*No Sure Victory* Apr 02 2020 Conventional wisdom holds that the US Army in Vietnam, thrust into an unconventional war where occupying terrain was a meaningless measure of success, depended on body counts as its sole measure of military progress. In *No Sure Victory*, Army officer and historian Gregory Daddis looks far deeper into the Army's techniques for measuring military success and presents a much more complicated-and disturbing-account of the American misadventure in Indochina. Daddis shows how the US Army, which confronted an unfamiliar enemy and an even more unfamiliar form of warfare, adopted a massive, and eventually unmanageable, system of measurements and formulas to track the progress of military operations that ranged from pacification efforts to search-and-destroy missions. The Army's monthly "Measurement of Progress" reports covered innumerable aspects of the fighting in Vietnam-force ratios, Vietcong/North Vietnamese Army incidents, tactical air sorties, weapons losses, security of base areas and roads, population control, area control, and hamlet defenses. Concentrating more on data collection and less on data analysis, these indiscriminate attempts to gauge success may actually have hindered the army's ability to evaluate the true outcome of the fight at hand--a roadblock that Daddis believes significantly contributed to the many failures that American forces suffered in Vietnam. Filled with incisive analysis and rich historical detail, *No Sure Victory* is not only a valuable case study in unconventional warfare, but a cautionary tale that offers important perspectives on how to measure performance in current and future armed conflict. Given America's ongoing counterinsurgency efforts in Iraq and Afghanistan, *No Sure Victory* provides valuable historical perspective on how to measure--and mismeasure--military success.

**Unmanly Men** Mar 26 2022 This book examines key male characters in Luke-Acts with respect to constructions of gender and masculinity in the Greco-Roman world. Of all Luke's male characters, four in particular problematise elite masculine norms: Zechariah (the father of John the Baptist), the Ethiopian eunuch, Paul, and, above all, Jesus. These men do not conform to the strictures of elite masculinity, for they do not protect their bodily boundaries nor do they embody corporeal control.

I Will Surely Multiply Your Offspring Feb 22 2022 After creating man and woman, God's first

recorded blessing upon them is "be fruitful and multiply." Like the blessings of food and health, the human experience of procreation is so common that we may overlook its importance within the biblical narrative. However, *I Will Surely Multiply Your Offspring*, a comprehensive examination of the progeny blessing, demonstrates that this motif is both prevalent and significant within the Old Testament by tracing its development throughout the redemptive-historical narrative. Viands identifies different progeny blessing traditions associated with the Abrahamic covenant, the Sinai covenant, and the new covenant, and describes their interrelationships as well as their relationship to the universal blessing first found in Genesis 1. This study lays the foundation for a biblical worldview of human proliferation, contributing to contemporary discussions concerning whether humans are obligated to bear children as well as procreation ethics.

*U.S.S. Wahoo (SS-238)* Jul 26 2019 The American fleet type submarine may well have been the single most effective naval weapon of World War II. While the submarine forces never made up more than 2% of the Navy, submarines sank more than half of all Japanese tonnage sunk during the war in the Pacific. One of the most successful boats, Wahoo was credited with sinking 20 enemy ships for a total of 60,038 tons. This volume contains the complete text of the official reports submitted by her two commanding officers, Marvin G. Kennedy and Dudley W. Morton. Also includes an Introduction, notes, and other additional material, including an article on the problems with the Mark 14 torpedo, which were to prove so frustrating for Wahoo during her sixth war patrol.
