The Stalker Chronicles Jul 24 2019 She's back, and this time it's all about revenge. Tall, dark, and handsome bestselling male author Xavier Preston thought his nightmare--in the form of Pilar, a fanatical stalker/fan--had finally ended. Little does he know it's only beginning. When Xavier met Pilar, he got much more than he bargained for. What started out as an erotic one-night stand quickly turned into a dangerous game of obsession and pain, with both parties playing to win. Then she simply disappeared. Stunning Pilar hasn't gone away, though. In fact, she has been very near, watching his every move and patiently waiting for him to realize they were meant to be together forever. She still believes they're soul mates, and

the only option for her is "Until death do us part." If she can't have Xavier, then no one can. Now no one is safe--not his friends, and definitely not him. Revenge can be a real killer.

Jason and the Draconauts Jun 22 2019 Fifteen-year-old Jason Hewes is a fairly ordinary kid, with fairly ordinary problems. He's more interested in dinosaurs and fantasy role-playing games than sports, making him a target for local bullies, and his dating successes are best described as sporadic. He's just another kid struggling to get through life in a small rural town in Montana. Nothing exciting or exceptional ever happens to him. The impact of something heavy crashing into the ground of the Hewes' family farmhouse shakes the house and Jason's life. Whatever hits the ground scurries into the barn, followed by a frightened but curious Jason. Jason has just discovered a creature out of legend; a beast which all logic tells him should not--could not--exist. Some kids might run. Others might scream or faint. Instead, Jason befriends the ancient creature, and in doing so learns an entire mythic species is emerging from a centuries-long slumber. Jason isn't the only one to notice large, leathery-winged beasts taking to the skies of modern Montana. A powerful and long-forgotten evil is watching his newly-revived enemies closely. He'll do anything to destroy his bitter foes and their new-found allies--allies that now include Jason Hewes. Paul Smith's debut novel, Jason and the Draconauts is a witty, funny adventure story where an ordinary teen finds himself in an

extraordinary situation, and in doing so, finds himself capable of performing the impossible.

Cruel and Unusual Mar 12 2021 The statistics are startling. Since 1973, America's imprisonment rate has multiplied over five times to become the highest in the world. More than two million inmates reside in state and federal prisons. What does this say about our attitudes toward criminals and punishment? What does it say about us? This book explores the cultural evolution of punishment practices in the United States. Anne-Marie Cusac first looks at punishment in the nation's early days, when Americans repudiated Old World cruelty toward criminals and emphasized rehabilitation over retribution. This attitude persisted for some 200 years, but in recent decades we have abandoned it, Cusac shows. She discusses the dramatic rise in the use of torture and restraint, corporal and capital punishment, and punitive physical pain. And she links this new climate of punishment to shifts in other aspects of American culture, including changes in dominant religious beliefs, child-rearing practices, politics, television shows, movies, and more. America now punishes harder and longer and with methods we would have rejected as cruel and unusual not long ago. These changes are profound, their impact affects all our lives, and we have yet to understand the full consequences.

Nightshade Academy Episode 1: Awakened Vampire Sep 17 2021 Vampirism. An academy made for monsters. A shifter I can't avoid because he fires up my bloodlust. That's what my life has become. I'm used to being the weird girl. When I look at people, I see their auras instead of their faces. But I never thought a vampire would rip out of me when a mysterious man told me these simple words: "Your blood is mine." The timing was too perfect. Right after that, the headmaster of Nightshade Academy kidnapped me before I could hurt someone with my newly "awakened" vampire genes. Now she's making me attend her school until I've relearned how to be a civilized human being. Well, I want out. I just graduated high school, and I'm not doing college. Besides, my mom is probably worried sick about me. Probably. It gets worse when I meet Kian. He's a shifter and one of the most popular students at Nightshade Academy. He's the type of person I avoid, so I hate that I'm drawn to him. His smell is intoxicating. Being near him turns on my bloodlust, and that's when I realize how in trouble I really am. If I can't control this bloodlust, I'm going to kill someone.
