy of hunger, chaos, and war. For Rupert Russell, the Brexit vote was only the latest shock in a decade full of them: the unstoppable war in Syria, huge migrant flows into Europe, beheadings in Iraq, children placed in cages on the U.S. border. In Price Wars, he sets out on a worldwide journey to investigate what caused the wave of chaos that consumed the world in the 2010s. Russell travels to Tunisia, Iraq, Venezuela, Ukraine, East Africa, and Central America and discovers that unrest in all these places was triggered by dramatic and mysterious swings in the price of essential commodities. Deregulation of the commodities markets means that food prices can shoot up even in years of abundant harvests, causing hunger and protest. Oil prices and real-estate values can surge even when supplies are normal, enriching and emboldening dictators. It is this instability--fueled by banks and hedge funds in faraway New York and London--that has toppled regimes and unsettled the West. Price Wars is a fascinating, original, and groundbreaking exposé of the power of the commodities markets to disrupt the world.

Hard to Break Nov 23 2021 "Well-publicized research in psychology tells us that over half of our attempts to change habitual behavior fail within one year. Even without reading the research, most of us will intuitively sense the truth in this, as we have all tried and failed to rid ourselves of one bad habit or another. The human story of

habits and the difficulty of change has been told in many books--most of which will make only a quick reference to dopamine or the 'lizard brain' before moving on to practical tips and tricks for behavior change. In contrast, [this book] will tell the brain's story about why behavior is so hard to change"--

Capitalism and Disability Jan 26 2022 Spread out over many years and many different publications, the late author and activist Marta Russell wrote a number of groundbreaking and insightful essays on the nature of disability and oppression under capitalism. In this volume, Russell's various essays are brought together in one place in order to provide a useful and expansive resource to those interested in better understanding the ways in which the modern phenomenon of disability is shaped by capitalist economic and social relations. The essays range in analysis from the theoretical to the topical, including but not limited to: the emergence of disability as a "human category" rooted in the rise of industrial capitalism and the transformation of the conditions of work, family, and society corresponding thereto; a critique of the shortcomings of a purely "civil rights approach" to addressing the persistence of disability oppression in the economic sphere, with a particular focus on the legacy of the Americans with Disabilities Act of 1990; an examination of the changing position of disabled people within the overall system of capitalist production utilizing the Marxist economic concepts of the reserve army of the unemployed, the labor theory of value, and the exploitation of wage-labor; the effects of neoliberal capitalist policies on the living conditions and social position of disabled people as it pertains to welfare, income assistance, health care, and other social security programs; imperialism and war as a factor in the further oppression and immiseration of disabled people within the United States and globally; and the need to build unity against the divisive tendencies which hide the common economic interest shared between disabled people and the often highly-exploited direct care workers who provide services to the former.

HyperChange Mar 16 2021 We are living in HyperChange, the modern economic era of perpetually accelerating disruption. Amazon, Tesla, Blockchain, Space, Fashion, The Future of Food, Internet & more ... are all a part of HyperChange. This book was written to share my philosophies about technology, economics, finance, investing, entrepreneurship & life. It's an unedited, raw, freestyle, manifesto that I call a scheme of consciousness. This book is dedicated to the YouTube subscribers of HyperChange TV (www.youtube.com/hyperchangetv).

The Price of Everything Sep 02 2022 Stanford University student and Cuban American tennis prodigy Ramon Fernandez is outraged when a nearby mega-store hikes its prices the night of an earthquake. He crosses paths with provost and economics professor Ruth Lieber when he plans a campus protest against the price-gouging retailer--which is also a major donor to the university. Ruth begins a dialogue with Ramon about prices, prosperity, and innovation and their role in our daily lives. Is Ruth trying to limit the damage from Ramon's protest? Or does she have something altogether different in mind? As Ramon is thrust into the national spotlight by events beyond the Stanford campus, he learns there's more to price hikes than meets the eye, and he is forced to reconsider everything he thought he knew. What is the source of America's high standard of living? What drives entrepreneurs and innovation? What upholds the hidden order that allows us to choose our careers and pursue our passions with so little conflict? How does economic order emerge without anyone being in charge? Ruth gives Ramon and the reader a new appreciation for how our economy works and the wondrous role that the price of everything plays in everyday life. *The Price of Everything* is a captivating story about economic growth and the unseen forces that create and sustain economic harmony all around us.

How Adam Smith Can Change Your Life Mar 28 2022 'A fun, fascinating, and original book that will challenge you to become a better version of yourself' Daniel H. Pink, author of *Drive* What does it take to be truly happy? Should we pursue fame and fortune or the respect of our friends and family? How can we make the world a better place? Two hundred and fifty years ago, Adam Smith addressed these fundamental questions in his life-long project, *The Theory of Modern Sentiments*. Dwarfed by the success of Smith's masterpiece *The Wealth of Nations*, *The Theory of Modern Sentiments* has been virtually forgotten. But when Russ Roberts finally picked up the epic tome, he realized he'd stumbled upon the greatest self-help book that almost no one has read. In *How Adam Smith Can Change Your Life*, Roberts reinvigorates the neglected classic to unearth a treasure trove of timeless, practical wisdom that cuts to the core of what it means to be human. It will challenge you to think about the way you treat others, the decisions you make in pursuit of happiness, and your place in the world.

Medicine: A Matter of Life and Death Aug 01 2022 This title presents the history of medicine. Vivid text details how early studies of anatomy and circulation led to robotic surgery and heart transplants. It also puts a spotlight on the brilliant scientists who made these advances possible. Useful sidebars, rich images, and a glossary help readers understand the science and its importance. Maps and diagrams provide context for critical discoveries in the field. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

Wild Problems Apr 04 2020 From the host of EconTalk, a guide to decision-making when you can't crunch the numbers Algorithms and apps analyze data and tell you how to beat the traffic, what books to buy, what music to listen to, and even who to date—often with great results. But what do you do when you face the big decisions of

life—the "wild problems" of who to marry, whether to have children, where to move, how to forge a life well-lived—that can't be solved by measurement or calculation? In *Wild Problems*, beloved host of EconTalk Russ Roberts offers puzzled rationalists a way to address these wild problems. He suggests spending less time and energy on the path that promises the most happiness, and more time on figuring out who you actually want to be. He draws on the experience of great artists, writers, and scientists of the past who found creative ways to navigate life's biggest questions. And he lays out strategies for reducing the fear and the loss of control that inevitably come when a wild problem requires a leap in the dark. Ultimately, Roberts asks us to see ourselves and our lives less as a problem to be solved than a mystery to be experienced. There's no right decision waiting to be uncovered by an app or rational analysis. Reality is harder than that and, perhaps, a little more interesting.

The Price of Peace Mar 04 2020 NEW YORK TIMES BESTSELLER • An "outstanding new intellectual biography of John Maynard Keynes [that moves] swiftly along currents of lucidity and wit" (The New York Times), illuminating the world of the influential economist and his transformative ideas "A timely, lucid and compelling portrait of a man whose enduring relevance is always heightened when crisis strikes."—The Wall Street Journal WINNER: The Arthur Ross Book Award Gold Medal • The Hillman Prize for Book Journalism FINALIST: The National Book Critics Circle Award • The Sabew Best in Business Book Award NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY AND ONE OF THE BEST BOOKS OF THE YEAR BY Jennifer Szalai, The New York Times • The Economist • Bloomberg • Mother Jones At the dawn of World War I, a young academic named John Maynard Keynes hastily folded his long legs into the sidecar of his brother-in-law's motorcycle for an odd, frantic journey that would change the course of history. Swept away from his placid home at Cambridge University by the currents of the conflict, Keynes found himself thrust into the halls of European treasuries to arrange emergency loans and packed off to America to negotiate the terms of economic combat. The terror and anxiety unleashed by the war would transform him from a comfortable obscurity into the most influential and controversial intellectual of his day—a man whose ideas still retain the power to shock in our own time. Keynes was not only an economist but the preeminent anti-authoritarian thinker of the twentieth century, one who devoted his life to the belief that art and ideas could conquer war and deprivation. As a moral philosopher, political theorist, and statesman, Keynes led an extraordinary life that took him from intimate turn-of-the-century parties in London's riotous Bloomsbury art scene to the fevered negotiations in Paris that shaped the Treaty of Versailles, from stock market crashes on two continents to diplomatic breakthroughs in the mountains of New Hampshire to wartime ballet openings at London's extravagant Covent Garden. Along the way, Keynes reinvented Enlightenment liberalism to meet the harrowing crises of the twentieth century. In the United States, his ideas became the foundation of a burgeoning economics profession, but they also became a flash point in the broader political struggle of the Cold War, as Keynesian acolytes faced off against conservatives in an intellectual battle for the future of the country—and the world. Though many Keynesian ideas survived the struggle, much of the project to which he devoted his life was lost. In this riveting biography, veteran journalist Zachary D. Carter unearths the lost legacy of one of history's most fascinating minds. *The Price of Peace* revives a forgotten set of ideas about democracy, money, and the good life with transformative implications for today's debates over inequality and the power politics that shape the global order. LONGLISTED FOR THE CUNDILL HISTORY PRIZE

The Invisible Heart Oct 03 2022 A lively, unorthodox look at economics, business, and public policy told in the form of a novel.

Global Woman Jan 02 2020 This anthology examines the unexplored consequences of globalization on the lives of women worldwide. In a world shaped by mass migration and economic exchange on an ever-increasing scale, women are moving around the globe as never before. Every year, millions leave Mexico, Sri Lanka, the Philippines and Eastern Europe to work in the homes, nurseries and brothels of the First World - from Vietnamese mail-order brides to Mexican nannies in LA, from Thai girls in Vietnamese brothels to Czech au pairs in the UK. In the new global calculus, the female energy that flows to wealthy countries to ease a care deficit, is subtracted from poor ones, often to the detriment of the families left behind. Is the main resource now extracted from the Third World no longer gold or silver, but love?

Dreamers of the Day Sep 29 2019 Russell illuminates the long, rich history of the Middle East with a story that brilliantly elucidates modern headlines. As enlightening as it is entertaining, "Dreamers of the Day" is a memorable, passionately written novel.

The Invisible Heart Nov 04 2022 A lively, unorthodox look at economics, business, and public policy told in the form of a novel. A love story that embraces the business and economic issues of the day? *The Invisible Heart* takes a provocative look at business, economics, and regulation through the eyes of Sam Gordon and Laura Silver, teachers at the exclusive Edwards School in Washington, D.C. Sam lives and breathes capitalism. He thinks that most government regulation is unnecessary or even harmful. He believes that success in business is a virtue. He believes that our humanity flourishes under economic freedom. Laura prefers Wordsworth to the Wall Street Journal. Where Sam sees victors, she sees victims. She wants the government to protect consumers and workers from the excesses

of Sam's beloved marketplace. While Sam and Laura argue about how to make the world a better place, a parallel story unfolds across town. Erica Baldwin, the crusading head of a government watchdog agency, tries to bring Charles Krauss, a ruthless CEO, to justice. How are these two dramas connected? Why is Sam under threat of dismissal? Will Erica Baldwin find the evidence she needs? Can Laura love a man with an Adam Smith poster on his wall? The answers in *The Invisible Heart* give the reader a richer appreciation for how business and the marketplace transform our lives.

The Commercialization of Intimate Life May 06 2020 Looking at a series of intimate moments that affect people, the author of three "New York Times" Notable Books offers fresh essays on how everyday lives are shaped by modern capitalism. 2 charts.

UnRoman Britain Dec 01 2019 When we think of Roman Britain we tend to think of a land of togas and richly decorated palaces with Britons happily going about their much improved daily business under the benign gaze of Rome. This image is to a great extent a fiction. In fact, Britons were some of the least enthusiastic members of the Roman Empire. A few adopted roman ways to curry favour with the invaders. A lot never adopted a Roman lifestyle at all and remained unimpressed and riven by deep-seated tribal division. It wasn't until the late third/early fourth century that a small minority of landowners grew fat on the benefits of trade and enjoyed the kind of lifestyle we have been taught to associate with period. Britannia was a far-away province which, whilst useful for some major economic reserves, fast became a costly and troublesome concern for Rome, much like Iraq for the British government today. Huge efforts by the state to control the hearts and minds of the Britons were met with at worst hostile resistance and rebellion, and at best by steadfast indifference. The end of the Roman Empire largely came as 'business as usual' for the vast majority of Britons as they simply hadn't adopted the Roman way of life in the first place.

SkyWake Battlefield Oct 23 2021 Ace gamer CASEY_FLOW is in trouble. Marooned on a distant planet, she and hundreds of other teenagers are forced to play hit game SkyWake for real, fighting alongside the brutal alien Red Eyes against the mysterious Squids. Casey is determined to rescue the other gamers and return to Earth -- but when the Squids beg for help, she's faced with an impossible decision. Casey and he teammates are battling for their lives. But which side should they be on?

Misadventures of Max Crumbly 3 Feb 24 2022 When we last left our hero, Max Crumbly, and his trusty sidekick, Erin, they had just foiled the plans of three bumbling burglars. In the depths of a smelly, dangerous Dumpster of Doom, the two pals hid from the vengeful thieves – and the police! Now, Max and Erin face foes old and new as their misadventures continue. Can the two friends avoid detection – and detention! – while keeping South Ridge Middle School safe from bullies and criminals?

The Asian Financial Crisis 1995–98 Dec 25 2021 In the space of a few months, across Asia, a miracle became a nightmare. This was the Asian Financial Crisis of 1995–98. In this economic crisis hundreds of people died in rioting, political strong men were removed and hundreds of billions of dollars were lost by investors. This crisis saw the US dollar value of some Asian stock markets decline by ninety percent. Why did almost no one see it coming? The Asian Financial Crisis 1995–98 charts Russell Napier's personal journey during that crisis as he wrote daily for institutional investors about an increasingly uncertain future. Relying on contemporaneous commentary, it charts the mistakes and successes of investors in the battle for investment survival in Asia from 1995–98. This is not just a guide for investors navigating financial markets, but also an explanation of how this crisis created the foundations of an age of debt that has changed the modern world.

The Invisible Heart Jun 18 2021 A lively, unorthodox look at economics, business, and public policy told in the form of a novel. A love story that embraces the business and economic issues of the day? *The Invisible Heart* takes a provocative look at business, economics, and regulation through the eyes of Sam Gordon and Laura Silver, teachers at the exclusive Edwards School in Washington, D.C. Sam lives and breathes capitalism. He thinks that most government regulation is unnecessary or even harmful. He believes that success in business is a virtue. He believes that our humanity flourishes under economic freedom. Laura prefers Wordsworth to the Wall Street Journal. Where Sam sees victors, she sees victims. She wants the government to protect consumers and workers from the excesses of Sam's beloved marketplace. While Sam and Laura argue about how to make the world a better place, a parallel story unfolds across town. Erica Baldwin, the crusading head of a government watchdog agency, tries to bring Charles Krauss, a ruthless CEO, to justice. How are these two dramas connected? Why is Sam under threat of dismissal? Will Erica Baldwin find the evidence she needs? Can Laura love a man with an Adam Smith poster on his wall? The answers in *The Invisible Heart* give the reader a richer appreciation for how business and the marketplace transform our lives.

Orange World Aug 28 2019 'I loved Orange World... a collection of short stories in which demons live in drains, bog women come back from the dead and trees can grow inside the human body' Daisy Johnson, *New Statesman* BOOK OF THE YEAR 'A rare combination of literary brilliance and unbridled entertainment' Mark Haddon These exuberant, unforgettable stories showcase Karen Russell's comedic and imaginative talent for creating outlandish

predicaments that uncannily mirror our inner lives. In 'The Bad Graft', a couple on a road trip stop in Joshua Tree National Park, where the spirit of a giant tree accidentally infects the young woman, their fates becoming permanently entangled. In 'The Prospectors' two opportunistic young women fleeing the Depression strike out for new territory, but find themselves fighting for their lives. In the brilliant and hilarious title story a new mother desperate to ensure her baby's safety strikes a deal with the devil to protect her baby. Stories of survival, love and of surreal and magnificent transformation show Russell writing at exhilarating new heights. Praise for Orange World: 'The worlds of the stories are entirely convincing, small pockets in which it is possible to become lost' Guardian 'One of our most original short story writers... Russell has impeccable command of her form' New York Times Book Review

God and Gold Sep 21 2021 For four hundred years, Britain, America and their allies have dominated the world both militarily and economically. They have won the wars - the hot wars, the cold wars and the trade wars - time and again; and yet the battle for hearts and minds has proved far harder to win. In *God and Gold*, Walter Russell Mead examines why this has been the case and what the overwhelming ascendancy and concentration of power in the hands of 'les Anglo-Saxons' has meant for the direction of world history. In so doing, he sheds scintillating new light on the current political, economic and cultural climate, and suggests where we might be heading from here.

Political Ideals Nov 11 2020 Written during the upheaval of WW1, famous philosopher Bertrand Russell's book on political philosophy, 'Political Ideals' was first published in the year 1917.

Gifts, Romance, and Consumer Culture Sep 09 2020 How do people communicate their romantic feelings? Gift giving is one way. Giving and receiving of gifts is a characteristic of intimate relationships. Gifts are a message, a form of communication with a tangible material object, about love, affection, or concern for the recipient. The "romantic gift" evokes a multitude of intertwined meanings: passion, intimacy, affection, persuasion, care, celebration, altruism, and nostalgia. They can also connote the negative images of obligation and reciprocity. Romantic gift giving may be practiced at rituals, during rites of passage, or for casual occasions, to affirm the continued importance of the romantic relationship. We may even romanticize the giving of gifts to the self, to nonhuman companions, and to others we do not know personally. If loving and giving are a practice, then romantic gift giving is a practice of loving with intimate—or would-be intimate—others. This book addresses gift giving among consumers attempting to express and construct romantic love. It lies at the intersection of consumption, markets, and culture. In societies shaped by the globalizing neo-liberal economic order, increasing wealth disparity, and a partially digitized social environment that they help to co-construct, it may be time to rethink romantic love. Gift giving is a key arena to do so, as gifts make love tangible and act as carriers of meaning as well as cultural symbols. In gift giving the meanings of romance are renewed, renegotiated, and reconstructed. *Gifts, Romance, And Consumer Culture* demonstrates a wide variety of scholarly work bearing on romantic gift giving using an interpretive consumer research perspective. The book introduces critical studies by scholars in this unfolding and new interdisciplinary field.

Short Story Jul 28 2019 This new general introduction emphasises the importance of the short story to an understanding of modern fiction. In twenty succinct chapters, the study paints a complete portrait of the short story - its history, culture, aesthetics and economics. European innovators such as Chekhov, Flaubert and Kafka are compared to Irish, New Zealand and British practitioners such as Joyce, Mansfield and Carter as well as writers in the American tradition, from Hawthorne and Poe to Barthelme and Carver. Fresh attention is paid to experimental, postcolonial and popular fiction alongside developments in Anglo-American, Hispanic and European literature. Critical approaches to the short story are debated and reassessed, while discussion of the short story is related to contemporary critical theory. In what promises to be essential reading for students and academics, the study sets out to prove that the short story remains vital to the emerging culture of the twenty-first century.
