The Detox Book, 3rd Edition Jan 23 2022 We live in a toxic world. Environmental pollution and disease-causing germs assault us continually day after day. Our food is nutrient deficient and our water supply dangerously contaminated. People today are exposed to chemicals in far greater concentrations than were previous generations. Thousands of tons of man-made chemicals and industrial pollutants are poured into our environment and our food supply daily. With such a massive attack on our health we should all be sick from toxic overload. And we are! In no other time in the history of the world has degenerative disease been as prominent as it is today. Diseases that were rare or unheard of a century ago are now raging upon us like a plague. Millions are dying from diseases that were virtually unknown in the past. Experts tell us that by the time we reach middle age, each one of us will have already been affected by either cancer, cardiovascular disease, or some other serious degenerative condition. Conventional medicine has no sure cure. Drugs, surgery, and radiation treatments can be as dangerous and debilitating as the diseases they attempt to cure. Nature, however, has provided us with the solution. Our bodies are amazingly resilient. If the disease-causing toxins are removed, the body will heal itself. This book outlines the steps you need to take to thoroughly detoxify and cleanse your body from these disease-causing agents. You will also learn how to reduce your toxic exposure and how to strengthen your immune system. Through detoxification you will free yourself from the chains of pain, reverse degenerative conditions, gain more energy, feel and look younger, improve your memory, and be happier. Virtually all the diseases of modern society, including many infectious illnesses, can be avoided or even cured by sensible systematic detoxification. Although we live in a toxic world we can take control of our health. This book will show you how. " The Detox Book is highly recommended for health reference collections. " The Midwest Book Review " A comprehensive handbook of detoxification therapies...Chapters give extensive background information on each subject, reports of research, and precise, detailed instructions for self-administration...An encyclopedic look at how we can care for and cleanse our amazingly resilient bodies. " Booklist American Library Association " The Detox Book is an excellent primer on cleansing the body. It provides everything you need to know about detoxification, why you must detoxify, and how to get the best results. I highly recommend this down-to-earth and approachable book as the first step along your journey to health. " Michelle Cook, Health " N Vitality

COVID-19 and the Agendas to Come, Red-Pilled Sep 06 2020 Drawing on statements of numerous scholars from around the world-virologists, epidemiologists, immunologists, pathologists, microbiologists, infectious disease specialists, including Nobel Prize winners, as well as front-line ER physicians and family practice MDs-veteran journalist James Perloff asks hard questions about the global response to COVID-19. -Are the virus's health risks greater than those posed by the lockdowns? -What does the science say about masks and social distancing? -Why were no lockdowns imposed for previous pandemics of comparable magnitude? -How accurate are the death numbers attributed to COVID-19? -Is the virus completely natural, or could bio-engineering have played a role? -Should the world's population take a COVID vaccine developed at "warp speed"? -Why is Bill Gates formulating health policy, even though he has no medical credentials? -How might a "second wave" be different? -Is the COVID crisis being exploited to push us into an Orwellian future of mass surveillance, digital IDs and cashless transactions? Perloff draws from mainstream publications and official government sources such as the CDC, as well as independent researchers whose work is increasingly hard to find online due to censorship by tech giants like Facebook, Google and YouTube. James Perloff has been a journalist since 1985, when he began writing for The New American magazine, and a registered nurse since 1975. His previous books include The Shadows of Power, Tornado in a Junkyard, The Case Against Darwin, Truth Is a Lonely Warrior and Thirteen Pieces of the Jigsaw. A much sought-after broadcast guest, he has appeared on hundreds of different radio shows and podcasts. [The Wild Wisdom of Weeds](#) Mar 25 2022 The Wild Wisdom of Weeds is the only book on foraging and edible weeds to focus on the thirteen weeds found all over the world, each of which represents a complete food source and extensive medical pharmacy and first-aid kit. More than just a field guide to wild edibles, it is a global plan for human survival. When Katrina Blair was eleven she had a life-changing experience where wild plants spoke to her, beckoning her to become a champion of their cause. Since then she has spent months on end taking walkabouts in the wild, eating nothing but what she forages, and has become a wild-foods advocate, community activist, gardener, and chef, teaching and presenting internationally about foraging and the healthful lifestyle it promotes. Katrina Blair ' s philosophy in The Wild Wisdom of Weeds is sobering, realistic, and ultimately optimistic. If we can open our eyes to see the wisdom found in these weeds right under our noses, instead of trying to eradicate an " invasive, " we will achieve true food security. The Wild Wisdom of Weeds is about healing ourselves both in body and in spirit, in an age where technology, commodity agriculture, and processed foods dictate the terms of our intelligence. But if we can become familiar with these thirteen edible survival weeds found all over the world, we will never go hungry, and we will become closer to our own wild human instincts—all the while enjoying the freshest, wildest, and most nutritious food there is. For free! The thirteen plants found growing in every region across the world are: dandelion, mallow, purslane, plantain, thistle, amaranth, dock, mustard, grass, chickweed, clover, lambsquarters, and knotweed. These special plants contribute to the regeneration of the earth while supporting the survival of our human species; they grow everywhere where human civilization exists, from the hottest deserts to the Arctic Circle, following the path of human disturbance. Indeed, the more humans disturb the

earth and put our food supply at risk, the more these thirteen plants proliferate. It ' s a survival plan for the ages. Including over one hundred unique recipes, Katrina Blair ' s book teaches us how to prepare these wild plants from root to seed in soups, salads, slaws, crackers, pestos, seed breads, and seed butters; cereals, green powders, sauerkrauts, smoothies, and milks; first-aid concoctions such as tinctures, teas, salves, and soothers; self-care/beauty products including shampoo, mouthwash, toothpaste (and brush), face masks; and a lot more. Whether readers are based at home or traveling, this book aims to empower individuals to maintain a state of optimal health with minimal cost and effort.

Longevity Now Nov 28 2019 Lose weight, boost your immunity, cleanse your blood and organs, and live longer and happier with this comprehensive five-part approach created by leading nutrition and raw food authority David Wolfe. In Longevity Now, Wolfe exposes the number-one cause of all degenerative illness and aging: calcification. Caused by an excess of calcium and the presence of nanobacteria, calcification can be found in some degree in virtually every adult and even some children. It leads to a plethora of illnesses and manifests as achy joints, hardened arteries, cellulite, cysts, kidney stones, gallstones, dental plaque, cataracts, and bone spurs, among many other health problems. By breaking down calcification and removing parasites, heavy metals, and other "unwanted guests" from your system, you can reverse the aging process and eliminate the prospect of degenerative disease from your future. Part 1 of the Longevity Now Program focuses on supplements to dissolve the buildup of calcium in your system, leading to freer movement, a clearer head, and a lighter step. Part 2 focuses on boosting your immunity, using a variety of supplements to make your body as resilient as possible. Part 3 focuses on rejuvenating each and every cell of your body with nutrient-packed supplements and superfoods. Part 4 focuses on using special electromagnetic grounding technologies to eliminate parasites and reconnect you with the rhythmic cycles of Earth's energy field. Part 5 focuses on deep-tissue bodywork and yoga, so that you can move blocked energy around and break up stagnation in typically unaccessed parts of the body. In addition to all this, Wolfe offers abundant additional information to help you more fully live the Longevity Now lifestyle, such as foods to avoid, healthful alternative sweeteners, delicious recipes, and more tips and tricks to keep you on the path of rejuvenation, radiant health, and full-throttle vitality.
