*Plain Air* Nov 28 2019 Cat Chong's *Plain Air: An Apology in Transit* is a pamphlet in flux, a diary like inner-monologue without a single full stop, charting the speaker's journeys from A to B yet evoking a bigger change, as the speaker leaves behind student life and wanders into the wider world. 'Plain Air...' contains meditations on disability, opioid use, carbon emissions, food waste and veganism backdropped by extinction rebellion protests and the songs of Oh Wonder. It's a pamphlet of quiet courage, resonant and resolutely rooted in the now.

*The Way of Integrity* Jun 03 2020 OPRAH'S BOOK CLUB PICK A NEW YORK TIMES BESTSELLER 'A roadmap on the journey to truth and authenticity... [The Way of Integrity] is filled with aha moments and practical exercises that can guide us as we seek enlightenment' Oprah Winfrey 'This radiant book will not only change your life, but perhaps even save it' Elizabeth Gilbert 'Martha Beck's genius is that her writing is equal parts comforting and challenging. A teacher, a mother, a sage, she holds our hand as she leads us back home to ourselves' Glennon Doyle \_\_\_\_\_ Bestselling author, life coach and sociologist Martha Beck explains why 'integrity' - being in harmony with ourselves - is the key to a meaningful and joyful life In *The Way of Integrity*, Beck presents a four-stage process that anyone can use to find integrity, and with it, a sense of purpose, emotional healing, and a life free of mental suffering. Much of what plagues us—people pleasing, staying in stale relationships, negative habits—all point to what happens

when we are out of touch with what truly makes us feel whole. Inspired by *The Divine Comedy*, Beck uses Dante's classic hero's journey as a framework to break down the process of attaining personal integrity into small, manageable steps. She shows how to read our internal signals that lead us towards our true path, and to recognize what we actually yearn for versus what our culture sells us. With techniques tested on hundreds of her clients, Beck brings her expertise as a social scientist, life coach and human being to help readers to uncover what integrity looks like in their own lives. She takes us on a spiritual adventure that not only will change the direction of our lives, but bring us to a place of genuine happiness. *West with the Night* May 03 2020 Describes growing up in an Africa that no longer exists, training and breeding race horses, flying mail to Sudan, and being the first woman to fly the Atlantic, east to west **The Book of Two Ways** Oct 27 2019 #1 NEW YORK TIMES BESTSELLER • From the author of *Small Great Things* and *A Spark of Light* comes a "powerful" (*The Washington Post*) novel about the choices that alter the course of our lives. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE Everything changes in a single moment for Dawn Edelstein. She's on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on *The Book of Two Ways*—the first known map of the afterlife. As the story unfolds, Dawn's two possible futures unspool side by side, as do

the secrets and doubts long buried with them. Dawn must confront the questions she's never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn't turned out to be the person you are right now?

**Go the F\*\*k to Sleep** Jun 23 2019 The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f\*\*k to sleep." *Go the Fuck to Sleep* is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

*Nighty-Night, Sleep Tight* Aug 25 2019 As night falls and the stars come out, animals all over the world prepare for sleep.

*Waking Up* Apr 13 2021 For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

**Dig Dig Digging** Apr 01 2020 All the favourites are here in this bright, bold picture book for machine-mad little ones - from diggers and tractors, to cranes, bulldozers and more! With fun, rhyming text and vibrant artwork, this is perfect for sharing and reading aloud. Children will love spotting all the details on each page and joining in with all the different sounds; as tractors 'squelch' through the mud and dumper trucks go 'crash!'. Part of the best-selling Awesome Engines range.

**Ugly Love** Jan 11 2021 From Colleen Hoover, the #1 New York Times bestselling author of It Ends With Us, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

**Lord of the Flies** Mar 01 2020 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades,

so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, Lord of the Flies is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on Lord of the Flies by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

**Straight to Hell** Oct 08 2020 The hilarious New York Times bestseller "sharply observes the lives of globe-trotting, overindulging investment bankers" (Entertainment Weekly). "Some chick asked me what I would do with 10 million bucks. I told her I'd wonder where the rest of my money went." —@GSElevator For three years, the notorious @GSElevator Twitter feed offered a hilarious, shamelessly voyeuristic look into the real world of international finance. Hundreds of thousands followed the account, Goldman Sachs launched an internal investigation, and when the true identity of the man behind it all was revealed, it created a national media sensation—but that's only part of the story. Where @GSElevator captured the essence of the banking elite with curated jokes and submissions overheard by readers, Straight to Hell adds John LeFevre's own story—an unapologetic and darkly funny account of a career as a globe-conquering investment banker spanning New York, London, and Hong Kong. Straight to Hell pulls back the curtain on a world that is both hated and envied, taking readers from the trading floors and roadshows to private planes and after-hours overindulgence. Full of shocking lawlessness, boyish antics, and win-at-all-costs schemes, this is the definitive take on the deviant, dysfunctional, and absolutely excessive world of finance. "Shocking and sordid—and so much fun." —Daily News (New York) "LeFevre's workplace anecdotes include tales of nastiness, sabotage, favoritism, sexism, racism, expense-account padding, and legally questionable collusion." —The New Yorker

Little airplane lovers will be tickled to see how bedtime is just the same for their favorite flying vehicles as it is for them, as they come down to earth for sleepy time. "Combining a quiet, nocturnal story with the ever popular subject of flying machines, this is a nifty bedtime book for budding aviators." —Kirkus Reviews

**The Places We Sleep** Sep 26 2019 A family divided, a country going

to war, and a girl desperate to feel at home converge in this stunning novel in verse. Selected for Summer/Fall 2020 Kids Indies Introduce List AND Fall 2020 Kids Indie Next List It's early September 2001, and twelve-year-old Abbey is the new kid at school. Again. I worry about people speaking to me / and worry just the same / when they don't. Tennessee is her family's latest stop in a series of moves due to her dad's work in the Army, but this one might be different. Her school is far from Base, and for the first time, Abbey has found a real friend: loyal, courageous, athletic Camille. And then it's September 11. The country is under attack, and Abbey's "home" looks like it might fall apart. America has changed overnight. How are we supposed / to keep this up / with the world / crumbling / around us? Abbey's body changes, too, while her classmates argue and her family falters. Like everyone around her, she tries to make sense of her own experience as a part of the country's collective pain. With her mother grieving and her father prepping for active duty, Abbey must learn to cope on her own. Written in gorgeous narrative verse, Abbey's coming-of-age story accessibly portrays the military family experience during a tumultuous period in our history. At once personal and universal, it's a perfect read for fans of sensitive, tender-hearted books like The Thing About Jellyfish.

**Girl on a Plane** Feb 09 2021 Jordan, 1970. After a summer spent with her family, fifteen-year-old Anna is travelling back to her English boarding school alone. But her plane never makes it home. Anna's flight is hijacked by Palestinian guerrillas. They land the plane in the Jordanian desert, switch off the engines and issue their demands. If these are not met within three days, they will blow up the plane, killing all the hostages. The heat on board becomes unbearable; food and water supplies dwindle. Anna begins to face the possibility she may never see her family again. Time is running out . . . Based on true events, this is a story about ordinary people facing agonizing horror, of courage and resilience.

**Miles To Go Before I Sleep** Jul 25 2019 'Claire's honest, raw, authentic diaries will be a source of comfort to many'- Miranda Hart At the age of 54 Claire Gilbert was diagnosed with myeloma, an incurable cancer of the blood. The prognoses ranged from surviving only a few months to living for several decades, with no guarantee of which outcome was to be hers. It was a shocking diagnosis into uncertainty, or rather, into only one certainty: death. But Claire discovered that facing her own mortality was liberating. She discovered this through writing letters. Claire asked her siblings and a small group of friends if they would let her write to them with total honesty about what she was going through, as she was going through it. These letters turned out to be a great solace, and gradually her group of 'dear readers' has grown; what she had to say wasn't just of value to herself, but to others, too. The letters chart Claire's journey through diagnosis, chemotherapy and a brutal round of stem cell treatment, and end with the rest of the UK joining her in her immuno-compromised isolation in March 2020, when the coronavirus pandemic hit. Unflinchingly honest and wide-ranging, Claire writes about the restorative role of nature, politics, poetry, humour - and a restless exploration of the spiritual dimension

of death and dying. This is an honest, luminous account of what Claire has gone through and what keeps her going, a deeply spiritual meditation on life and suffering, and an exploration of how faith is no simple solace but provides a whole new plane of meaning during these liminal moments. 'Claire Gilbert's account of the progress of her fatal illness, from diagnosis through various traumatic treatments, is in turn candid, painful, funny, tender, fierce and philosophical. But most of all it is a marvellously enjoyable read depicting the human spirit at its finest: defiant, exuberant, joyous. An example to us all that we can triumph over the cruellest adversity'- Salley Vickers

Why We Sleep Mar 25 2022 "Sleep is one of the most important but least understood aspects of our life, wellness, and longevity ... An explosion of scientific discoveries in the last twenty years has shed new light on this fundamental aspect of our lives. Now ... neuroscientist and sleep expert Matthew Walker gives us a new understanding of the vital importance of sleep and dreaming"-- Amazon.com.

*Changing Planes* Feb 21 2022 "A fantastical travel guide, reminiscent of Gulliver's Travels," from a narrator with "the eye of an anthropologist and the humor of a satirist." —USA Today Hailed by Neil Gaiman as "a master of the craft" and Margaret Atwood as "a quintessentially American writer," Ursula K. Le Guin is at her entertaining, thought-provoking best in this collection of ingeniously linked stories. Missing a flight, waiting in an airport, listening to garbled announcements—who doesn't hate that misery? But Sita Dulip of Cincinnati finds a way to bypass the long lines, the crowded restrooms, the nasty food, the whimpering children and domineering parents, the bookless bookstores, the plastic chairs bolted to the floor. . . . With a kind of twist and a slipping bend, easier to do than to describe, Sita travels not to Denver but to Strupsirts, a picturesque region of waterspouts and volcanoes. Or to Djeyo, where she can stay for two nights with a balcony overlooking the amber Sea of Somue. This new method of "changing planes" enables Sita to visit bizarre societies and cultures that sometimes mirror our own . . . and sometimes open doors into the thrillingly alien. A New York Times Notable Book and Los Angeles Times bestseller, featuring illustrations by Eric Beddows, *Changing Planes* is your boarding pass to fifteen worlds that are vintage Le Guin, from a recipient of the PEN/Malamud Award for excellence in the art of the short story.

*At the Mountains of Madness* Sep 06 2020 At the Mountains of Madness, Lovecraft's incontrovertible masterpiece, written in February-March 1931, is a story details the events of a disastrous expedition to the barren, windswept Antarctic continent, where the secret history of our planet is preserved, amidst the ruins of its first civilization, in September 1930, and what was found there by a group of explorers led by the narrator, Dr. William Dyer of Miskatonic University. Throughout the story, Dyer details a series of previously untold events in the hope of deterring another group of explorers who wish to return to the continent. It uncovers strange fossils and mind-

blasting terror. Since it was originally serialized in the February, March, and April 1936 issues of *Astounding Stories* during the classic pulp era, 'At the Mountains of Madness' has influenced both horror and science fiction worldwide. Lovecraft scholar S.T. Joshi describes the novella as representing the decisive "demythology" of the Cthulhu Mythos by reinterpreting Lovecraft's earlier supernatural stories in a science fiction paradigm.

*Ann Can't Sleep* Sep 18 2021 Everyone's favorite classic animation story (lullaby) is now a kid-friendly, vividly illustrated Ebook picturebook! **The Only Plane in the Sky** Jul 05 2020 NEW YORK TIMES BESTSELLER "This is history at its most immediate and moving...A marvelous and memorable book." —Jon Meacham "Remarkable...A priceless civic gift...On page after page, a reader will encounter words that startle, or make him angry, or heartbroken." —The Wall Street Journal "Visceral...I repeatedly cried...This book captures the emotions and unspooling horror of the day." —NPR "Had me turning each page with my heart in my throat...There's been a lot written about 9/11, but nothing like this. I urge you to read it." —Katie Couric The first comprehensive oral history of September 11, 2001—a panoramic narrative woven from the voices of Americans on the front lines of an unprecedented national trauma. Over the past eighteen years, monumental literature has been published about 9/11, from Lawrence Wright's *The Looming Tower*, which traced the rise of al-Qaeda, to The 9/11 Commission Report, the government's definitive factual retrospective of the attacks. But one perspective has been missing up to this point—a 360-degree account of the day told through the voices of the people who experienced it. Now, in *The Only Plane in the Sky*, award-winning journalist and bestselling historian Garrett Graff tells the story of the day as it was lived—in the words of those who lived it. Drawing on never-before-published transcripts, recently declassified documents, original interviews, and oral histories from nearly five hundred government officials, first responders, witnesses, survivors, friends, and family members, Graff paints the most vivid and human portrait of the September 11 attacks yet. Beginning in the predawn

hours of airports in the Northeast, we meet the ticket agents who unknowingly usher terrorists onto their flights, and the flight attendants inside the hijacked planes. In New York City, first responders confront a scene of unimaginable horror at the Twin Towers. From a secret bunker underneath the White House, officials watch for incoming planes on radar. Aboard the small number of unarmed fighter jets in the air, pilots make a pact to fly into a hijacked airliner if necessary to bring it down. In the skies above Pennsylvania, civilians aboard United Flight 93 make the ultimate sacrifice in their place. Then, as the day moves forward and flights are grounded nationwide, Air Force One circles the country alone, its passengers isolated and afraid. More than simply a collection of eyewitness testimonies, *The Only Plane in the Sky* is the historic narrative of how ordinary people grappled with extraordinary events in real time: the father and son working in the North Tower, caught on different ends of the impact zone; the firefighter searching for his wife who works at the World Trade Center; the operator of in-flight telephone calls who promises to share a passenger's last words with his family; the beloved FDNY chaplain who bravely performs last rites for the dying, losing his own life when the Towers collapse; and the generals at the Pentagon who break down and weep when they are barred from rushing into the burning building to try to rescue their colleagues. At once a powerful tribute to the courage of everyday Americans and an essential addition to the literature of 9/11, *The Only Plane in the Sky* weaves together the unforgettable personal experiences of the men and women who found themselves caught at the center of an unprecedented human drama. The result is a unique, profound, and searing exploration of humanity on a day that changed the course of history, and all of our lives.

**Great Circle** Dec 30 2019 NEW YORK TIMES BESTSELLER • A TODAY SHOW #ReadWithJenna BOOK CLUB PICK • The unforgettable story of a daredevil female aviator determined to chart her own course in life, at any cost: an "epic trip—through Prohibition and World War II, from Montana to London to present-day Hollywood—and you'll relish every minute" (People). After being rescued as infants from a sinking ocean liner in 1914, Marian and Jamie Graves are raised by their dissolute uncle in Missoula, Montana. There--after encountering a pair of barnstorming pilots passing through town in beat-up biplanes--Marian commences her lifelong love affair with flight. At fourteen she drops out of school and finds an unexpected and dangerous patron in a wealthy bootlegger who provides a plane and subsidizes her lessons, an arrangement that will haunt her for the rest of her life, even as it allows her to fulfill her destiny: circumnavigating the globe by flying over the North and South Poles. A century later, Hadley Baxter is cast to play Marian in a film that centers on Marian's disappearance in Antarctica. Vibrant, canny, disgusted with the claustrophobia of Hollywood, Hadley is eager to redefine herself after a romantic film franchise has imprisoned her in the grip of cult celebrity. Her immersion into the character of Marian unfolds, thrillingly, alongside Marian's own story, as the two women's fates--and their hunger for self-determination in vastly different geographies and times--collide. Epic and emotional, meticulously researched and gloriously told, *Great Circle* is a monumental work of art, and a tremendous leap forward for the

prodigiously gifted Maggie Shipstead.

More importantly to Caroline, will he do it twice? Matthew "Wolf" Steel hated flying commercial. Luckily his job as a Navy SEAL meant he didn't have to do it very often. He'd been unlucky enough to be assigned a middle seat on the cramped jet, but fortunately for him, the woman next to him was willing to switch seats with him. Hoping for a relaxing flight, Wolf was pleasantly surprised at the good conversation and sense of humor the woman had as they flew 36,000 feet over the countryside. When Caroline boarded the plane to Virginia to move across the country for her new job she never expected to be seated next to the hottest guy she'd ever seen. She also never expected he'd be so easy to talk to. She knew he'd never be interested in talking to her if he hadn't been trapped in the seat next to her, but it was a nice way to spend a long plane ride. Neither Wolf nor Caroline were prepared for a terrorist hijacking of their plane, but if Caroline thought that would be the last time she'd see, or need, Wolf, she'd be sorely mistaken. \*\*Protecting Caroline is a stand-alone love story. It's Book 1 in the SEAL of Protection Series.\*\* --- Read what others are saying about New York Times bestselling author, Susan Stoker: "Susan Stoker is the master of military romantic suspense.
